PLAUTUS.—The Captivi of Plautus. Edited, with an Introduction, Textual Notes, and a Commentary, by W. LINDSAY, Fellow of Jesus College, Oxford. Demy 8vo. 10*s.* 6*d.* net.

For this edition all the important MSS. have been re-collated. An appendix deals with the accentual element in early Latin verse. The commentary is very full.

MURRAY'S HANDY CLASSICAL MAPS.

A NEW SYSTEM.

Edited by G. B. Grundy, M.A., Brasenose College, Oxford.

The Maps in Sir William Smith's Classical Atlas, engraved at a cost of several thousands of pounds, are regarded as among the best of the kind in existence, but hitherto they have only been published in a costly form, practically inaccessible to school-boys and many students.

Mr. G. B. Grundy, of Brasenose College, Oxford, whose name is a sufficient guarantee that the work will be done in the best and most scholarly manner, has undertaken to edit the series, to bring it up to date in the light of modern research, and to make it suitable for School and College use. In co-operation with some of the best geographers of the day, he has already almost completed the revision of the selected maps.

The form of their issue is entirely novel, and will, we think, commend itself to teachers. The maps will be published *separately*, mounted on cloth, with an index of names, and folded in a cover similar to those used for tourist and cycling maps, though somewhat larger.

By this means, instead of having to purchase at one time and bring into School or Lecture Room an expensive and bulky atlas, the student will be enabled to carry only the map required for the lecture or lesson in hand.

As the maps will be sold separately, an economy will suggest itself, since many students will not require the whole series.

The old method of engraving and hatching the mountain ranges has been supplemented by colouring the contours with flat brown and green tints, which is now recognised as the best and most intelligible way of denoting the configuration of the land.

"This method of showing physical features is most effective, and lends the maps a value which is possessed by no other classical atlas known to us. . . . . We recommend all schoolmasters and students who care for geographical matters to look at these maps."—*Athenæum.*

". . . . May be taken as correct and up-to-date. . . . Both attractive to the eye and informing to the mind."—*Manchester Guardian.*

Well printed, handy and convenient in form, and bound in the dark or light blue of either University, these small volumes have everything external in their favour. As to their matter, all are to be entrusted to competent men, who, if they follow in the steps of the first two writers, will produce records full of interest to everybody who cares for our old Universities."

Each volume is written by someone officially connected with the College of which it treats (or at least by a specially qualified member of that College), and contains from 200 to 300 pp. crown 8vo. The illustrations contain reproductions of old views and modern views of the buildings, grounds, etc. The text deals with: (1) the History of the College from its Foundation; (2) the Growth of the Buildings; (3) the connection of the College with any important Social, Political, or Religious events; (4) the chief Benefactions made to the College; (5) the Contents of the College Library; (6) the Plate, Windows, and other accessories; (7) the best known and other notable but less well-known Members of the College.

Brett's Commentaries on the present Laws of England. By Thomas Brett, B.A., LL.D.(Lond.), late Scholar and Student of Trinity College, Dublin; Exhibitioner in Real Property and Equity; Holder of the First Certificate of Honour, Michaelmas, 1869; of the Middle Temple, Barrister-at-Law, Author of "Leading Cases in Modern Equity," and Joint Author of "Clerke and Brett's Conveyancing Acts, 1881—82."

The main idea of this book is to bring into special prominence the present and living law, and only to deal with past law, or that which is practically obsolete, so far as it is necessary to enable the reader to understand the present.

"We are glad to observe in the present edition the marks of careful revision . . . It is a comprehensive outline of existing English law, contained in a marvellously small compass, well arranged and so contrived, by the insertion of illustrative cases and extracts, as to be interesting, instead of repulsive, to the student."—*Solicitors' Journal.*

PURCHASES.—The Society purchases Reversions and Remainders, whether absolute or contingent, Life Interests, whether in possession or deferred, and generally all Interests (in approved property) that depend upon the duration of human life.

LOANS.—The Society also grants Loans on the security of such Interests, either on ordinary Mortgage or by way of Reversionary Charge. The latter mode meets the convenience of borrowers who do not wish to make any payment for either principal or interest until their Reversionary Property falls into possession. The amount to which the Society will then be entitled is fixed at the outset, and does not depend on the time elapsing between the grant of the loan and its repayment. The option of redeeming the charge during the first three or five years can usually be combined with this form of Loan.

It may be mentioned that according to the official returns presented by the Fire Offices to the London County Council, nearly one-ninth of the entire Insurance business in London is transacted by the SUN INSURANCE OFFICE.

MUTUAL ASSURANCE WITH MODERATE PREMIUMS.

THE PREMIUMS are so moderate that, at usual ages for Assurance, £1200 or £1250 may be secured from the first for the Yearly Payment which in most Offices would be charged (with Profits) for £1000 only—equivalent to an immediate and certain bonus of 20 to 25 per cent.

THE WHOLE SURPLUS goes to the Policy-holders on a system at once safe and equitable—no share going to those by whose death there is a *loss* to the Common Fund.

Examples of Premiums for £100 at Death (with Profits).

AGE.	25	30*	35	40	45	50	55

15 Payments ..	£3 8 5	3 12 1	3 18 0	4 5 8	4 16 2	5 11 8	6 9 11

(The usual non-participating Rates of other Offices differ little from these Premiums.)

* A person of 30 may secure £1000 at death by a yearly payment during life of £20 15*s.* This premium would generally elsewhere secure £800 (with profits) only, instead of £1000. Or he may secure £1000 by 25 yearly payments of £26 10*s.*, being thus free of payment before age 55.

The Surplus at last Septennial Valuation amounted to **£1,423,000.**

More than One Half of the Members who died during the period were entitled to **Bonuses**, which, **notwithstanding that the Premiums do not as a rule exceed the non-profit rates of other Offices**, were on the average equal to **an addition of about 50 per cent.** to their policies.

THE ACCUMULATED FUNDS exceed **£11,500,000.**

The Society grants assurances on the lives of those persons only who are, or have been, members of one of the Universities or of some approved Educational Institution. Experience has shown that the average duration of the lives of educated persons is longer than that of the general public, and the limitation of the Society's business has consequently resulted in the accumulation of **Strong Reserves** and the declaration of **Large Bonuses.**

Reserves.—The Valuation made as at April 30th, 1900, was based on the most stringent mortality tables now in use, with 2½ per cent. interest. The resulting reserves amounted to £834,449, or nearly 15 years' premium income.

Bonuses.—Since the establishment of the Society the rate of Reversionary Bonus declared on ordinary Whole-Life Policies has averaged £2 2s. per cent. per annum. As the result of the Valuation of April 30th, 1900, Bonuses were declared at the following rates in respect of each year's premium paid during the preceding quinquennium:

£2 10s. per cent. on Ordinary Whole-Life Assurances.
£2 per cent. on Ordinary Endowment Assurances.

Interim Bonuses of 1½ per cent. per annum on the sum assured are paid for each year from the date of the preceding quinquennial Bonus on all Ordinary Participating Policies becoming Claims in the interval between two quinquennial Bonus declarations, provided that not less than six years' premiums have been paid.

Persons assuring now will participate in respect of five years' profits at the next quinquennial distribution of profits in 1905.

NOTE.—*Policies may be effected on the Discounted Bonus Plan at* **Specially Reduced Premiums.**

Before assuring elsewhere, University and Public School men should write for a copy of the Society's Prospectus to the *Actuary and Secretary*, University Life Assurance Society, 25, Pall Mall, London, S.W.

OBSERVATIONS.

The Divinity, Law, and Physic Schools are open during the whole of every Term, and the keeping of all Acts is entirely at the discretion of the respective Professors.

All Festivals, Saints' Days, and Sundays, are surplice-days, and the evenings preceding are surplice-evenings.

On Litany days the Doctors and Noblemen wear their robes, and the Proctors their congregation-ruffs.

The Scarlet Days are Christmas Day, Easter Day, Ascension Day, Whitsunday, Trinity Sunday, All Saints' Day, the First Sunday in November (the day for the Commemoration of Benefactors), Commencement Tuesday (the Tuesday next preceding June 24), and any other days for which the Vice-Chancellor gives notice.

UNIVERSITY OF CAMBRIDGE.

HINC LUCEM ET POCULA SACRA.

DEUM TIMETO: REGEM HONORATO: VIRTUTEM COLITO: DISCIPLINIS BONIS OPERAM DATO.

Statutes of the University.

THE UNIVERSITY of CAMBRIDGE is an incorporation of students in all and every of the liberal arts and sciences, incorporated (13th Eliz. c. 29) by the name of "*The Chancellor, Masters, and Scholars of the University of Cambridge.*" In this commonwealth are seventeen Colleges, and one Public Hostel, founded for the study of learning and knowledge, and for the better service of Church and State. All these societies have been founded since the beginning of the reign of King Edward I.[1] and are maintained by the endowments of their several founders and benefactors. Each (the Public Hostel included) is a body corporate, bound by its own statutes; but is likewise controlled by the paramount laws of the University. A New Code of Statutes for the University was approved by Queen Victoria in Council in 1882.

The several societies in this literary republic furnish members both for the executive and for the legislative branch of its government. There are also members of the University who are not members of these societies. The legislative body of the University is called the Senate, and the place in which it assembles is called the Senate-House.

The Chancellor, Vice-Chancellor, Doctors of Divinity, Law, Medicine, Science, and Letters, Doctors of Music who before being admitted to their first degree have kept by residence at least nine terms, Bachelors of Divinity[2], and Masters of Arts, Law, Surgery and Music, having their names upon the University Register, have votes in this assembly. Those whose

2 Those Bachelors of Divinity who are Members of the Senate deduce their privilege from having previously taken the degree of Master in another faculty.

names are removed from the Register lose the right of voting, but may recover it by replacing their names on the Register and paying all University dues from the time of removal of their names, 180 days being first allowed to elapse after the replacing of the names.

The Council of the Senate was established by the Act 19 and 20 Vict. cap. 88. Nothing can be offered to the Senate for confirmation without the sanction of the Council. The term Grace is used of a proposal offered to the Senate or confirmed by it.

The COUNCIL consists of the Chancellor, the Vice-Chancellor, four heads of Colleges, four Professors of the University, and eight other Members of the Senate chosen from the Electoral Roll published by the Vice-Chancellor. Two of the heads of Colleges, two of the Professors, and four other Members of the Senate are elected on the seventh of November in every other year by the Persons whose names are on the Electoral Roll, and they all hold office for four years.

The Electoral Roll is published in October each year, and is thenceforth the Electoral Roll for the year thence next ensuing. It consists of Members of the Senate who have resided within the precincts of the University for fourteen weeks at the least between the first day of the said October and the first day of the preceding October, together with all Officers of the University being Members of the Senate, the Heads of Houses, the Professors and the Public Examiners.

Before the beginning of each Term the Vice-Chancellor publishes a list of the several days of that Term on which a Congregation or assembly of the Senate will be held for transacting University business; these fixed days occur about once a fortnight; but, in case of emergency, the Vice-Chancellor summons a special Congregation. There can be no Congregation without the presence of the Chancellor or the Vice-Chancellor or his deputy, the two Proctors, and the Registrary, or their deputies. Except supplicats for degrees, no Grace can be offered to the Senate without three days' previous notice, unless at least *twenty* Members of the Senate are present. Graces remain in force till they are rescinded; but no Grace is valid which is inconsistent with the Statutes.

The executive branch of the University is committed to the following officers:—

A CHANCELLOR, who is at the head of the University to govern it according to the Statutes. He adjudicates in all causes between members of the University except in matters of mayhem and felony.

A HIGH STEWARD, who has special power to take the trial of scholars impeached of felony within the limits[1] of the University,

1 The jurisdiction of the University extends a mile every way round reckoned from any part of the suburbs.

and to hold and keep a leet according to the established charter and custom. He appoints a Deputy by letters patent, the appointment being subject to the approval of the Senate.

A VICE-CHANCELLOR, who in the absence of the Chancellor, or, with his consent, in his presence, or in the vacancy of the office, acts with the full powers of the Chancellor. The office is annual.

A COMMISSARY, who holds a court of record for all privileged persons, and scholars under the degree of M.A. He is appointed by the Chancellor by letters patent.

The SEX VIRI, elected by Grace of the Senate, to hold office for two years; who, with the Chancellor, constitute a Court to hear all accusations against members of the University, who are not *in statu pupillari*, for offences against the Statutes or Ordinances of the University. The Court has the power of punishing offenders by deprivation or suspension of degree, or any lighter sentence; but there is liberty of appeal to the Senate from its decision. The Court of Discipline for persons *in statu pupillari* consists of the Chancellor and six Heads of Colleges appointed by Grace.

A PUBLIC ORATOR, who is the voice of the Senate upon all public occasions. He writes letters in the name of the University, whenever the Chancellor and Proctors think fit, and presents to all honorary degrees with an appropriate speech.

A LIBRARIAN, who has charge of the University Library.

A REGISTRARY, who attends all Congregations and all public proceedings of the Chancellor or of the University, records proceedings, and has charge of all writings and documents delivered to him by the Chancellor.

An ASSISTANT REGISTRARY, who must be a member of the Senate, and who is under the general direction of the Registrary, and is appointed by him with the consent of the Vice-Chancellor.

Two PROCTORS, who are peace-officers, elected annually. It is their duty to attend to the behaviour of all persons *in statu pupillari*, and to maintain public morals. Another part of their duty is to be present at all Congregations of the Senate, to read the Graces, to take the assent or dissent, and to pronounce the same.

Two PRO-PROCTORS, who assist the Proctors in that part of their duty which relates to discipline and the behaviour of persons *in statu pupillari*, and the preservation of public morals; they also attend all Congregations.

Two ADDITIONAL PRO-PROCTORS, who assist the Proctors in like manner as the other Pro-Proctors. They attend Congregations when requested by the Vice Chancellor.

Two ESQUIRE BEDELLS, who attend the Chancellor (or, in his absence, the Vice-Chancellor), whom they precede with their

silver maces upon all public occasions and solemnities; they receive from him the Graces at Congregations, and deliver them to the Proctors; they summon members of the Senate to the Chancellor's Court; they see to the maintenance of the University ceremonies and the forms of conducting public business.

The UNIVERSITY MARSHAL is appointed by the Vice-Chancellor.

The TWO MEMBERS, whom the University sends to the Imperial Parliament of the United Kingdom of Great Britain and Ireland, are chosen by the Members of the Senate.

The UNIVERSITY COUNSEL are appointed by Grace of the Senate, and are consulted upon various occasions.

The SOLICITOR is appointed by the Vice-Chancellor.

SYNDICS are the members of special committees of members of the Senate, appointed by Grace from time to time for specific duties.

There are SPECIAL BOARDS OF STUDIES for departments of study, consisting of Professors, and of persons appointed from time to time by Grace; and there is a GENERAL BOARD OF STUDIES, consisting of the Vice-Chancellor, one member of each Special Board elected by that Special Board, and eight members of the Senate elected by Grace.

The ANNUAL INCOME of the University arises from various sources, amongst which are

The Rectory of Burwell and a farm at Barton:

The produce of fees at matriculation, at certain examinations, and for degrees, and other irregular sources of income not easily enumerated, the gross amount of which is very variable:

The trading profits of the UNIVERSITY PRESS:

A Tax paid quarterly by every member of the University:

Contributions from Colleges, as provided by the Statutes.

For the care and management of the property and income of the University there is a FINANCIAL BOARD, consisting of the Vice-Chancellor, two members of the General Board of Studies elected by that Board, four members of the Senate elected by the Colleges in common, and four members of the Senate elected by Grace on the nomination of the Council of the Senate.

The University Accounts are examined annually by Auditors appointed by the Senate, and a Summary of them is published to the University.

The officers and servants of the University are paid mostly by fixed salaries from the University Chest.

By Statute the TERMS of this University are three, and include 227 days at least. Michaelmas Term begins on October 1. Lent Term ends not later than the Thursday next before Easter Day. Easter Term begins not earlier than the Tuesday next after Easter Day, and ends on June 24.

By Grace of October 12, 1882, Michaelmas Term ends on December 19, and Lent Term begins on January 8; and Lent

Term ends and Easter Term begins according to the following table:

The respective Orders in the several Colleges are as follow:

1. A HEAD of a College or House, who is generally a Doctor in his Faculty. The Head of King's is styled Provost; of Queens', President: of every other College, Master.

2. FELLOWS, who generally are Graduates in one or more of the several faculties. The number of Fellowships in the University is nearly 400.

3. NOBLEMEN GRADUATES, DOCTORS in the several faculties, BACHELORS IN DIVINITY, MASTERS OF ARTS, MASTERS OF LAW, and MASTERS OF SURGERY, who are not on the foundation. The expense of keeping the name upon the boards varies in different Colleges from about £2 to about £4 per annum.

4. BACHELORS of ARTS, LAW, MEDICINE, and SURGERY.

5. FELLOW-COMMONERS, who are generally the younger sons of the nobility, or young men of fortune, and have the privilege of dining at the Fellows' table, whence the appellation originated.

6. SCHOLARS, who are generally foundation members of their respective Colleges, and who enjoy various advantages in conformity with the conditions of their foundation. They are for the most part elected, by direct examination or otherwise, at different periods either prior or subsequent to the commencement of their residence at the University, from the most promising and distinguished Students.

7. PENSIONERS, who form the great body of the Students, who pay for their commons, chambers, &c.

8. SIZARS are generally Students of limited means. They usually have their commons free, and receive various emoluments.

Non-Collegiate Students are admitted members of the University under certain regulations, for the place of which see Index, "Non-Collegiate Students."

MATRICULATION.

Matriculation, or enrolment of the Students' names in the University books, takes place on the day following (or, if that day be Sunday, the day next but one following) the last day of the first quarter of each Term. Students matriculated on any other day than a day of general matriculation pay extra fees[1].

No Student can count any Term before that in which he has matriculated unless he has satisfied the Council of the Senate that his matriculation has been deferred for sufficient cause.

Every Student, before he can be admitted to a degree, must have completed nine terms' residence during three-fourths of each term as a member of a College, or of a Public Hostel, or as a Non-Collegiate Student.

RESIDENCE.

(*See also p.* 154.)

I. *Precincts of the University.* The boundaries in and about Cambridge within which terms shall be kept by residence shall be defined as extending two miles and a half from Great St Mary's Church, measured in a direct line, and shall be called the Precincts of the University.

II. *Residence of Persons* in statu pupillari. A person *in statu pupillari* keeping terms by residence must reside within the precincts of the University

(1) In some College or Hostel, or
(2) In a set of lodgings for which licence has been granted by the Lodging-Houses Syndicate, or
(3) With his parents or parent, or
(4) In his own, or in his hired house, or with his relatives, or in exceptional cases with persons other than his relatives, provided that in each case the permission of the Lodging-Houses Syndicate shall have been obtained on application from the Head of his College or Hostel, or in the case of a Non-Collegiate Student, from the Chairman of the Non-Collegiate Students Board.

Residence shall be reckoned by days. No person *in statu pupillari* shall be considered to have resided during any day unless he shall have resided during some part of such day and of the following night and shall have complied with such other conditions of residence, if any, as may be required by the authorities of his College or Hostel or by the Non-Collegiate Students Board; provided that a part of the day on which such a person completes his residence for the term may be counted as a day of residence.

Provided also that the authorities of the Colleges and Hostels, and of the Non-Collegiate Students Board, shall be empowered to continue their existing practice in the case of such students as have already commenced residence and would be prejudiced by the change.

For the purpose of this regulation the day shall be held to extend from 6 A.M. to midnight.

Residence shall be certified to the University under the hand and seal of the Head of the College or Hostel to which the Student belongs, or of the Chairman of the Non-Collegiate Students Board.

RESIDENCE OF PROFESSORS AND READERS.

1. All Professors and Readers who are governed by Statute B shall, except as hereinafter provided, be required to reside during that portion

[1] See p. 150.

2. Full term shall consist of three fourths of the whole term, reckoned from the first day of full term as hereinafter defined.

The first day of full term shall be :—

3. The General Board of Studies may grant to any Professor or Reader leave to substitute for the residence required of him, in any one term or any part of it, residence for an equal time between July 1 and August 31, provided that the General Board of Studies are of opinion that such leave may be granted without prejudice to the interests of the University.

They may also grant occasional leave of absence for a period not exceeding one term on account of illness or other sufficient special cause on such conditions, if any, as they may think fit. Leave of absence may not be extended, except by Grace of the Senate on the recommendation of the General Board of Studies.

4. A Professor, or Reader, shall be regarded as resident in the University when either

(A) he is domiciled within one mile and a half of Great St Mary's Church and is not habitually absent from home more than two nights in the week, or

(B) he is domiciled within five miles of Great St Mary's Church and habitually spends in Cambridge at least two hours between eight o'clock a.m. and six o'clock p.m. in each of five days in the week, and at least fifteen hours in the week on the whole, and is reasonably accessible at stated times on at least three days in the week.

5. It shall be the duty of each Professor and Reader to notify to the Chairman of the General Board of Studies before the beginning of each full term,

(1) If he keeps his residence under clause (A) of Regulation 4,
the weeks (if any) during the preceding full term in which he has been absent from home more than two nights;

(2) If he keeps his residence under clause (B) of Regulation 4,
(*a*) the weeks (if any) during the preceding full term in which he has not spent in Cambridge at least two hours between 8 a.m. and 6 p.m. in each of five days in the week and at least fifteen hours in the week;
(*b*) his arrangements for accessibility during the preceding term.

For the purposes of these returns each week shall be considered to begin on Sunday, and the portions of full term before the first Sunday in full term and after the last Saturday in full term shall each be reckoned as a week.

6. If in any case the General Board of Studies shall be of opinion that the absences so notified have been excessive and without sufficient cause or that the prescribed conditions of residence have otherwise not been adequately fulfilled, they shall signify the same to the Professor or Reader, and in case the Professor or Reader shall continue to be in the opinion of the Board negligent as to his residence it shall be their duty to report the facts to the Vice-Chancellor and *Sex Viri*.

THE SPECIAL BOARDS FOR PHYSICS AND CHEMISTRY and for BIOLOGY AND GEOLOGY in joint meeting assembled issue the following notice with regard to the First Part of the Examination for the Natural Sciences Tripos.

In the papers set in Part I. of the examination the questions in all the subjects will be of a comparatively elementary character, and will be such as to test a knowledge of principles rather than of details. Specimens may be exhibited for description and determination.

In Physics the questions will be limited to the elementary and fundamental parts of the subject, and, in particular, special attention will be paid to the definition of physical quantities, the general principles of measurement, the configuration and motion of a material system, the laws of motion, the comparison of forces and of masses and the properties of bodies. In Sound, Light, Heat, Electricity and Magnetism, only the fundamental laws, their simpler applications, and the experiments which illustrate them, will be required.

In Chemistry the questions will relate to the leading principles and experimental laws of Chemistry, the properties of the commoner elements and their principal compounds, the outlines of Metallurgy, and simple qualitative and quantitative analysis.

In Mineralogy the questions will be confined to elementary Crystallography, the general properties of minerals and the special characters of those species only which are of common occurrence or of well-known mineralogical importance.

In Geology the questions will be limited to Physical Geography, the interpretation of the structure of the crust of the earth and the history of its formation, so far as to involve only the elementary parts of Palæontology and Petrography.

In Botany the questions will relate to the elementary parts of Vegetable Morphology, Histology, and Physiology; and to the principles of a natural system of classification as illustrated by the more important British Natural Orders. Candidates will be required to describe plants in technical language. Questions will not be set on Vegetable Palæontology or the Geographical Distribution of Plants.

In Zoology and Comparative Anatomy minor details will not be included in the questions relating to classification. Geographical distribution of animals is held to be a part of Zoology, and Comparative Anatomy includes the structure of extinct as well as of recent forms.

Human Anatomy will include the mechanism of the human body, the comparison of its parts with those of lower animals, its development, &c.; but the questions will be of a simple and elementary character.

In Physiology the questions will be of a comparatively elementary character.

A practical examination will be held in each of the above subjects.

One of the Bedells carries the Supplicats to the Proctors; the Senior reads them, and, if all are approved, he says, *Omnes placent.* But, if any are disapproved of, he says, *A.B. &c. non placent, reliquæ placent.* The Supplicats are then delivered to the Registrary.

Candidates for degrees must be presented by members of the Senate in full possession of their privileges as such.

The Vice-Chancellor takes the chair before the table, and a Bedell having desired the respective Fathers to be in readiness with their Sons precedes the Father of the Senior Wrangler and his Son to the Vice-Chancellor.

The Father, taking the Senior Wrangler by the right hand, presents him in these words:

Dignissime Domine Domine Pro-Cancellarie, et tota Academia, præsento vobis hunc juvenem, quem scio tam moribus quam doctrinâ esse idoneum ad titulum assequendum baccalaurei in artibus designati; idque tibi fide meâ præsto totique Academiæ.

The Senior Wrangler then kneels down before the Vice-Chancellor, who, taking his hands between his own, admits him in these words,

Auctoritate mihi commissâ admitto te ad titulum baccalaurei in artibus designati, in nomine Patris et Filii et Spiritus Sancti.

Candidates for degrees, belonging to different Colleges are presented by their respective Fathers in the following order: King's, Trinity, St John's, Peterhouse, Clare, Pembroke, Gonville and Caius, Trinity Hall, Corpus Christi, Queens', St Catharine's, Jesus, Christ's, Magdalene, Emmanuel, Sidney Sussex, Downing; then follow members of Public Hostels in the order of date of recognition of their Hostels, and then Non-Collegiates. Four or five Candidates are presented at once, the Father saying, *Præsento vobis hos juvenes quos, &c.*

As soon as they have been presented, they are directed by one of the Bedells to the south side of the Senate-House.

All the Candidates from the same College are admitted in alphabetical order immediately after presentation before those from the College next in order are presented. On the second day of General Admission in the Easter Term there are three Congregations at such hours as the Vice-Chancellor may appoint. At the first of these Congregations the supplicats of Candidates for degrees are presented to the Senate for approval. At the second Congregation the Wranglers and those whose names appear in

the First Class of any Tripos or who have satisfied the Examiners in any Tripos as prescribed in the Regulations for Advanced Students are admitted to degrees in the following order; all the Candidates for the same degree whose names appear in the list of the same Tripos or Part of a Tripos are admitted in the order of the list, the Advanced Students who have satisfied the Examiners in any Tripos being admitted immediately after those whose names appear in the list of that Tripos, and the Candidates from the several Triposes being admitted in the order of seniority prescribed in the Regulations for the Inauguration of Bachelors. At the third Congregation the Candidates for the degree of LL M. are admitted first, then the remaining Candidates, in the order of their Colleges, all the Candidates from the same College for the degrees of B.A. and LL.B. respectively being admitted in alphabetical order immediately after presentation and before the Candidates for either degree from the College next in order are presented.

When the admissions are concluded, the Vice-Chancellor dissolves the Congregation.

At ordinary Congregations, in the case of students who have been approved for the B.A. Degree, all the Candidates from the same College are admitted in alphabetical order immediately after presentation before those from the College next in order are presented.

LOCAL EXAMINATIONS AND LECTURES.

The extra-mural work conducted by the Local Examinations and Lectures Syndicate falls under three heads: I. The Local Examinations; II. The Examination of Schools; III. The Local Lectures.

I. THE LOCAL EXAMINATIONS.

(i) Local Examinations for Senior and Junior Students.

These Examinations were instituted in 1858. They are conducted at various places throughout the country by means of printed papers set by a central body of Examiners and worked by the candidates in the presence of Examiners sent down for that purpose. For seven years the Examinations were open to boys only. In 1865, a Grace of the Senate admitted girls also to the Examinations for 1865, 1866, 1867; and in 1867 girls were put permanently on the same footing as boys, except that the names of the successful Candidates are not given in the Class Lists in the case of girls unless the Candidate desires it.

Candidates are admitted to the Examination for Senior Students without limit of age, but they cannot be placed in one of the Honour Classes unless they are under 19. Candidates taking the Examination for Junior Students must, in order to obtain an ordinary Certificate, be under 18, and they cannot be placed in one of the Honour Classes unless they are under 16. Every Candidate pays to the Syndicate a fee of £1. The local expenses of providing an Examination room, stationery, &c., are borne by the local Committee of Management at each centre of Examination, and to meet these expenses a local fee is charged to each Candidate by the local Committee. This fee is usually from five to ten shillings.

Senior Candidates can procure exemption from the Previous Examination on the following terms:—

From Part I. by shewing a sufficient degree of merit in the Gospel (including the Greek text), in Latin, and in Greek;

From Part II. by shewing a sufficient degree of merit in Arithmetic, in Euclid, in Algebra, in English Composition, and either in Religious Knowledge or in Logic;

From the Additional Subjects by shewing a sufficient degree of merit either in Applied Mathematics, or in French, or in German.

(ii) Higher Local Examination.

Examinations for Women above 18 years of age (now above 17 years of age) were instituted in 1869, and made permanent in 1871. They were thrown open to Men in 1873. They take place in June, and there is a supplementary Examination in December. Candidates must have completed seventeen years of age before the first day of the month in which the Examination is held, or must have obtained an Honours Class in the Senior Local Examination or a Higher Certificate of the Oxford and Cambridge Schools Examination Board with distinction in two subjects. Each Candidate pays to the Syndicate a fee of £2, and £1 for each subsequent Examination.

A Candidate is excused from Part I. of the Previous Examination if he has passed in the New Testament (including the Greek Text), in Latin, and in Greek: from Part II. if he has passed in Arithmetic, in English Language and Literature, in Religious Knowledge or Logic, and in Euclid and Algebra: from the Additional Subjects if he has passed either (*a*) in Statics and Dynamics, or (*b*) in French, or (*c*) in German.

(iii) Preliminary Local Examination.

A Preliminary Local Examination, in which no Students are placed in any Honour Class unless they are under 14, was instituted in 1895. This Examination is held in December at the same time as the Examinations for Senior and Junior Students. Every Candidate pays to the Syndicate a fee of 10*s.* 6*d.*

II. EXAMINATION OF SCHOOLS.

The Syndicate sends Examiners to inspect and report upon schools which make application. In 1899 one hundred and twenty-two schools were thus examined.

III. LOCAL LECTURES.

The purpose of the Local Lectures and Classes (popularly known as "University Extension") is to provide the means of higher education for persons of all ranks and of both sexes engaged in the regular occupations of life. Lecturers are sent to deliver courses of lectures in groups of towns, each lecture being preceded or followed by a "class" for more detailed instruction. The charge, inclusive of everything but local expenses, for a course of 12 lectures and classes is £50. The first courses were arranged by the University of Cambridge in 1873, and the work has been taken up by other Universities and has been carried on in the country with increasing success. In 1886 powers were obtained to affiliate Lecture Centres to the University, and the following have been affiliated:—Derby, Exeter, Hull, Newcastle-upon-Tyne, Norwich, Plymouth, Scarborough, Sunderland.

Full particulars as to the Local Examinations and the Examination of Schools can be obtained from J. N. Keynes, Sc.D., Secretary for Examinations, and as to Local Lectures from R. D. Roberts, M.A., Secretary for Lectures, at the Office of the Syndicate, Syndicate Buildings, Mill Lane, Cambridge.

OXFORD AND CAMBRIDGE SCHOOLS EXAMINATION BOARD.

This Board was formed in accordance with Articles of Agreement signed on Nov. 8, 1873, by representatives of the two Universities.

The Board examines such Schools as have a regularly constituted Governing Body, or prepare a fair proportion of their boys for the Universities, or in any other way give evidence of providing an education of the highest grade. It also grants Certificates to boys under education at School, who are examined under its authority. The Certificate Examination may be combined with the Examination of any School to which the Board appoints Examiners. Candidates under education at a School to which the Board does not appoint Examiners, and from which only a few Candidates are entered, are examined at a few convenient centres.

A School Examination, held under the authority of the Board, may be of one or more of the following kinds:—

(*a*) Such an Examination in the general work of the School, extending either to the whole School or to portions of the School to be selected with the approval of the Board, as will enable the Examiners to report generally upon the School work.

(*b*) Such an Examination in any main subject or subjects of instruction, extending either to the whole School or to portions of the School to be selected with the approval of the Board, as will enable the Examiners to report on the standard reached in that subject or subjects.

(*c*) Such an Examination of the highest division of the School as will enable the Examiners to report upon the general work of that division, and, if required, to place the boys in order of merit, and to award exhibitions, scholarships, and prizes.

There is one Examination for Higher Certificates in each year in July.

The Examination for Higher Certificates includes the following Subjects:—Group I. (1) Latin. (2) Greek. (3) French. (4) German.
Group II. (1) Elementary Mathematics. (2) Additional Mathematics.
Group III. (1) Scripture Knowledge. (2) English. (3) History.
Group IV. (1) Natural Philosophy (Mechanical Division). (2) Natural Philosophy (Physical Division). (3) Natural Philosophy (Chemical Division). (4) Physical Geography and elementary Geology. (5) Biology.

Every Candidate is required to satisfy the Examiners in at least four Subjects taken from not less than three different groups, and no Candidate is permitted to offer more than six Subjects. If however a Candidate satisfy the Examiners in one subject taken from Group II. or IV., he may offer three subjects taken from Group I.; also a Candidate who already holds a Certificate may offer four subjects taken from not less than two different groups.

The Board also examines Girls under the same Regulations as for Boys, with four additional Regulations providing for the option of substituting Italian for Greek, and Music for Natural Philosophy (Mechanical Division), and in being examined in Drawing, and of passing the required four subjects two at a time.

About 5 weeks after the Examinations, a list of all Candidates who have passed is published. To each successful Candidate a Certificate is given, signed by the Vice-Chancellors of the Universities of Oxford and Cambridge, specifying (*a*) the subjects in which the Candidate has passed merely, (*b*) the subjects in which he has passed with distinction. These Certificates confer exemption, under certain conditions, from various Examinations held by public bodies, including the Previous Examination in the University of Cambridge, and the Examination for Responsions in the University of Oxford. The Higher Certificates gained after the year 1895 exempt from the first Part of the Previous Examination when the Candidate has satisfied the Examiners in Scripture Knowledge (showing a knowledge of the Greek Text), and in Greek and Latin; from the second Part, when the Candidate has satisfied the Examiners in Scripture Knowledge, and in Elementary and Additional Mathematics, and English or English Prose Composition; and from the Examination in the Additional Subjects when the Candidate has satisfied the Examiners in I. (*a*) Trigonometry, (*b*) Statics and (*c*) Dynamics, or II. French, or III. German.

The holder of a Certificate gained after the year 1895, shewing that he has passed in Scripture Knowledge and in Elementary and Additional Mathematics (but not in English or English Prose Composition) is excused from the papers other than the English Essay of the second Part of the

Previous Examination, and is required to pass in the English Essay in the second Part of the Previous Examination.

There is an Examination for Lower Certificates in each year, in July.

This Examination includes the following subjects:—Group I. (1) Latin, (2) Greek, (3) French, (4) German; Group II. (1) Arithmetic, (2) Additional Mathematics; Group III. (1) Scripture Knowledge, (2) English, (3) English History, (4) Geography; Group IV. (1) Mechanics and Physics, (2) Physics and Chemistry, (3) Chemistry and Mechanics; candidates may also offer Geometrical Drawing.

Candidates must satisfy the Examiners in five subjects taken from not less than three groups, of which Groups I. and II. must be two; and must answer the questions so as to satisfy the Examiners that they have an adequate knowledge of English Grammar and Orthography.

A Candidate for a Higher Certificate—although he does not gain a Certificate—may be specially exempted from the various parts of the Previous Examination in the following ways:—

From Part I, if he has satisfied the Examiners appointed by the Board at one and the same Examination in one Greek Book (or Unprepared Greek Translation), in one Latin Book (or Latin Prose Composition), in Greek and Latin Grammar, in Unprepared Latin Translation, and in a Prepared Book of the Old or New Testament, showing a satisfactory knowledge of the Greek Text.

From Part II (except the English Essay), if he has satisfied the Examiners appointed by the Board at one and the same Examination in the paper on the Four Gospels, together with the outlines of the history contained in the Old Testament, in Elementary Mathematics and in Algebra and Euclid, as required for passing in Additional Mathematics; and further from the English Essay, if he has satisfied the Examiners in English or English Prose Composition.

From the Additional Subjects, if he has satisfied the Examiners appointed by the Board in Trigonometry, Statics and Dynamics, at one and the same Examination, or in French or in German.

A Candidate who is entitled to such special exemption will receive a statement to that effect, signed by the Secretary of the Cambridge Syndicate.

Information, about both School Examinations and Examinations for Certificates, will be found in the Regulations of the Board, which are published by the Oxford and Cambridge University Presses, and may be procured from their agents. All communications relating to the Examinations should be addressed to one of the Secretaries, E. J. Gross, Esq., M.A., Caius College, Cambridge, and P. E. Matheson, Esq., M.A., New College, Oxford.

Tutor in Psychology and Logic: F. H. Hayward, M.A., B.Sc., London.

Lecturer in School Management: J. Wallis, Head Master of Paradise Street School.

1. Candidates for admission must be men who have obtained a First Class in the Queen's Scholarship Examination. A preference will be given to those who have taken the higher places in that examination.

2. Before candidates are admitted they will be required to produce (1) a certificate of birth; (2) satisfactory testimony as to moral character from two responsible persons; (3) testimonials from Head Teachers and Managers of Schools in which they have been trained. Also in accordance with Art. 117 of the Code, "(*a*) the medical officer of the College must certify that the state of their health is satisfactory, and that they are free from serious bodily defect or deformity; and (*b*) they must sign a declaration that they intend *bonâ fide* to adopt and follow the profession of teacher in a Public Elementary School or Training College."

3. All students must become matriculated students of the University, either as members of a College or as Non-Collegiate Students. They must enter the Training College at the beginning of October and cannot be admitted after October 21, the day fixed by the University for matriculation. There is no examination for matriculation at Cambridge. The University year begins in October and ends in June: it consists of three terms amounting to about twenty-five weeks in all. Residence is obligatory during this period, but students of the Day Training College may find some further residence necessary in order to complete their practical training.

4. No fee is charged for admission to the Day Training College and the whole of the £25 per annum allowed by the Education Department will be paid to the students in instalments as received.

It has been found by experience that the average expenditure of Members of the Day Training College residing as Non-Collegiate Students,

economically in lodgings, during the twenty-five weeks of necessary residence, is between £65 and £75 a year, exclusive of clothes and travelling expenses.

Since the opening of the College a number of Students have held Exhibitions or Scholarships given by different Colleges or by the Non-Collegiate Board to members of the Day Training College. It is probable that this assistance will be continued in the future, but the exact number available in each year is uncertain.

Applications for admission and enquiries are to be addressed to the Principal of the College, Oscar Browning, M.A., King's College, Cambridge.

Licences to keep Lodging-Houses for the residence of persons *in statu pupillari* are granted under the following regulations:—

1. That there be a Syndicate consisting of the Vice-Chancellor, the Proctors, the Proctors of the preceding year, and four other members of the Senate elected by Grace.

2. That one of the said four members shall retire from the Syndicate in every year on Dec. 31, the order for retirement being that of priority of election; and that his place shall be supplied by a person nominated by the Vice-Chancellor, and elected at the next ensuing Congregation.

3. That in the case of a vacancy occurring in any year by the death of one of the said four members, or otherwise, a new member shall be elected as soon as possible to supply the vacant place, and that the person so elected shall continue to be a member of the Syndicate for the same period as that during which the person, whose substitute he is, would have continued.

4. That the Syndicate shall be entrusted with the power of granting licences to the keepers of Lodging-Houses for the residence of persons *in statu pupillari*, subject to such Regulations as may be prescribed by Graces of the Senate: that they shall also have the power of hearing and adjudicating upon all complaints against the keepers of Lodging-Houses, and of suspending or revoking licences whenever it appears to them expedient.

5. That no business shall be transacted at any meeting of the Syndicate unless the Vice-Chancellor or his deputy and four other members at least be present.

6. That the Syndicate shall meet for the purpose of granting licences on the Tuesday after the division of Michaelmas Term.

6*. That the Syndicate be empowered to appoint a Secretary [1], whose duty it shall be to attend the meetings of the Syndicate, to inspect annually all houses in which it is desired to let lodgings, to report thereon to the Syndicate, and generally to assist the Syndicate, as may be ordered from time to time.

That the Secretary be by preference a resident Member of the Senate.

That he be appointed by an absolute majority of the Syndicate for a period not exceeding three years; and that he receive from the University Chest a stipend not exceeding £150 per annum.

7. That all applications for licences shall be sent to the Vice-Chancellor at least one fortnight before the licensing day; and that every application shall state the name, residence, and occupation of the applicant, the number of sets of lodgings for which the licence is required, and the price per week of each set; and shall be accompanied by a Certificate, signed by two persons, one of whom shall be a Member of the Senate of the University, and the other shall be the Incumbent of the parish or district in which the house is situate, or a respectable householder not being himself the keeper of a lodging-house, and by a certificate signed by the Secretary to the Syndicate in the following form:

I hereby certify that I have examined the house of the above-named applicant; that it is capable of accommodating in a proper manner besides the family of the applicant the number of Students proposed in the application; that it is satisfactory from a sanitary point of view; that it is so arranged as to enable the applicant to comply with all the regulations of the Syndicate; that the lodgings are healthy and clean; and that the prices stated above appear to me to be reasonable.

Signed this day of 189 .

Secretary to the Syndicate.

8. That printed lists of the names, residences, and occupations of the applicants, together with the number of sets of lodgings in each house and their respective prices, shall be sent as soon as practicable after the last day appointed for receiving applications to the Master, Tutors, and Deans of every College, accompanied by a request that any remark or objection, which it may seem desirable to make, may be sent in writing to the Vice-Chancellor for the consideration of the Syndicate before the time of licensing, or that the person objecting may attend the Syndicate on the day of licensing and confer with them in person.

9. That registers shall be kept of the names, residences, and occupations (1) of all persons to whom licences are granted on any licensing-day, together with the number of sets of lodgings in each case, and their respective prices, (2) of all persons to whom the Syndicate have refused to grant licences, and (3) of all persons whose licences have been suspended or revoked by the Syndicate.

[1] The present Secretary to the Syndicate is W. W. Buckland, M.A., Caius College.

10. That no licence shall be granted to any person for more than one year, nor beyond certain limits in the Town, such limits to be defined and published from time to time by the Syndicate.

11. That in special cases the Syndicate may grant provisional licences, to continue in force until the end of the next Michaelmas Term, or for any shorter period.

12. That every certificate of licence shall be signed on behalf of the Syndicate by the Vice-Chancellor or his deputy and the two Proctors.

13. That a statement shall be sent after every licensing day to the Master, Tutors, and Deans of every College, containing the names, residences, and occupations of the persons to whom licences have been granted, together with the number of sets of lodgings in each case and their respective prices.

14. That before receiving a licence every applicant shall sign the following declaration and promises:

I declare that the house in which I desire to let lodgings is in my own occupation.

I hereby promise that:

1. I will not let my lodgings to any Student without written permission from his Tutor, and I will not require him to take them for more than one Term certain:
2. I will shew my licence if required to any Student desirous to take my lodgings:
3. Before I receive as lodger any person who is not a member of the University I will obtain written permission from the Syndicate; and also from the Tutor of each Student lodging in my house at the time:
4. I will report to the Syndicate the Names and Colleges of all Students lodging in my house, with such other particulars as the Syndicate may require:
5. At Ten o'clock every night I will lock the outer doors, and securely fasten the shutters of the ground-floor of my house, and I will take means to prevent any one from entering or leaving the house between 10 P.M. and 6 A.M. without my knowledge; and between those hours the outer doors of my house shall not be opened, except by the master or mistress in person, or by a representative approved by the Syndicate:
6. That I will not allow on any account a key of any outer door of my house to any lodger:
7. I will note down the time after Ten o'clock (or such earlier hour as the University or College authorities may direct) at which any Student lodging in my house enters or leaves the house, and will deliver or send by a responsible person a statement thereof once a week (or oftener, if required) to the College authorities, with a special note of occasions on which such Student has so entered or left without his academical dress:
8. In case a Student lodging in my house has not entered or left the house after Ten o'clock during any week I will send a statement to that effect at the end of the week:
9. I will report to the College authorities early the next morning if any Student lodging in my house shall (1) leave the house after 10 P.M., (2) enter after midnight, (3) being confined to gates, enter after the appointed hour, or (4) pass the night out of his lodgings:

10. I will allow none but inmates of the house to have access to the rooms of any Student lodging in my house after 10 P.M., without written permission from his Tutor, except in cases of illness or other urgent necessity:

11. I will not supply or receive into my house for any Student a dinner or supper for more than three persons without written permission from his Tutor:

12. I will not supply or receive into my house for any Student provision for any entertainment whatever on Sunday without written permission from his Tutor:

13. I will not admit hired musicians into my house without written permission from the Syndicate:

14. In case any infectious disorder shall break out in my house, either during Term or in Vacation, I will at once inform the Syndicate.

Ordinary Licences may be granted for rooms in houses situated within the Precincts of the University, which are defined as extending two miles and a half from Great St Mary's Church, measured in a direct line.

A person *in statu pupillari* keeping terms by residence must reside within the precincts of the University

(1) In some College or Hostel, or

(2) In a set of lodgings for which licence has been granted by the Lodging-Houses Syndicate, or

(3) With his parents or parent, or

(4) In his own, or in his hired house, or with his relatives, or, in exceptional cases with persons other than his relatives, provided that in each case the permission of the Lodging-Houses Syndicate shall have been obtained on application from the Head of his College or Hostel, or in the case of a Non-Collegiate Student, from the Chairman of the Non-Collegiate Students Board.

The Syndicate may extend their permission, in such cases, backwards so far as to include the whole of the current term in which such permission is applied for and granted, but no further backwards.

The Syndicate may grant to any person *in statu pupillari*, who has on account of illness or of an accident been removed to a Hospital or Nursing Institution within the precincts of the University, permission to count for the purposes of residence the days in term-time passed therein; provided that in each case the application for such permission accompanied by a suitable medical certificate is made by his Tutor or, in the case of a Non-Collegiate Student, by the Censor, and provided further that the Hospital or Institution has been approved by the Syndicate.

CLASSICAL TRIPOSES. NEW REGULATIONS.

The Examinations are held in Easter Term.

A Student who has obtained Honours in Part I. may be a Candidate for Honours in Part II. following, provided that he has then kept seven terms, and that twelve terms have not passed after the first of the seven.

The names are arranged alphabetically, in Part I. in each division of each class, in Part II. in each class.

In Part II. the letters *b*, *c*, *d*, *e*, appended to the name of a candidate denote the section or sections for which he is placed in the first class. The combination of two letters thus, "*b* with *c*" or "*c* with *d*," indicates that a candidate has obtained a first class on the combined result of two sections. The letter *a* indicates that the candidate to whose name it is appended has also attained a first class standard in section A. The asterisk denotes special distinction.

MORAL SCIENCES TRIPOS. NEW REGULATIONS.

A Student who has obtained Honours in Part I. or in some other Honour Examination, may be a Candidate for Part II. provided that he has kept seven terms and that twelve terms have not passed after the first of the seven.

In Part II. the italic letters appended to the name of a candidate denote the subject or subjects for which he is placed in the first class. The letter *a* denotes the compulsory subjects; a_1, Ethics and Metaphysics; a_2, Ethics and Political Philosophy. The special subjects are denoted by *b*, History of Philosophy; *c*, Advanced Psychology and Psychophysics; d_1 Advanced Logic and Methodology; and *e*, Advanced Political Economy. The combination of two letters, thus *b* with *c*, indicates that a candidate has obtained a first class on the combined result of the two subjects. The asterisk denotes special distinction.

Complete Lists of University Officers, Heads of Houses, Professors, &c., may be found in the Appendix to Graduati Cantabrigienses, *8vo.* 1884.

CHANCELLOR.

THE office of Chancellor is held for two years, or for such a length of time beyond two years as the tacit consent of the University permits. The election of a Chancellor must be completed before the fifteenth day after declaration of a vacancy, and is *more burgensium*. If the vacancy becomes known in Vacation after the end of Easter Term, it is declared on the first day of the ensuing Michaelmas Term. At the time of election the Vice-Chancellor and Proctors stand in scrutiny, and first write their votes. Members of the Senate then bring their votes written in the same form, and the Vice-Chancellor pronounces the election.

REPRESENTATIVES IN PARLIAMENT.

JAMES I., by his Charter in the first year of his reign, granted power to the Chancellors, Masters, and Scholars of the two Universities, to elect and return two persons in each, to represent them in Parliament. At the time of election the two Proctors stand in scrutiny with the Vice-Chancellor, who is the returning officer. The members of the Senate give their votes in writing in person or by voting papers tendered for them.

In every year two Colleges nominate persons for Proctors in the order prescribed in a cycle of 50 years; in which time Trinity and St John's Colleges have each of them eleven turns: King's seven; St Peter's, Christ's, Queens', Clare, Caius, and Pembroke, six each; Corpus Christi, Jesus, Magdalene, Emmanuel, St Catharine's, and Sidney, five each; Trinity Hall three, and Downing College two. Each of the two Colleges nominates one person, who must be a Member of the Senate of at least three years' standing, and must have resided in the University for the major part of each of three terms during the preceding two years. SERMONS IN THE UNIVERSITY CHURCH.

The Vice-Chancellor appoints the preacher of the Ramsden Sermon, the preacher for the afternoon of Commencement Sunday, the preachers for the Assizes, and for extraordinary Fasts and Thanksgivings.

Except for Commencement Sunday and the days assigned to the Hulsean Lecturer and the Preacher of the Ramsden Sermon, Select Preachers are appointed yearly for the Sunday afternoons from the beginning of Michaelmas Term to the end of Easter Term, for the afternoons of Christmas Day, Good Friday, and Ascension Day, and for such Sundays, if any, in the Long Vacation and on such other days as may be appointed by the Vice-Chancellor, after consultation with the Select Preachers' Syndicate.

The Select Preachers are appointed by a Syndicate consisting of the Vice-Chancellor, the four Professors of Divinity, the two Proctors, and four Members of the Senate elected by Grace, who in every year before the end of the Easter Term assign the days for preaching the Hulsean Lectures, and appoint the Select Preachers, for the next academical year; the days on which each Select Preacher is to preach being also determined by the Syndics. If any Select Preacher be prevented from preaching on the days assigned to him, the Syndics appoint another preacher in his place.

Of the said four Members of the Senate one retires by rotation on the 31st of December in every year, and his place is supplied by another elected at the next ensuing Congregation, the retiring Member not being re-eligible at that election.

For every Sermon the Select Preacher is paid a fee of three guineas out of the Common Chest.

BELL SCHOLARSHIPS.

The Rev. William Bell, D.D., Prebendary of the Collegiate church of Westminster, and late Fellow of Magdalene College in this University, transferred, in the year 1810, £15,200 stock, 3 per cents., to the University of Cambridge, in trust, to found eight Scholarships. On the receipt of this benefaction, Scholars were elected in such a manner, and for such a period, that two Scholarships will become vacant every year.

Candidates for these Scholarships must be of not more than one year's standing from the time of their first residence. But if a Scholarship become vacant by any means other than lapse of time, it is filled up not from undergraduates of the first year, but

from undergraduates of the same year as the Scholar who has vacated the Scholarship. Every Scholar elected on this foundation must promise in writing to take the degree of B.A. in the most regular way. Where personal merits are equal, those are to be preferred who stand most in need of assistance. If any Scholar shall degrade or determine to go out in a bye term, or declare for law, or be rusticated or expelled, his Scholarship is to be *ipso facto* vacant. The profits to continue for four years and no more. No person may ever have two sons Scholars, nor may there be two orphans, brothers, Scholars on this foundation at the same time. If no sons or orphans of clergymen of the Church of England be found properly qualified for the Scholarships, then, and then only, the electors are to elect the sons of laymen, being undergraduates, who stand in need of assistance.

The electors are, the Vice-Chancellor, the Regius Professor of Divinity, the Lucasian Professor of Mathematics, and two Members of the Senate appointed by Grace of the Senate at the last Congregation in November in every year. Of the three Examiners, other than the Regius Professor of Divinity and the Lucasian Professor, two shall examine, specially but not of necessity exclusively, in Classics and one in Mathematics. If an *ex officio* elector is prevented from examining, a deputy is to be appointed by Grace of the Senate. The Examination commences on the Monday next after the second Sunday in Lent. The names of Candidates must be made known to the Vice-Chancellor not later than the Monday next before the commencement of the Examination. The election takes place on the Friday after Midlent Sunday. The Electors are required to take account of the ability, learning, character, and pecuniary circumstances of the Candidates.

The numbers (1) and (2) designate the first and second Scholars, actually elected, and receiving the emolument of the Scholarship.

THE THOMAS BARNES SCHOLARSHIP.

John Barnes, Esq. of the Middle Temple, London, proposed to place the sum of £2000, 3 per cent. Consolidated Bank Annuities in the names of certain Trustees, upon Trust, that during the life of his Sister Anne Barnes, the dividends and annual income thereof should be applied for her use and benefit, or, upon certain contingencies, for the benefit of the said Trustees, and that after her death the said Bank Annuities should be transferred to the Chancellor, Masters and Scholars of this University, upon Trust, for the foundation of a Scholarship, to be called "The Thomas Barnes Scholarship," in memory of his Brother Thomas Barnes, M.A., deceased, late of Pembroke College. This proposal was accepted by Grace, Feb. 7, 1844, under the following Regulations:

1. That the first Election of a Scholar on this foundation shall take place as soon as conveniently may be after the decease of the said Anne Barnes, and all subsequent Elections as soon as conveniently may be after the Scholarship shall have become vacant.

2. That the Vice-Chancellor, the Regius Professor of Divinity, the Lucasian Professor of Mathematics, and the two Members of the Senate appointed by Grace to examine for the Bell Scholarships, each for the time being, or their respective Deputies to be appointed by Grace of the Senate, shall elect the Scholars on this foundation, in such manner as they shall determine upon; but that in all such Elections they shall govern themselves conscientiously by the following rule: "In his eligendis præcipua ratio semper habeatur ingenii, doctrinæ, virtutis, et inopiæ; ut quo magis quisque ex eligendorum numero his rebus antecellat, eo magis, ut æquum sit, præferatur." Of the three Examiners, other than the Regius Professor of Divinity and the Lucasian Professor, two shall examine, specially but not exclusively, in Classics and one in Mathematics.

3. That the Candidates for the Scholarship shall be Undergraduates in their first year, and that Undergraduates shall be deemed to be in their first year, if of not more than one year's standing from the time of their first residence; and that this further qualification shall be requisite, viz., that the Candidates shall have been educated on the Foundation of Christ's Hospital, St Paul's School, or the Merchant Taylors' School, in the city of London, and shall have come to the University directly from one of those Schools; but that, if in any case there be found no Candidate so circumstanced, who in the opinion of the Electors is fit to be elected, then the said Scholarship for that turn only shall be thrown open to all the Undergraduates of the University, who are, according to the terms above specified, in their first year.

4. That every Scholar elected on this Foundation shall promise in writing to take a Degree in the most regular manner, by performing the Exercises and undergoing the Examinations appointed by the University for that purpose, and, in case of such promise being broken, the Scholarship shall be *ipso facto* vacant.

5. That the Scholar shall be entitled to the profits of the Scholarship for a period of four years, unless he shall before the expiration of that period die, degrade, go out in a Bye Term, or be rusticated or expelled, in either of which cases the Scholarship shall be *ipso facto* vacant.

6. That the profits of the Scholarship, consisting of the dividends of the said Bank Annuities, shall be paid to the College Tutor of the Scholar for the time being, for the use of such Scholar, as soon as may be after the days on which the said dividends become due.

7. That the said Electors shall be the Auditors of the accounts of this institution.

8. That, when the Electors meet to elect a Scholar, the business shall be entered upon by having the Deed of Foundation, as far as it relates to the Scholarship, read aloud by one of the Electors to the rest.

9. That the University shall have power to alter and determine from time to time, by Grace of the Senate, the Regulations respecting the persons who are to examine the Candidates and elect the Scholars.

ABBOTT SCHOLARSHIPS.

In the year 1871, the Executors of the late John Abbott, Esq. of Halifax in the county of York, offered to the University a sum of £4000 bequeathed by Mr Abbott for the purposes of establishing two Scholarships at the University; this offer was accepted by Grace of the Senate, Feb. 9, 1871. The following are the Regulations:

1. The Electors to these Scholarships shall be the Vice-Chan-

cellor, the Regius Professor of Divinity, the Lucasian Professor of Mathematics, and the two Members of the Senate, appointed by Grace to examine for the Bell Scholarships, provided that, in case any of the *ex officio* Electors be prevented from taking part in the Examination, a Deputy shall be appointed in each case by Grace of the Senate. Of the three Examiners, other than the Regius Professor of Divinity and the Lucasian Professor, two shall examine, specially but not exclusively, in Classics and one in Mathematics.

2. The Candidates for these Scholarships shall (except in cases hereafter specified) be Undergraduates in their first year, and Undergraduates shall be deemed to be in their first year, if of not more than one year's standing from the time of their first residence. Among such Candidates, sons or orphans of Clergymen in the Church of England who stand in need of assistance to enable them to obtain the benefit of an University Education shall be chosen, if there be any in the opinion of the Electors sufficiently deserving: if not, sons of Laymen, being Undergraduates who stand in need of assistance, may be chosen. Other things being equal, Candidates born in the West Riding of the County of York shall have the preference.

3. The Examination shall commence on the Monday next after the second Sunday in Lent.

4. The names of the Candidates for the vacant Scholarships shall be made known to the Vice-Chancellor by their respective Tutors not later than the Monday next before the commencement of the Examination.

5. Each Scholar when elected in his first year of residence shall be entitled to receive one-half of the annual profits of the endowment for a period of three years, unless he shall before the expiration of that period die, or be rusticated or expelled, in any of which cases the Scholarships shall be *ipso facto* vacant.

6. If at any time a Scholarship shall become vacant before the expiration of the term of three years, another Scholar shall, as soon as conveniently may be, be chosen for the remainder of the said term from among Undergraduates of the same year as that of the Scholar whose Scholarship has been vacated before the proper time.

7. Neither of these Scholarships shall be tenable with a Bell Scholarship or with the Barnes Scholarship.

TYRWHITT HEBREW SCHOLARSHIPS.

The Rev. Robert Tyrwhitt, M.A. Fellow of Jesus College, who died in 1817, by his Will bequeathed £4000 for the promotion of the study of Hebrew.

The Senate in 1818 decreed the foundation of three Scholarships, increased in 1826 to six. The following are the Regulations:

1.—That there shall be six Scholarships, called Tyrwhitt's Hebrew Scholarships.

2.—That the candidates for these Scholarships shall be, first, (*actualiter*) Bachelors of Arts or Inceptors who are not of sufficient standing to be created Masters of Arts; or secondly, Students in the Civil Law or Medicine, of not less than four or more than seven years' standing, who shall be required, before they are admitted to become candidates, to produce certificates from their respective Professors, that they have kept the exercises necessary for the degree of Bachelor of Law or Physic.

[1]3.—That out of the net annual proceeds of Mr Tyrwhitt's Benefaction the sum of £150 be divided among the six Scholars, in the proportions hereinafter specified.

4.—That the electors to these Scholarships shall be the Vice-Chancellor, the Regius Professor of Hebrew, the Professor of Arabic, and two members of the Senate, to be nominated by the different Colleges according to the cycle of Proctors, and appointed by Grace of the Senate at the last Congregation in November in each year.

5.—That, if the Regius Professor of Hebrew, or the Professor of Arabic, or both of them, shall decline, or be prevented from examining, a deputy or deputies shall be appointed by a Grace of the Senate.

6.—That, if it shall happen at any time, that two of the offices severally constituting electors are united in the same person, the deputy for the elector in respect of one of the said offices shall be the Lord Almoner's Reader in Arabic; but, if in any case the Lord Almoner's Reader shall decline the office of deputy examiner, or shall be prevented from undertaking the said office, a deputy examiner shall be appointed in his place by a Grace of the Senate.

7.—That, if the Vice-Chancellor, the Regius Professor of Hebrew, the Professor of Arabic, or any two of them, shall be members of the same College, no elector shall in that case be appointed by that College according to the cycle of Proctors; but the appointment shall be made by a Grace of the Senate.

8.—That the appointment, when requisite, of an examiner or examiners by Grace of the Senate take place at the first Congregation of the Lent Term of the year, and that the examiner or examiners so appointed continue in office until the first Congregation in the Lent Term of the following year.

9.—That the examination for these Scholarships commence annually on the second Tuesday in May; and that persons intending to be candidates send in their names to the Vice-Chancellor on or before the twenty-fifth day of April.

10.—That two Scholars be elected in each year; that the first in the order of merit of these two receive an annual stipend of £30,

1 In consequence of successive reductions of interest of the Stock, in which Mr Tyrwhitt's Benefaction was invested, the sum received by the University became reduced to 135*l.* per annum. To meet the deficiency a Subscription was opened, and a fund amounting to 400*l.* Exchequer Bills and 86*l.* was offered to the Senate, and accepted by Grace, June 12, 1862.

and the second an annual stipend of £20, for three years from the time of election. That in case of equality of merit the stipend of each be £25.

11.—That, if it should appear in any case to the majority of the electors that no one of the candidates is deserving of a Scholarship with the stipend of £30 a year, it shall be competent for them to elect one or two Scholars, each with a stipend of £20 a year.

12.—That, in case there shall be a deficiency of deserving candidates for the two Scholarships in any year, the electors shall have power, in the second or third succeeding year, to elect additional Scholars into the vacancy, or vacancies, thus occasioned; after which time the stipends, belonging to the Scholarships which have not been filled up, shall be appropriated in the manner appointed in the next regulation.

13.—That the residue of the net annual proceeds of Mr Tyrwhitt's benefaction, not already disposed of by the third regulation, together with all accumulations which may arise under the twelfth regulation, shall form a fund to be expended in the promotion and encouragement of Hebrew Literature, at the discretion of the examiners, provided that not more than a third part of such fund be expended in any year.

14.—That the accounts of this Bequest be kept distinct from the general Accounts of the University, and be annually audited by the electors in Michaelmas Term before the first of November; and, being so audited, shall be laid on the Registrary's Table in the Senate-House at the next Congregation, for the inspection of the Senate.

The following Grace passed the Senate, *May* 8, 1842:—

"That the Examiners shall publish the names, arranged in the order of merit, of such candidates as pass the examination with credit."

In 1832 three Theological Scholarships were founded from the sum of £2000. The following are the Regulations (Grace Feb. 25, 1897):

1. The Crosse Scholarships shall be open to competition to such persons under the standing of Masters of Arts as are Bachelors of Arts or Bachelors Designate in Arts or have passed the first Part of any Tripos and have kept by residence at least eight terms.

2. The annual Examination shall begin on the Tuesday next after the first Sunday in Advent.

3. The Electors shall be the Vice-Chancellor, the Regius, Lady Margaret, Norrisian, Hulsean, and Ely Professors of Divinity, the Regius Professor of Hebrew, the Regius Professor of Greek, the Professor of Arabic, and the Dixie Professor of Ecclesiastical History.

4. The Electors shall before the division of the Easter Term in every year out of their own number or from other Graduates of the University choose three Examiners at the least to conduct the Examination in that year. If any of such Examiners be not one of the Electors, his name shall be submitted to the Senate for approval. The Examination and election in the following Michaelmas Term shall be conducted by the Examiners thus appointed.

5. One Scholar shall be elected in each year, provided that a duly qualified Candidate shall have presented himself.

9. In case no election is made in any year the stipend belonging to the Scholarship shall be carried to a Reserve Fund, out of which a second Scholarship may be awarded, or the stipends of two Scholars of equal merit may be increased, or grants may be made by the Examiners to deserving Candidates. To the same Fund shall be carried the remainder of the stipend of a Scholarship which shall have been vacated after a shorter tenure than two years.

10. Any portion of the Reserve Fund may on the recommendation of the Electors be invested and added to the capital of the Fund.

11. The Examiners shall have power to publish the names,

arranged in order of merit, of such Candidates as shall pass the Examination with credit.

12. The Electors shall have power, subject to the provisions of the Statute for the Crosse Scholarships, to publish from time to time supplementary regulations for the conduct of the Examination and to mark out lines of study.

WHEWELL SCHOLARSHIPS FOR INTERNATIONAL LAW.

The Rev. William Whewell, D.D., late Master of Trinity College, made provision by his will for the establishment of Scholarships of International Law, which were accepted by Grace of the Senate, Dec. 12, 1897.

The following Regulations were approved by Grace of the Senate May 12, 1898.

1. There shall be eight Scholarships in the University of Cambridge to be called Dr Whewell's Scholarships of International Law. Four of them shall be of the value of £100 a year and four of the value of £50 a year. Provided that if the clear

surplus rents and income appropriated for the endowment of the Scholarships shall in any year fall short of the amount required to pay the Scholars in full, then for that year the payments to the Scholars shall abate proportionately but so that the payments made shall not in such case be less than the whole of such clear rents and income for that year.

2. The Electors shall be the Vice-Chancellor, the Master of Trinity College, the Regius Professor of Civil Law, the Professor of Moral Philosophy, the Downing Professor of the Laws of England, and the Professor of Political Economy. The election of the Scholars and the decision of such other questions as may come before the Electors shall be by a majority of the Electors, and in case of an equality of votes the Master of Trinity College shall have a double or casting vote.

3. An Examination and election shall be held every year between the division of the Michaelmas Term and the end of the year, and the names of Candidates together with such evidence of their age and moral character as may be required must be sent to the Secretary of the Council of Trinity College on or before the last day of October next preceding the Examination.

4. The Scholarships shall be open to all persons whether already members of the University or not who are under the age of twenty-five on the 1st day of January next ensuing after the election and who shall have produced satisfactory evidence to the Council of Trinity College of their age and that they are of good moral character. Provided that no one who has once gained a Scholarship shall be allowed to present himself for examination in any subsequent year.

5. Two Scholarships one of the value of £100 a year and one of the value of £50 a year shall be offered for competition at each annual examination. Provided that it shall be competent for the Electors at their discretion to leave either or both of such Scholarships vacant or to divide such Scholarships taken together equally between two or among three Candidates.

6. Subject to these regulations every Scholar shall hold his Scholarship for two years from the 1st day of January next after his election. And every Scholar who has not resigned, forfeited, or been deprived of his Scholarship may be re-elected (but without examination) to a Scholarship for a further period of two years on submitting to the Electors on or before the 29th day of September immediately preceding the vacating of his Scholarship (being not more than two years from the 1st day of January next after his first election to a Scholarship) a dissertation or other piece of work on International Law which the Electors shall deem sufficient. Provided that the Scholarship to which any Scholar is re-elected may be of the value of either £100 a year or £50 a year notwithstanding that the Scholarship to be vacated by him may be of a less or greater value. Provided also that it shall not be competent

for the Electors to make any such re-election as shall increase (either immediately or by the operation of Rule 5 hereof in subsequent years) the total annual sum payable in respect of the Scholarships beyond the sum of £600 or such other sum as may for the time being be the full annual value of all the Scholarships (including vacant Scholarships) then subsisting.

7. Every person elected to a Scholarship shall be required

(i) If not already a matriculated member of the University to matriculate forthwith,

(ii) If not already either a member of some College or Hostel in Cambridge or a Non-Collegiate Student of the University to become forthwith a member of Trinity College. Provided that any person elected to a Scholarship and being already a member of another College or a Hostel in Cambridge or a Non-Collegiate Student of the University shall be entitled upon application but shall not be required to become a member of Trinity College.

8. Every Scholar shall during his tenure of the Scholarship keep every Term by residence in accordance with the regulations of the University with reference to the residence of persons *in statu pupillari* unless and until he shall either before or after or partly before and partly after his election have kept by residence at least six Terms.

9. Every Scholar who is required by these rules to matriculate shall forfeit one-third of his stipend for the year in respect of every Term previous to that in which he matriculates: and every Scholar who is required by these rules to keep Terms by residence shall forfeit one-third of his stipend for the year in respect of every Term which he fails to keep by residence.

10. Every Scholar who being required to matriculate shall have failed for 6 months after his election to matriculate or who being required to keep Terms by residence shall have failed for three consecutive Terms to keep a Term by residence shall thereupon forfeit his Scholarship and be disqualified for re-election. Provided always that the Council of Trinity College may for grave cause approved by them relieve any Scholar from any forfeiture or disqualification incurred under this or the preceding rule.

11. If any person shall have held a Scholarship for a part only of the year he shall be entitled (subject to the provisions herein contained regarding forfeiture of emoluments) to one-third of the stipend of such Scholarship for the year in respect of each Term or part of a Term greater than one-half during which he shall have held the Scholarship.

12. All monies arising from the clear surplus rents and income aforesaid which by reason of the vacancy of any Scholarship or the forfeiture under these regulations of the stipend or any part of the stipend of any Scholarship shall not be applied to the payment of the Scholars in any year may if the Council of Trinity College so direct be employed either for making up the amount

required to pay the Scholars in full in other years in which such clear rents and income may fall short of such amount or for increasing by such sum and for such period as the Council of Trinity College may think fit the value of any one or more of the existing Scholarships or for providing one or more temporary additional Scholarships of such value or values and subject to such regulations and conditions as the Council of Trinity College may think fit. Provided that subject to the power by this regulation reserved to the Council of Trinity College and so far as the same shall not be exercised all such monies shall be invested and the income thereof appropriated for endowing additional Scholarships or increasing the stipends of the Professorship and the existing Scholarships for the time being in the manner directed by Dr Whewell in his will for the investment and appropriation of certain funds forming part of his residuary personal estate.

13. Any Scholar shall be entitled to one set of chambers in one or other of the Whewell's Courts upon application, provided that any set be vacant at the time, on condition of paying the usual rent, rates, taxes, charges for servants, &c.; and the Council of Trinity College shall assign at their discretion such set of chambers being vacant to any scholar claiming this privilege: but subject to any regulations made by the Council of Trinity College affecting members of the College generally no Scholar shall be compelled to reside in either of the said Courts.

14. In case any Scholar, not being a member of Trinity College, shall claim to reside within the precincts of the said Courts, it shall be competent for the Council of Trinity College to deduct from the stipend due to him by virtue of his Scholarship such sums as he may stand indebted in to the Trust for rent, rates, taxes and other charges above mentioned: and every such Scholar shall be subject to the payment of gate and other fines in the same manner as if he were a member of Trinity College residing in one or other of the above-named Courts.

15. In case any Scholar, not being a member of Trinity College but residing in either of the said Courts, shall be guilty of irregular insubordinate or disorderly conduct or of any offence whatsoever against the good order and discipline of the College, the Council of Trinity College may cancel the privilege in his case of residing in either of the said Courts.

16. If it shall be proved to the satisfaction of the Council of Trinity College that any Scholar, whether resident within the precincts of the said Courts or not, has been guilty of any scandalous offence, they may deprive such Scholar of the emoluments of his Scholarship for such time as they think proper, or they may deprive him of his Scholarship altogether.

17. No Scholar shall be entitled by virtue of his Scholarship to obtain provisions of any kind from the College butteries or kitchens: but every Scholar, not being a member of Trinity College but

residing within the precincts of the said Courts, shall be at liberty to obtain such provisions from his own College or elsewhere: provided that all rules prohibiting the supply to students of Trinity College of liquors during certain hours and of provisions of any kind from shops or inns in the town on Sundays and all similar rules which at present exist or may be made from time to time shall be equally applicable to all Dr Whewell's Scholars, resident within the said Courts, whether they be members of Trinity College or not.

18. LIGHTFOOT SCHOLARSHIPS FOR HISTORY.

A proposal made by the Rev. Joseph Barber Lightfoot, D.D., Hulsean Professor of Divinity, to transfer to the University a sum of £4500 (viz. £2000 Madras Irrigation Guaranteed Stock, £1500 East Indian Railway Debentures, and £500 Bombay and Baroda Railway Debentures, all bearing interest 5 per cent., together with £500 in the 3 per cent. Consols), for the purpose of founding Scholarships for the encouragement of the study of History and more especially of Ecclesiastical History, was accepted by Grace of the Senate, Nov. 24, 1870. The sum of £73. 7*s*. 6*d*., being the surplus of a Fund raised for the purpose of procuring a personal memorial in Cambridge of Dr Lightfoot, was added to the Endowment of this Scholarship in 1893. The following are the Regulations:

1. The Scholarships shall be three in number; they shall be assigned after examination, and shall be open for competition to all members of the University who, having resided at least one year and being still in residence or having taken their first degree, are under 25 years of age, when the Examination begins; but no one, who has been elected to one of these Scholarships, shall be allowed to compete again.

2. Each Scholarship shall be tenable for three years.

3. After the payment of the Examiners, as hereinafter directed, one-third of the residue of the annual interest arising from the Fund shall be paid to each Scholar.

4. If at any time a Scholarship is not adjudged owing to the want of duly qualified Candidates, or is vacated by death or resignation or by any other cause, the sums which would have been paid to the holder shall be invested and added to the principal.

5. The Examination shall be conducted by two Examiners to be nominated by the Council and appointed by Grace of the Senate. So far as is found convenient, one Examiner in each year shall be a member of the University of Cambridge and the other a member of the University of Oxford.

6. The Examiners shall be appointed before the close of the Lent Term of the year preceding that in which they are required to examine.

7. Each Examiner shall receive £15.

8. The Examination shall commence in each year on the second Tuesday in the Easter Term.

9. The Examination shall consist of three parts:

(*a*) A selected portion of History, of which notice shall have been given by the Examiners before the division of the Easter Term in the preceding year, and which Candidates shall be required to have studied, as far as possible, from original sources. This portion may consist of a definite period or periods, or of a definite transaction or transactions, or of a biography or biographies.

(*b*) A choice of subjects for Essays, of which the Candidates shall be required to select one or more, as the Examiners may direct.

(*c*) Questions taken from or suggested by the following books:

De Broglie, L'Eglise et l'Empire Romain.
Bryce, Holy Roman Empire.
Guizot, Histoire de la Civilisation en Europe.
„ Histoire de la Civilisation en France.
Milman, History of Latin Christianity.
Ranke, History of the Popes.
„ History of the Reformation.

10. In determining the selected portion of History, and in setting the subjects for Essays, regard shall be had, as far as possible, to the special object of the foundation, which is the encouragement of the study of Ecclesiastical History in itself and in connexion with General History; and the range of choice in both cases shall be limited to the period between the Accession of Marcus Aurelius (A.D. 161) and the Fall of the Holy Roman Empire (A.D. 1806).

11. If the Examiners are unable to agree between two Candidates, the papers of such Candidates shall be submitted to the Regius Professor of Modern History, or if the Regius Professor of Modern History is one of the Examiners, to the Dixie Professor of Ecclesiastical History. The Professor to whom the papers of the Candidates are thus submitted shall award the Scholarship to one or other, or divide it between the two, at his discretion.

12. Besides the name of the successful Candidate, the Examiners shall likewise publish the names of those who have acquitted themselves in the Examination so as to deserve honourable mention.

13. The first Examination for one of these Scholarships shall be held in the Easter Term, 1873: and one Scholarship shall be offered for competition in the same term in each succeeding year. The interest, which shall accrue from time to time before this scheme comes into full operation, shall be invested and added to the principal.

14. The list of books mentioned in the 9th regulation may be revised from time to time by agreement between the Hulsean Professor of Divinity, the Regius Professor of Modern History and the Dixie Professor of Ecclesiastical History for the time being;

but any change on which they may agree shall be submitted to the Vice-Chancellor and shall not take effect without his consent.

15. The Senate shall have power from time to time to make such changes in the above regulations as may appear desirable; provided always that the object of the foundation as mentioned in the preamble be strictly respected, and provided likewise that no change be made during the lifetime of the founder without his consent.

BALFOUR STUDENTSHIP.

On the death in July, 1882, of Francis Maitland Balfour, M.A., F.R.S., Fellow of Trinity College, who had been elected on May 31, 1882, Professor of Animal Morphology, a Balfour Memorial Fund was raised by subscription; and investments made from it, £5000 Metropolitan Railway Debenture Stock, and £1500 London and North Western Railway Debenture Stock, were accepted by the Senate by Grace of June 14, 1883, with regulations for the administration of the Fund.

The administration is entrusted to Managers in conjunction with the Special Board for Biology and Geology. Eventually the Managers are to be three in number, to be elected by the Board for periods of five years in each case.

The income from the Fund is to be applied

(1) To endow a Studentship to be called the Balfour Studentship, the holder of which shall devote himself to original research in Biology, especially Animal Morphology.

(2) To further by occasional grants of money original research in the same subject.

The Studentship is to be of the net annual value of £200, or such larger sum as the University may from time to time determine. If at any time the annual income from the Fund is less than £200, the whole is to be paid to the Student.

The Managers nominate to the Studentship and the Board elects. There is no competitive examination, and the Student

need not be a member of the University. He must devote himself to original Biological research under penalty of deprivation. The place and the nature of his studies are subject to the approval of the Managers; but, except with leave to the contrary, he must pursue his studies within the University for at least three terms during tenure. The tenure is for three years, but may be renewed for the whole or part of a second period of three years.

Any balance of the income from the Fund is to be devoted to the furtherance of original research in Biology, especially Animal Morphology, by grants for such purpose to the Balfour Student or to any other person engaged in such research.

The University may under specified conditions and with specified exceptions alter the regulations, and may on the recommendation of the Financial Board vary the investments from time to time.

Established by a decree of the Court of Chancery in 1886. The endowment is paid by the trustees or trustee for the time being of the will of John, Lord Craven, dated 28 May, 1647. The Student is elected by the Managers of the Craven Fund, who are the Vice-Chancellor and five other persons appointed by Grace of the Senate on the nomination of the Special Board for Classics. The Studentship is of the annual value of £200. The following are the Regulations:

It shall be the duty of the Student to devote himself to advanced study or research away from Cambridge in the Languages, Literature, History, Archæology or Art of ancient Greece or Rome, or the Comparative Philology of the Indo-European languages.

The election of the Craven Student shall be made annually, at such time as the University may from time to time determine.

The Studentship shall be tenable for one year; but a Student shall be eligible for re-election on not more than two occasions.

Candidates for election or re-election to the Studentship must be graduates of the University of not more than five years standing from the completion of their first degree.

Each Candidate shall send to the Vice-Chancellor a statement of the course of advanced study which he proposes to undertake if elected. Such course shall involve absence from Cambridge for not less than six months.

The Student shall be elected by the Managers of the Craven Fund, who may take such steps as they may think fit to enquire into the qualifications of the Candidates; provided that the Studentship shall not be awarded by the result of a competitive examination.

CRAVEN FUND.

By a decree of the Court of Chancery in 1886, the trustees or trustee for the time being of the will of John, Lord Craven, dated 28 May, 1647, pay the annual sum of £40 to the Managers of a fund called the Craven Fund, by whom grants may be made from time to time for the furtherance of research in the languages, literature, history, archæology and art of ancient Greece and Rome, and the comparative philology of the Indo-European languages.

The Managers of the Craven Fund are the Vice-Chancellor and five other persons appointed by Grace of the Senate on the nomination of the Special Board for Classics.

HARKNESS SCHOLARSHIP.

Mrs Pearson, of Penrith, being desirous of promoting the study of Geology and Palæontology in memory of her brother, Robert Harkness, sometime Professor of Geology at Queen's College, Cork, bequeathed to the University the sum of £1750 and the residue of her personal estate for the foundation of a Scholarship for proficiency in the Science of Geology, including Palæontology, to be called the "Harkness Scholarship." Mrs Pearson dying in 1884, the residue of her personal estate amounted to about £1900.

The following Regulations were approved by Grace of the Senate, March 10, 1887:

1. There shall be a Scholarship to be called the Harkness Scholarship, which shall be awarded annually for proficiency in Geology including therein Palæontology.

2. Any member of the University shall be eligible to the Scholarship who has passed some final Examination for the degree of Bachelor of Arts provided that on the day of election not more than three years have elapsed since the 19th day of December next following the said final Examination.

3. A Scholar shall be elected in the month of June in each year by a Board of Electors consisting of the Vice-Chancellor, the Woodwardian Professor of Geology, the Examiners in Geology for the Natural Sciences Tripos for that year and those for the preceding year, and one additional Elector who shall be nominated by the Special Board for Biology and Geology and appointed by the Senate in the Michaelmas Term of every third year, and who shall hold office for three years.

If the place of such additional Elector shall become vacant before the end of the three years, a successor shall be appointed in like manner for the remainder of the three years.

No business shall be transacted unless three members of the Board be present.

4. The names of candidates shall be made known to the Vice-Chancellor not later than May 31 in each year.

5. In making the award the Electors shall have regard to proficiency in Geology including therein Palæontology, and to promise of future work.

6. The Electors shall have authority to take any steps they think advisable to enable them to ascertain the qualifications of the candidates; any necessary expenses incurred by them in so doing shall be charged to the Fund.

7. The Scholar shall receive one moiety of the net annual income of the Fund upon election and the other moiety at the Christmas next following.

8. In case no person be deemed worthy of the Scholarship the income for that year shall be placed to a Reserve Fund.

9. The Board of Electors may if they think fit make a grant to be paid out of the Reserve Fund to the Scholar to assist him in prosecuting Geological or Palæontological researches.

10. In case the Reserve Fund at any time exceed £250 the excess over £250 shall be carried to the Capital Fund.

JOHN LUCAS WALKER STUDENTSHIP AND EXHIBITIONS.

Mr John Lucas Walker having left by will in 1886 to the then Attorney-General a sum of money to be spent in the promotion, without regard to sect or party, of Scientific or Literary Research, or of either of those objects in Cambridge or in London or in both places, the following Scheme and Regulations were submitted by the Attorney-General to the University, and accepted by Grace of the Senate, March 10, 1887.

1. The Fund shall be called the "John Lucas Walker Fund," and shall be devoted to the furtherance of original research in Pathology.

2. The Trust Fund shall consist of £4,162 North-Eastern Railway 4 per Cent. Debenture Stock and £4,120 London and North-Western Railway 4 per Cent. Debenture Stock, invested in the name of "The Chancellor, Masters and Scholars of the University of Cambridge," and of any other monies from time to time invested by the Managers pursuant to the powers hereinafter mentioned, and of the dividends or income from time to time arising from such investments.

3. The administration of the Fund shall be entrusted to the Professor of Pathology in the University of Cambridge, in conjunction with a Board consisting of three Managers.

The Regius Professor of Physic in the University of Cambridge, the Professor of Physiology in the University of Cambridge, and the President of the Royal College of Physicians of London, shall be the Managers.

No resolution of the Managers shall be valid unless approved of by at least two Managers, at a meeting to which all the Managers have been summoned.

4. In case a Deputy shall be appointed in accordance with the provisions of Stat. B, ch. xi, §§ 8 and 9 of the Statutes of the University of Cambridge, to discharge the duties of any of the three Professors aforesaid, such Deputy shall, for all the purposes of these regulations, take the place and exercise the powers of the Professor whose Deputy he is, during such time as he may be acting as such Deputy.

5. The income of the Trust Fund shall from time to time as and when received be paid to the Managers and placed to a separate account, and shall be applied from time to time as follows:—

(1) To endow a Studentship to be called the John Lucas Walker Studentship, the holder of which shall devote himself to original research in Pathology.

(2) To further original research in Pathology, by additional Studentships or Exhibitions, Prizes or Grants, at Cambridge or in London.

6. The Studentships, Exhibitions, and Prizes may be held by and awarded to persons of either sex, and words of the masculine gender hereinafter used shall import the feminine.

Regulations respecting the John Lucas Walker Studentship.

7. The Studentship shall be of the annual value of £200, or of such larger annual sum, not exceeding £300, as the Managers shall from time to time determine.

8. Three months before the date at which, in due course, the Studentship would become vacant, or immediately upon the occurrence of any casual vacancy, the Professor of Pathology shall give such public notice thereof as the Managers may think desirable; and the Professor of Pathology shall report to the Managers upon the qualifications of all candidates whose names are sent in to him. The Professor of Pathology shall at the same time nominate one of the candidates as the person best qualified, in his opinion, for election, and the Managers shall either elect the person so nominated, or such other of the candidates as the three Managers may unanimously agree to elect.

9. The nomination and election shall be made so that the newly-elected Student may be able to enter upon the Studentship as soon as the vacancy occurs, or as soon after as is practicable.

10. The Studentship shall not be awarded by the result of a competitive examination.

11. Subject to the foregoing provision, the Professor of Pathology or the Managers may take such steps as they may think fit to ascertain the qualifications of the candidates.

12. The Student shall not necessarily be a member of the University of Cambridge.

13. The Student during his tenure of the Studentship shall devote himself to original Pathological research, and shall not systematically follow any business or profession, or engage in any educational or other work, which, in the opinion of those entrusted with the administration of the Fund, would interfere with his original enquiries. In any books, papers, or publications in which the Student may publish the results of the investigations carried on during his Studentship, he shall, where practicable, describe himself as the "John Lucas Walker Student."

14. If the Professor of Pathology shall at any time learn that the Student is following any such business or profession, or has undertaken any such work as will in the opinion of such Professor interfere with his original enquiries, he shall at once call upon him to desist from the same, and if he shall refuse or neglect so to do, the Professor of Pathology shall report the circumstances to the Managers, and the Managers may, if they think fit, remove such Student from the Studentship.

If the Professor of Pathology shall be of opinion that, through any other causes, such as confirmed ill health or want of diligence, the Student is not fulfilling and is not likely to fulfil the objects of the Studentship, he shall report accordingly to the Managers, and the Managers may, if they see fit, remove such student from the Studentship.

If, during his Studentship, a Student is appointed a Professor, or elected to and accepts a Fellowship, other than an Honorary Fellowship, he shall vacate his Studentship as from the day on which such appointment or election takes effect.

15. The place and nature of the studies of the Student shall be subject to the approval of the Professor of Pathology, provided that the Student shall be bound to pursue his studies within the University during at least three terms of his tenure of the Studentship, unless the Professor of Pathology shall, with the approval of the Managers, dispense with this requirement for special reasons. The Professor of Pathology shall take such steps as he may think necessary to satisfy himself as to the diligence and progress of the Student, and may require from him any reports or other information on the subject of his studies which he may think desirable.

16. The Studentship shall, subject as hereinbefore mentioned, be tenable for three years, at the end of which time a fresh nomination and election shall take place; but it shall be lawful for the Professor of Pathology, if he shall think fit, to recommend, and for the Managers, if they shall think fit, to elect, for a second period not exceeding two years, any Student whose labours during the period of his holding the Studentship shall have been of such exceptional promise that it would, in the opinion of the Professor of Pathology and of the Managers, be clearly in the interests of Pathological research that such Student should continue to hold the Studentship for such further period.

17. The income of the Studentship shall be payable to such Student from the date of his appointment, and shall be paid to the Student by equal quarterly payments, the payment for each quarter being made in advance.

18. If, after due notice of a vacancy, there shall be, in the opinion of the Managers, no suitable candidate for the Studentship, it shall be lawful for the Professor of Pathology, with the approval of the Managers, to suspend the election for a time not greater than one year, and if at the expiration of such time there shall, after notice of the vacancy given, be no suitable candidate as aforesaid, the election may be again suspended in the same way, and so on until, in the opinion of the Managers, there shall be a suitable candidate for the Studentship.

19. The income of the Studentship during any vacancy shall be added to the Reserve Fund hereinafter mentioned.

Regulations respecting the John Lucas Walker Exhibitions and Prizes.

20. Exhibitions or Prizes may from time to time be awarded by the Managers to any person in respect of any essay, discovery, or meritorious service connected with or conducing to the Science of Pathology.

21. No Exhibition or Prize shall exceed the value of £50, and not more than £50 shall be expended in any one year in such Exhibitions or Prizes.

22. No Exhibition or Prize shall be awarded to any person during the tenure by such person of the John Lucas Walker Studentship.

Regulations respecting the Balance of Income.

23. The balance of the income of the Trust Fund, after providing for the Studentship Exhibitions and any Prizes which may have been awarded, and for any necessary expenses connected with the management and application of the Trust Fund, may be devoted to the furtherance of original research in Pathology.

24. Grants for this purpose may be made by the Managers on the recommendation of the Professor of Pathology, either to the John Lucas Walker Student or to any other person engaged in such research, subject to any conditions made by the Professor of Pathology with the approval of the Managers.

25. Any unapplied balance of income of the Trust Fund shall be carried to a Reserve Fund.

26. The Reserve Fund, or any portion of it, may be from time to time

invested by the Managers in the name of the Chancellor, Masters and Scholars of the University of Cambridge in such manner as they shall think fit.

27. Grants may be made from the Reserve Fund in the same way as from the annual income.

28. If on any occasion the Professor of Pathology shall recommend, and the Managers shall be of opinion that a second John Lucas Walker Student should be appointed, and the Funds at the disposal of the Managers will admit of such appointment, such second Student may be appointed in the manner aforesaid; such Studentship shall be tenable for such period not exceeding three years, and shall be of such annual value, not exceeding £200, as the Professor of Pathology, with the approval of the Managers, may determine. The stipend of such second John Lucas Walker Studentship shall be payable out of the Reserve Fund, and for this purpose the Managers may have recourse as well to the capital as the income of the Reserve Fund.

29. These regulations, except regulation 1 and regulation 29, shall be subject to alteration, by Grace of the Senate, at any time after five years from the date of the acceptance of the Fund by the University, provided that the regulations marked 5, 7, 10, 12, 13, 20, 21 and 23 shall not be altered before the expiration of fifty years from the aforesaid acceptance, and that in all cases the main object of the Fund, viz., the furtherance of original research in Pathology, shall be adhered to.

12. The emolument of the Student shall be £200, provided that the income of the Fund be capable of bearing such charge, to be paid by half yearly payments, each payment to be made in advance, subject as regards the second payment to the electors being satisfied that the Student is diligently carrying out his course of study or research.

13. If after due notice of a vacancy, there shall be in the opinion of the electors no suitable candidate, it shall be lawful for the electors to suspend the election for a time not greater than one year.

14. The income of the Fund not payable to any Student shall be paid to a Reserve Fund from which grants may be made in furtherance of study or research as aforesaid, or any necessary expenses may be defrayed which may be incurred in ascertaining the qualifications of a candidate. Any portion of the Reserve Fund may on the recommendation of the electors be invested by the Trustees and added to the Capital of the Fund.

CLERK MAXWELL SCHOLARSHIP.

In 1887, Mrs Clerk Maxwell bequeathed the residue of her estate, amounting to about £6000, to the University for the purpose of founding a Scholarship in the Cavendish Laboratory at Cambridge. The following regulations were sanctioned by Grace of the Senate, June 12, 1890.

1. The Fund shall be called the Capital Fund of the Clerk Maxwell Scholarship and shall be invested in the name of The Chancellor Masters and Scholars of the University of Cambridge.

2. A Scholarship to be called the Clerk Maxwell Scholarship shall be instituted in the University in connexion with the Cavendish Laboratory, for the advancement by original research of Experimental Physics and especially of Electricity, Magnetism, and Heat.

3. The person elected to the Scholarship shall be called the Clerk Maxwell Student in Experimental Physics.

4. Any member of the University who has been a student for one Term or more in the Cavendish Laboratory shall be eligible for the Scholarship.

5. The Electors to the Scholarship shall be the Cavendish Professor of Experimental Physics and the Lucasian Professor of Mathematics, and in case of any difference of opinion between them the final decision shall rest with the Master of Trinity College or with some one specially appointed by him for this purpose.

6. In case a Deputy shall be appointed in accordance with the provisions of Statute B, chapter XI. sections 8 and 9 of the Statutes of the University of Cambridge, to discharge the duties of either of the two Professors aforesaid, such Deputy shall, for all the purposes of these Regulations, take the place and exercise the powers of the Professor whose Deputy he is, during such time as he may be acting as such Deputy.

7. The Electors in electing the Student shall be guided by the promise shewn by the candidate of capacity for original research in Experimental Physics, and shall take such steps as they may think desirable to enable them to form a judgment of such promise.

8. The Student so elected shall devote himself under the direction of the Cavendish Professor to original research in Experimental Physics within the University; he may however carry on his researches elsewhere if he has first obtained the written permission of the Cavendish Professor to do so.

9. The Scholarship shall be tenable for three years, and a Student who has once held the Scholarship shall not be capable of re-election.

10. The net annual income of the Capital Fund shall be paid to the Student in equal quarterly instalments, and the first instalment shall be paid on and the tenure of his Scholarship date from the quarter day next after his election.

12. If the Cavendish Professor and the Lucasian Professor shall be of opinion that the Student by engaging in some business or occupation or from confirmed ill health or want of diligence, or from other causes, is not fulfilling the conditions of the Scholarship, they shall report their opinion to the Special Board for Physics and Chemistry and the Board may then if they see fit remove the Student from the Scholarship.

13. Not later than one month before the date at which in due course the Scholarship becomes vacant or immediately upon the occurrence of any casual vacancy the Cavendish Professor shall give such public notice thereof as the Electors may think desirable. The election shall be made as soon after the vacancy as is practicable, and the result communicated to the Vice-Chancellor for publication to the Senate.

14. If after due notice of the vacancy has been given there shall be in the opinion of the Electors no suitable candidate for the Scholarship, the Electors may suspend the election for a time not greater than one year, and if at the end of that time after due notice of the vacancy has been given there shall again be no suitable candidate the election may be again suspended, and so on until a suitable candidate is found. Every such

suspension of election shall be communicated to the Vice-Chancellor for publication to the Senate.

15. The income of the Scholarship during any vacancy shall be invested from time to time in the name of the Chancellor, Masters and Scholars of the University of Cambridge, and form part of the Capital Fund.

16. These Regulations except Regulations 1, 2, 5, 9, and 15 shall be subject to alteration by Grace of the Senate at any time after five years from the acceptance of the Capital Fund by the University, provided that in all cases the purpose of the foundation shall be adhered to, namely the advancement by original research of Experimental Physics, and especially of Electricity, Magnetism, and Heat.

In 1890 Mr Frank M°Clean offered securities to the value of about £12,500, for the founding of Isaac Newton Studentships in Astronomy and Physical Optics. The offer was accepted and the following Regulations approved by Grace of the Senate, March 5, 1891.

1. The Fund shall be called the Isaac Newton Studentships Fund and shall be devoted to the encouragement of study and research in Astronomy (especially Gravitational Astronomy but including other branches of Astronomy and Astronomical Physics) and Physical Optics.

2. The Fund shall consist of the following securities: £3200 A Ordinary Stock of the Gas Light and Coke Company and £2100 B Stock of the South Metropolitan Gas Company or such stocks funds and securities as shall from time to time represent or be added to the aforesaid sums of stock.

4. In case and so often as the income of the Trust Fund shall fall short of the sum of £750 then in each year after payment of all expenses of and attending the execution of the trust and of the amounts payable to the Electors and to the Students or Student the residue of the income or so much thereof as shall be required to be invested for the purpose of raising the income to the aforesaid amount of £750 shall be added to and form part of the capital of the Trust Fund and be accordingly invested in or upon any such stocks funds and securities as aforesaid.

5. The income of the Fund shall be primarily applicable to the maintenance of three Students to be called the Isaac Newton Students whose duty it shall be to devote themselves to study and research in Astronomy (especially and including as aforesaid) and Physical Optics.

6. The persons eligible to the Studentships shall be members of the University who have been admitted to the degree of Bachelor of Arts and who shall be under the age of 25 years on the first day of January next preceding the date of election.

If any of the five appointed Electors shall die resign or become incapable of acting another person shall be appointed in like manner in his place for the remainder of the time for which he was appointed. There shall be payable to each Elector out of the income of the Trust Fund in respect of each year of his tenure of office the sum of £7. 10*s*. All the powers of the Electors may be exercised by a majority of those present at a meeting duly summoned provided that three Electors at least be present. In every year there shall be in the Michaelmas Term a meeting of the Electors to consider any business which may present itself; and in the Lent Term a meeting for Election whereof due notice shall be given, and Candidates shall be invited to send in their applications to the Vice-Chancellor with testimonials and such other evidence of their qualifications and as to their proposed course of study or research as they may think fit.

8. The Electors shall take such steps as they think fit for ascertaining the intellectual qualifications of the Candidates and in particular they shall attach such weight as they may think fit to the place of a Candidate in the first and second parts or either of them of the Mathematical Tripos: they shall also take such steps as they may think fit for ascertaining the prospect that a Candidate if elected will *bona fide* and with due diligence devote himself to study and research in accordance with these Regulations.

9. It shall be the duty of the Student to devote himself during the tenure of his Studentship to study or research as aforesaid according to a course proposed by himself and approved by the Electors, provided that such course may in special cases be altered or varied with the consent of the Electors. The Student's course of study or research shall be pursued at Cambridge under such conditions as to residence and otherwise as the Electors may determine but the Electors may for special reasons direct or authorise the same to be pursued in any other place and under such conditions as they may think fit.

10. The meeting for Election shall be held and in the ordinary course one Student elected in the Lent Term in each year, the Studentship to date from the 15th day of April in the same year and to be tenable for three years.

Elections to additional Studentships (if any) provided for out of the Suspense Fund as hereinafter mentioned shall also be made at the Annual Election. But in any year whatever be the number of vacancies the Electors if in their opinion there shall be no suitable Candidate shall not be bound to make any election. And the Electors may if they think fit defer an election to a subsequent meeting in the same term.

11. The emolument of the Student shall be £200 per annum provided that the income of the Fund (after payment of all expenses of and attending the execution of the trust and the amount payable to the Electors) shall be capable of bearing such charge and shall be paid to the Student by equal half yearly payments subject as regards each payment to the Electors being satisfied that the Student is diligently carrying out his course of study or research, but so nevertheless that if by illness or any other grave cause the Student shall have been prevented from thus carrying out his course of study or research, the Electors shall take

account of the circumstances and shall be at liberty to make to the Student the full payment for the half year.

12. If a Student shall in the opinion of the Electors fail in diligently carrying out his course of study or research, and in consequence thereof they shall have withheld from him two successive half year's payments of his Studentship it shall be lawful for the Electors as from the expiration of the last of the same two half years to remove the Student from his Studentship.

13. Subject to the payment of expenses as aforesaid and to the aforesaid payment to the Electors the income not payable to any Student or so much thereof as is not hereinbefore required to be added to the capital of the Trust Fund shall be paid to a Suspense Fund which shall be applicable to the purchase of any instruments or apparatus required by a Student in his course of study or research or for the payment of any extraordinary expenses. All such instruments or apparatus shall in the absence of any arrangement to the contrary be regarded as the property of the trust and may be disposed of in such manner as the Electors think fit, or the same may at any time be sold and the produce thereof added to the Suspense Fund. The Trustees shall have power to make at any time such temporary investments as they shall think fit of the Suspense Fund or any part thereof, the income arising therefrom to belong to the Suspense Fund. If at any time the amount of the Suspense Fund shall admit thereof the Trustees may authorise the Electors either to continue for one additional year the Studentship of any Student who in the opinion of the Electors shall have by his diligent and successful carrying out of his course of study or research deserved the same or they may authorise the Electors to elect to an additional Studentship or Studentships tenable for a year or for two years. The Suspense Fund shall be spent as far as may be for the purposes aforesaid or any of them and shall not ordinarily be allowed to accumulate to an amount exceeding £1000.

14. A Student elected to a Studentship tenable for less than three years shall not thereby become incapable of election (in lieu or at the expiration thereof) to a Studentship tenable for three years but except as aforesaid a Student shall not be capable of re-election.

15. These Regulations except Regulations 1, 2, 3, 4 and 5 shall be subject to alteration by Grace of the Senate but in the lifetime of the said Frank McClean only with his consent in writing and so always that the main object of the Fund namely the encouragement of study and research in Astronomy (especially Gravitational Astronomy but including other branches of Astronomy and Astronomical Physics) and Physical Optics be adhered to.

GERSTENBERG STUDENTSHIP.

Founded by Mrs Philipps in memory of her brother, Arnold Gerstenberg, B.A., late of Trinity College, with the object of promoting the study of Moral Philosophy and Metaphysics among students of Natural Science, both men and women, under the conditions contained in the following Regulations (Grace of May 19, 1892).

1. As soon as the sum of £2,000 shall have been transferred to the Master, Fellows and Scholars of Trinity College, as Trustees, there shall

be established a Studentship to be called "The Arnold Gerstenberg Studentship."

2. A Board of Managers shall be constituted consisting of the Knightbridge Professor of Moral Philosophy, the Professor of Mental Philosophy and Logic, when and as soon as such Professor is appointed, two members elected by the Special Board for Moral Science, one member elected by the Special Board for Physics and Chemistry and one member elected by the Special Board for Biology and Geology. The elected members of the Board of Managers shall ordinarily be elected for a period of six years: provided that at the first election, the member elected by the Special Board for Biology and Geology, and one of the members elected by the Special Board for Moral Science, shall be elected for three years only. In the case of any vacancy occurring among the elected members of the Board of Managers from any other cause than the expiration of the time of tenure a new member shall be elected without delay by the Special Board which elected the person whose substitute he is; and the person elected to fill such vacancy shall continue a member of the Board as long as the person whose substitute he is would have continued.

3. The examiners or adjudicators who shall award the Studentship shall be nominated by the Board of Managers and elected by Grace of the Senate. Such examiners or adjudicators may be members of the Board or other persons, and shall receive such payment as the Board may from time to time determine.

4. The Studentship shall be awarded after competition by means of examination or essay, or both combined, as the Board of Managers may from time to time determine.

5. The time at which the examination is to be held, or before which essays are to be sent in, together with the subject or subjects of the examination or essay, shall on each occasion be fixed and published at least one year previously by the Board of Managers, or if the Board think fit by the examiners or adjudicators, provided that the subject or subjects fixed shall be among those comprised within the range of Psychology, Logic, Moral and Metaphysical Philosophy, and History of Philosophy.

6. The Studentship shall be open to men and women who in the Examination for Part I. or Part II. of the Natural Sciences Tripos have acquitted themselves so as to deserve honours: provided that eighteen complete terms shall not have elapsed between the first term of the residence of any candidate and the time at which the examination is held, or before which essays are to be sent in.

7. Except as hereinafter provided in Regulation 11, the candidates for the Studentship must declare their intention, if successful, of pursuing a course of Philosophical study.

8. Except as hereinafter provided in Regulation 11, the Studentship shall be awarded once in every three years, unless in any year there be no properly qualified candidates, and shall be tenable for two years, upon the condition that at the end of the first year the Student's progress in Philosophical study is satisfactory. The Board of Managers may require such proof of this as they think expedient.

9. The Student shall receive in each year by way of stipend the income derived from the capital of the trust for the time being for a period of eighteen months, after deducting the sum required for the payment of examiners or adjudicators.

10. If at any time a Studentship is not awarded owing to the want of properly qualified candidates, or is vacated by death or resignation or by non-fulfilment of the condition mentioned in Regulation 8 or by any other cause, the sums which would have been paid to the holder shall be invested and added to the principal.

11. It shall be in the power of the Board of Managers at any time to suspend Regulations 7 and 8, and, in the place of a Studentship tenable under those Regulations, to substitute a Studentship free from all conditions as to subsequent study but tenable for one year only: and it shall be the duty of the Board to make this substitution temporarily or permanently, if the Studentship offered under the above Regulations has on two successive occasions not been awarded, owing to the want of properly qualified candidates. The Studentship thus substituted shall be offered for competition at intervals of not more than two years, so long as the substitution is maintained.

12. The Senate shall have power from time to time to make such changes in the above Regulations as may appear desirable; provided always (1) that the object of the foundation be strictly respected, such object being the promotion of the study of Moral Philosophy and Metaphysics among students of Natural Science, both men and women, (2) that no change be made during the lifetime of the foundress without her consent.

13. If at any future time the Examination for the Natural Sciences Tripos shall not be open to both men and women or if for any reason it shall be rendered impossible to fulfil the conditions laid down in the above scheme of Regulations then it shall be lawful for Mrs Philipps if living and after her death for the Trustees to frame fresh Regulations for the Studentship but so that any new Regulations shall be such as will be calculated to carry out in the best possible way the object with which the Studentship was founded and no other.

Provided that if the Regulations so framed fail to obtain the assent of the University then the trust-money shall be handed over to some University in the United Kingdom whose Examinations for degrees are open to both men and women and which is willing to carry out the object with which the Studentship was founded: such University to be chosen by Mrs Philipps if living, and after her death by the Trustees: and in the case of the trust-money being handed over as aforesaid to another University, the receipt of the proper officer shall be a complete discharge of the original Trustees from all liability connected with the trust.

Provided further that if there shall be a failure so to hand over the trust-money to such other University, or if for any other cause there shall be a failure of the object of the foundation, then the person who for the time being is the heir-at-law of Mrs Philipps shall be entitled to the trust-money absolutely.

(Grace of April 26, 1894.) A sum of about £1800 was offered to the University by certain members of the Old and New Testament Revision Companies for the purpose of forming an augmentation of the Hort Memorial Fund, this sum to be called the Revision Surplus Fund and to be administered by the managers of the Hort Memorial Fund. (Accepted Grace of June 18, 1896.)

1. There shall be a Fund in the University called the "Hort Memorial Fund," which shall be devoted to the promotion of Biblical, Hellenistic, and Patristic Research.

2. The Capital of the Fund shall be invested in Government Securities or in other Securities in which Trustees are by law allowed to invest Trust money. The University may, on the recommendation of the Financial Board, vary such investments from time to time.

3. The Administration of the Fund shall be entrusted to seven Managers. The Managers shall be the Vice-Chancellor and six other persons appointed by Grace of the Senate, two on the nomination of the Council of the Senate, and four on the nomination of the Special Board for Divinity. The appointment of the Managers shall be made at a Congregation to be held before the end of full Term in the Michaelmas Term, and their period of service shall commence on the first day of January after the date of their appointment. In the first instance one of the persons appointed on the nomination of the Council and two of the persons appointed on the nomination of the Special Board for Divinity shall be appointed to serve for six years. All other appointments shall be made for four years. If any of the six appointed Managers shall die, resign, or become incapable of acting, the body by which he was nominated shall nominate some other person to be appointed Manager in his place for the remainder of the time for which he was appointed.

All the powers of the Managers may be exercised by a majority of those present at a meeting duly summoned, provided that four Managers at least be present.

4. The income arising from the Capital of the Fund shall be paid annually to the Managers, who shall also be empowered to receive subscriptions in augmentation of the annual income of the Fund. Out of the income thus accruing grants may be made by the Managers at their discretion to any person engaged in Biblical, Hellenistic, or Patristic research, or for the promotion of any undertaking connected with these departments of study, subject to such conditions as they may think fit in each case.

5. Any unapplied balance of annual income shall be carried to a Reserve Fund.

Grants may be made from the Reserve Fund in the same way as from the Annual Income.

6. The Reserve Fund, or any portion of it, may be from time to time invested by the Financial Board on the recommendation of the Managers, and added to the Capital of the Fund.

The Managers shall also be empowered to receive donations, subscriptions, and bequests for the augmentation of the Capital of the Fund.

7. The accounts of the Managers shall be audited annually and published with the University Accounts.

8. These Regulations, except Regulation 1 and Regulation 8, shall be subject to alteration by Grace of the Senate, provided that the object of the Fund, viz. the promotion of Biblical, Hellenistic, and Patristic research, be adhered to.

9. Subject to the foregoing Regulations, it shall be lawful for the Managers from time to time to make, and if they see fit to vary, such Bye-Laws as may seem to them expedient for regulating their own proceedings and the administration of the Fund entrusted to their care.

6. The Electors shall have authority to take any steps which they think advisable to enable them to ascertain the qualifications of the candi-

dates and their fitness to pursue a course of research, provided that the Scholarship shall not be awarded by competitive examination. The Electors shall also have power to make payments, not exceeding £30 in the aggregate in any year, to any person or persons (whether Electors or not) whom they may consult, or whom they may request to supervise and report upon the Student's work, or who may assist them in any other way.

7. A meeting for the election of a Student shall be held in the Lent Term in each year.

8. The tenure of the Scholarship shall be for one year from the last day of the Lent Term in which the election is made.

10. The Student shall not during the tenure of his Scholarship systematically follow any business or profession or engage in educational or other work which in the opinion of the Electors would interfere with his course of research.

11. The stipend of the Student shall be £250, or such smaller sum as the Fund after payment of all expenses shall be capable of providing, and shall be paid to the Student in two equal instalments, the first on the 15th of April following his election and the second on the 15th of the following October, provided that at the time of the second payment the Electors are satisfied that the Student is diligently carrying out his course of research. If the electors are not so satisfied, they shall have power to withhold the payment of the second instalment.

12. This Scholarship shall not be tenable with a Whewell Scholarship, the Balfour Studentship, the Craven Studentship, the John Lucas Walker Studentship, the Prendergast Studentship, the Harkness Scholarship, the Clerk Maxwell Scholarship, or an Isaac Newton Studentship.

13. A Student shall not be capable of re-election.

14. The unexpended balance of the income for each year shall be placed to a Reserve Fund from which the Electors may, under such conditions as they think fit, make a grant to the Student to assist him in prosecuting his research. In case the Reserve Fund at any time exceed £250 the excess over £250 shall be added to the capital of the Allen Scholarship Fund.

15. Unless the Senate shall otherwise determine, no election shall be made under these Regulations after the Lent Term 1908.

LUMLEY EXHIBITIONS.

The Right Honourable Elizabeth, Viscountess Lumley, by a deed bearing date October 8, 1657, directed certain Trustees therein named, to pay and allow yearly to *ten* poor Scholars of the Universities of Oxford and Cambridge, educated in the School founded by her at *Thornton* in the county of York, or in default of such, to any other poor Scholars, not exceeding *ten* in number (subsequently reduced to *five*), who should be nominated thereto by

the respective Convocations of the said Universities for the time being, the sum of £4 a year each, to be continued until they should have time to become graduates in one of the said Universities.

By an Order of the Court of Chancery, issued in the year 1820, it was directed that, in consequence of the increased rents these five Exhibitions should in future be £15 per annum each, and that the rents not called for should accumulate.

This offer was accepted by Grace of the Senate, Dec. 8, 1870, under the following Regulations:—

1. There shall be two annual Prizes open for competition to all Members of the University who, having commenced residence, are not of more than three years' standing from their first degree.

ESSAY AND VERSE PRIZES.

ADAM SMITH PRIZE.

THE Professor of Political Economy, A. Marshall, M.A., St John's College, having, in 1891, offered to the University a Triennial Essay Prize, the following Regulations proposed by Professor Marshall were confirmed by Grace of the Senate, March 5, 1891:

1. A Prize of £60, to be called the Adam Smith Prize, will be awarded in 1894, and thenceforward every three years till further notice, for an Essay on some unsettled question in Economic Science, or in some branch of Nineteenth Century Economic History or Statistics.

2. The subject of each candidate's Essay shall be selected by himself, provided only that it be not that which was appointed for the Cobden Prize Essay at its last preceding award. Candidates are however invited to consult the Professor of Political Economy with regard to their choice, and with regard to a suitable course of reading in connection with it.

3. In awarding the Prize the Adjudicators shall be governed chiefly by the quality of the work to be done, and shall have regard to the constructive ability and the grasp of scientific principles rather than to the erudition displayed in it.

4. The Adjudicators shall be the Professor of Political Economy and an additional Examiner appointed by the Senate on the recommendation of the Special Board for Moral Science. The additional Examiner shall receive the sum of ten pounds.

5. It shall be in the power of the Adjudicators, if they think fit, to divide the Prize among two or three candidates, without declaring their Essays equal in merit.

6. The Essays shall be sent to the Vice-Chancellor on the first day of Full Easter Term 1894, 1897, and so on till further notice.

7. The Candidates shall be graduates of the University who at the time appointed for sending in the Essays have not completed four years from their first Degree.

3. That the Adams Prize be open to the competition of all persons who have at any time been admitted to a Degree in this University.

4. That the successful Candidate receive two years' Income of the Fund, and in case no Essay be considered deserving of the Prize, the Income of the past two years be added to the Capital of the Fund.

5. That the first two Examiners to be chosen by the Senate be elected at the second Congregation of the Lent Term of 1849, and that the future Examiners be in like manner elected every second year.

6. That as soon as may be after the election of the said two Examiners, or at least before the end of the Lent Term in which they shall have been elected, the four Examiners select and publicly announce the Subject for the next Essay.

RAYMOND HORTON-SMITH PRIZE.

In January, 1900, a fund of £500 Great Northern Railway 4 per cent. Preferred Converted Ordinary Stock, together with the dividend accrued thereon in August 1899, was offered to the University by Richard Horton Smith, Esq., M.A., one of Her Majesty's Counsel, and late Fellow of St John's College, in memory of his third son, Raymond John Horton-Smith, M.A., M.B., late Scholar of St John's College; who after a distinguished career in the University, and at St Thomas' Hospital in London, died on the 8th of October, 1899, in the 27th year of his age.

The desire of the donor was that a University Prize should be founded for the encouragement of Medicine and Pathology: and his offer was accordingly made subject to the approval by the Senate of the conditions, which are set forth below in the form of Regulations for the proposed Prize.

The offer was accepted, and the Regulations were approved, by a Grace of the Senate on the 15th of March, 1900.

The following are the Regulations:

1. A University Prize, to be called "The Raymond Horton-Smith Prize," and to consist of the net yearly interest of the Fund given to the University by Richard Horton Smith, M.A., Q.C., formerly Fellow of St John's College, shall be awarded in the year 1900, and thenceforward annually.

2. The Prize shall be awarded to that Candidate for the Degree of Doctor of Medicine who shall in the judgment of the Regius Professor of Physic and his Assessor have presented the best Thesis for the Degree during the academical year; provided always that no person shall be

eligible for the Prize who has not previously taken Honours in one of the Tripos Examinations of the University.

3. If on any occasion the Adjudicators shall be of opinion that no Thesis submitted is deserving of the Prize, the amount of the Prize for that occasion shall be carried to a Reserve Fund, from which grants may be made from time to time to Prizemen, on the recommendation of the Regius Professor of Physic and his Assessor, towards the expense of printing their Theses, as provided in the following Regulation.

4. The Prize Thesis, or such portion of it as shall be approved by the Regius Professor of Physic and his Assessor, shall be printed, at the expense of the author if necessary, with or without the aid of a grant from the Reserve Fund; and copies thereof shall be sent by him respectively to the Vice-Chancellor, the Master of St John's College, the Regius Professor of Physic, his Assessor, the Downing Professor of Medicine, the Professor of Pathology, and the President of the Royal College of Physicians of London; to the Libraries of the University, of St John's College, and of the Royal College of Physicians of London; and to the Cambridge Philosophical Library.

5. Of the sum given to the Prizeman one-half at least shall be laid out in the purchase of books, the selection of which shall be with the Prizeman and the approval with the Vice-Chancellor. The books shall be stamped with the arms of the University on the backs and with the Horton-Smith armorial bearings on the sides.

6. The University shall have power to alter and amend from time to time this scheme by Grace of the Senate, on the recommendation of the Vice-Chancellor, the Master of St John's College, the Regius Professor of Physic, and the Downing Professor of Medicine, for the time being.

7. In case of any such alteration or amendment being made as is mentioned in the last preceding Regulation, regard shall always be had to the desire of the donor to found a Prize for the encouragement of Medicine and Pathology, and the names "Raymond Horton-Smith" shall always be used in connection with the Prize.

1900. A. B. Green, M.A., M.B., B.C., Downing.

HULSEAN PRIZE.

The Rev. John Hulse, B.A., of St John's College, who died in 1789, bequeathed to the University certain estates for the advancement of religious learning, and directed in his Will that out of the rents and profits an annual premium should be given to any member of this University, under the degree or standing of M.A., who should compose the best Dissertation in the English Language, on the Evidences in general, or on the Prophecies or Miracles in particular, or on any other particular argument, whether the same be direct or collateral proofs of the Christian religion, in order to evince its truth and excellence.

The subject is delivered out before June 1, and the Dissertations are sent to the Vice-Chancellor on or before November 15 in the year following.

The adjudicators are the Vice-Chancellor, the Masters of Trinity and St John's, and the Regius, Lady Margaret's, Norrisian, Hulsean, and Ely Professors of Divinity.

The writer of the Dissertation best approved is to print it at his own expense, and not to offer himself a second time for the premium.

By a Statute, confirmed by the Queen in Council, Aug. 1, 1860, the premium of the Dissertator is to be one-tenth part of the net income of Mr Hulse's Benefaction. The amount of the premium is between £70 and £80.

MEMBERS' PRIZES.

The Representatives in Parliament of this University formerly gave four annual prizes of fifteen guineas each, which were adjudged by the Vice-Chancellor and Heads of Colleges, to two Bachelors of Arts, and two Undergraduates, for the best Dissertations in Latin prose, which were read publicly by them in the Senate-House on a day appointed near to the Commencement, and afterwards sent by them to the aforesaid Members. Of these prizes, two were open to all Bachelors of Arts, without distinction of years, if not of sufficient standing to take the degree of M.A.;—the other two were open to all Undergraduates who had resided not less than seven terms at the time when the exercises were to be sent in. The subjects were delivered out at the end of Michaelmas Term, and each candidate was required to send his exercise privately to the Vice-Chancellor, on or before the 31st of March, in the same manner as the exercises for the Chancellor's Medal. These prizes (confined until 1827 to Senior and Middle Bachelors) were established in 1752 by the Hon. Edward Finch and the Hon. Thomas Townshend, and were continued by the succeeding Members until 1870, when in lieu of four Prizes for Latin Essays of £15. 15*s.* each, the Representatives of the University in Parliament desired to give annually two Prizes of £31. 10*s.* each, one for an English Essay on some subject connected with British History or Literature, the other for a Latin Essay, each Prize to be open for competition to all Members of the University not of sufficient standing to be created Masters of Arts or Law; and the following Regulations were confirmed by Grace of the Senate, Nov. 11, 1869.

1. That there be two yearly Prizes of £31. 10*s.* each, to be called The Members' Prizes, the one for an English Essay on some subject connected with British History or Literature, the other for a Latin Essay.

2. That each of these Prizes shall be open for competition to all Students of the University who are not of sufficient standing to be created Masters of Arts or Law, or who being Students of Medicine are of not more than seven years' standing from Matriculation; provided that no Student, who has gained either Prize, shall be eligible for another Members' Prize given for an Essay in the same language.

3. That the subject for the English Essay shall be selected and the Prize adjudged by the Vice-Chancellor and two Examiners elected by Grace of the Senate at the last Congregation in February in each year.

4. That the subject of the Latin Essay shall be selected and the Prize adjudged by the Vice-Chancellor and two Examiners elected by Grace of the Senate at the last Congregation in February in each year.

5. That the subjects both of the Latin and of the English Essay shall be given out at the end of the Lent Term, and the Essays sent in on or before the tenth day of November in each year.

6. Any Essay, which the Examiners at the time of adjudging the Prize shall unanimously declare to be in their judgment worthy of being published, shall be printed at the expense of the University.

7. These Regulations shall be subject to alteration from time to time by Grace of the Senate with the consent of the Representatives in Parliament for the time being of the University.

NORRISIAN PRIZE.

JOHN NORRIS, Esq. the Founder of the Divinity Professorship, bequeathed in 1777 a premium of £12 per annum, (£7. 4*s*. to be expended upon a gold medal, the residue in books), to the author of the best prose English Essay on a sacred subject.

The following Regulations were made by a Statute, approved by Her Majesty by Order in Council, April 6, 1858.

1. The University shall have power to alter and determine from time to time, by Grace of the Senate, the regulations respecting the persons by whom the subject of the Essays is to be given out and the Prize adjudged; and also the regulations respecting the time and mode of publication of the subject, and the times of sending in the Essays, of adjudging the Prize, and of printing and publishing the Essay for which the Prize is given.

2. The Prize shall be given once in five years only, and shall be the sum of the annuities of the five years preceding the adjudication.

3. The Candidates shall be Graduates of the University of Cambridge, and of not more than thirteen years' standing from admission to their first degrees when the Essays are sent in.

4. The successful Candidate shall receive the gold medal described by Mr Norris, together with books, to be selected by himself and approved by the Norrisian Professor, not exceeding in value Fifteen pounds, and the remainder of the Prize in money; or money instead of the gold medal or books according to his option; but in no case shall the medal or books be given, or the money paid, till the Essay has been printed and published.

The subject is proposed by the Vice-Chancellor, the Norrisian Professor, and two members of the Senate appointed on each occasion by Grace of the Senate before the end of the Lent Term of any year in which a subject for a Dissertation is to be announced. It is given out before the first of June, and the Essay must be sent to the Vice-Chancellor on or before the 15th of November in the year following. A sheet of paper, folded up like a letter, with the name of the Candidate enclosed, and sealed, must be sent with the Essay; also a Greek or Latin motto must be inscribed on the Essay, and the same on the sheet inclosing the name.

PRINCE CONSORT PRIZE.

At a meeting of the subscribers to the Prince Consort Memorial on June 12, 1883, it was resolved to transfer the surplus of the Memorial Fund to the University, with the object of founding "a Prize or Scholarship, to bear the Prince Consort's name, for the promotion of Historical Studies in such manner as they may from time to time determine." This offer was accepted by the Senate on June 23, 1883.

The sum transferred to the University by the subscribers to the Prince Consort Memorial amounted to about £1850.

The following are the Regulations:—

1. There shall be established in the University a prize, called the "Prince Consort Prize," to be awarded for dissertations involving original historical research.

2. The prize shall be offered in alternate years, the first award to be made in the year 1888.

3. The income derived from the fund transferred to the University by the subscribers to the Prince Consort Memorial shall be applied, firstly, to provide a bronze medal or medals to be presented to those candidates whose dissertations appear to the adjudicators to deserve publication; secondly, to the payment of the adjudicators as hereinafter determined; thirdly, towards defraying the expenses of printing and publishing the said dissertations.

4. The prize shall be open to all graduates of the University who are under the age of twenty-seven years on the day appointed for sending in the dissertations.

5. The adjudicators shall be the Regius Professor of Modern History, the Dixie Professor of Ecclesiastical History, the Professor of Ancient History, and two others who shall be elected by the Senate in the Lent Term of the year next but one before that in which the prize is to be awarded, one on the nomination of the Special Board for Classics, and one on the nomination of the Special Board for History and Archæology. Each elected adjudicator shall receive the sum of five pounds from the income of the fund.

6. The adjudicators shall in the Easter Term of the year next but one before that in which the award is to be made select and announce two or more subjects for dissertations, half the number of such subjects being chosen from the period of history before A.D. 800, and half from the period after A.D. 800, and also, if they think fit, one subject covering portions of both periods.

7. The dissertations shall be either on one of the subjects so announced,

or on some other subject of historical research selected by the candidate. In the latter case the subject shall, at some time between the announcement of the subjects and the 15th of May in the following year, be communicated to the Regius Professor of Modern History for the approval of the adjudicators, who shall meet once in every term, if necessary, to approve or reject any subject so submitted to them; and their approval or rejection shall be communicated without delay to the candidate.

8. The dissertations shall be sent in to the Vice-Chancellor on or before the 31st of October in the year next after that in which the subjects are announced; and the adjudicators shall, on or before the 31st of January following, declare which of the dissertations, if any, are in their opinion deserving of publication.

9. The adjudicators shall decide to what extent the successful candidates shall be permitted to revise their dissertations.

10. Those dissertations which the adjudicators declare to be deserving of publication shall be published by the University, singly or in combination, in an uniform series, at the expense of the fund, under such conditions as the Syndics of the University Press shall from time to time determine.

11. If in any year the nett proceeds of the fund applicable in that year shall more than suffice for the expenses, the surplus shall be carried on to the current account; provided that, if and so soon as the sum standing to the credit of the current account shall be more than twice as large as the annual income of the fund, any further surplus shall be carried over to the capital account.

The Rev. Thomas Seaton, M.A., Fellow of Clare College, bequeathed to the University, in 1741, the rents of his Kislingbury estate, now producing clear £40 per annum, to be given yearly to that Master of Arts who shall write the best English Poem on a sacred subject. The following Regulations were adopted (Grace of the Senate, June 9, 1898).

1. The Seatonian Prize shall consist of the net income arising from the Kislingbury estate bequeathed to the University by the Reverend Thomas Seaton and from any securities belonging to the trust.

2. The Examiners shall be the Vice-Chancellor, the Master of Clare College, the Regius Professor of Greek, and one additional Examiner appointed by the Senate in the Michaelmas Term of each year on the nomination of the Council of the Senate.

3. The Prize shall be open for competition among all Masters of Arts of the University.

4. In the course of the Lent Term of each year the Examiners shall give public notice of a Poem in English on a sacred subject as defined in the Will of the Founder, and all exercises for the Prize shall be sent to the Vice-Chancellor not later than the 30th day of September next following.

name, and shall be accompanied by a sealed envelope bearing the same motto outside and containing the Candidate's name and College.

6. The Examiners shall not be bound to award the Prize if no Exercise, which in their judgment is worthy of a Prize, shall be sent in.

7. The successful Candidate shall print his poem at his own expense.

THIRLWALL PRIZE.

The Committee of the Thirlwall Memorial in 1884 offered to the University a certain sum of money "for the purpose of instituting a prize in the University, to be called the Thirlwall Prize, for the best dissertation on some historical subject involving original research." This offer was accepted by the Senate by Grace of June 12, 1884.

The sum of money transferred to the University by the subscribers to the Thirlwall Memorial amounted to about £1200.

The following are the Regulations:—

1. There shall be established in the University a prize, called the "Thirlwall Prize," to be awarded for dissertations involving original historical research.

2. The prize shall be offered in alternate years, the first award to be made in the year 1889.

3. The income derived from the fund transferred to the University by the subscribers to the Thirlwall Memorial shall be applied, firstly, to provide a bronze medal or medals to be presented to those candidates whose dissertations appear to the adjudicators to deserve publication; secondly, to the payment of the adjudicators as hereinafter determined; thirdly, towards defraying the expenses of printing and publishing the said dissertations.

4. The prize shall be open to all graduates of the University who are under the age of twenty-seven years on the day appointed for sending in the dissertations.

5. The adjudicators shall be the Regius Professor of Modern History, the Dixie Professor of Ecclesiastical History, the Professor of Ancient History, and two others who shall be elected by the Senate in the Lent Term of the year next but one before that in which the prize is to be awarded, one on the nomination of the Special Board for Classics, and one on the nomination of the Special Board for History and Archæology. Each elected adjudicator shall receive the sum of five pounds from the income of the fund.

6. The adjudicators shall in the Easter Term of the year next but one before that in which the award is to be made select and announce two or more subjects for dissertations, half the number of such subjects being chosen from the period of history before A.D. 800, and half from the period after A.D. 800, and also, if they think fit, one subject covering portions of both periods.

7. The dissertations shall be either on one of the subjects so announced, or on some other subject of historical research selected by the candidate. In the latter case the subject shall, at some time between the announcement of the subjects and the 15th of May in the following year, be communicated to the Regius Professor of Modern History for the approval of the adjudicators, who shall meet once in every term, if necessary, to approve or reject any subject so submitted to them; and their approval or rejection shall be communicated without delay to the candidate.

8. The dissertations shall be sent in to the Vice-Chancellor on or before the 31st of October in the year next after that in which the subjects are announced; and the adjudicators shall, on or before the 31st of January following, declare which of the dissertations, if any, are in their opinion deserving of publication.

9. The adjudicators shall decide to what extent the successful candidates shall be permitted to revise their dissertations.

10. Those dissertations which the adjudicators declare to be deserving of publication shall be published by the University singly or in combination, in an uniform series, at the expense of the fund, under such conditions as the Syndics of the University Press shall from time to time determine.

11. If in any year the nett proceeds of the fund applicable in that year shall more than suffice for the expenses, the surplus shall be carried on to the current account; provided that, if and so soon as the sum standing to the credit of the current account shall be more than twice as large as the annual income of the fund, any further surplus shall be carried over to the capital account.

WALSINGHAM MEDAL.

Lord Walsingham, High Steward of the University, having offered to give annually for three years a Gold Medal for the best Monograph or Essay giving evidence of original research in any subject coming under the cognisance of the Special Board for Biology and Geology, the offer was accepted, and the following Regulations were confirmed by Grace of the Senate, Dec. 3, 1891.

1. The Medal shall be called the "Walsingham Medal."

2. The Medal shall be awarded for a Monograph or Essay giving evidence of original research on any Botanical, Geological, or Zoological subject; Zoology being understood to include Animal Morphology and Physiology, and an Essay on any subject of Chemical Physiology being valued according to its Physiological rather than its Chemical importance.

By Grace of the Senate (*Ordinances*, p. 441) each Candidate is required to state, generally in a preface to his Essay and specifically in

notes, the sources from which his information is taken, the extent to which he has availed himself of the work of others, and the portions of the Essay which he claims as original.

3. Candidates for the Medal shall be Graduates of the University who at the time fixed for sending in the Essays are under the standing of Master of Arts, provided that those who have graduated as Advanced Students shall cease to be admissible as Candidates at the end of four years from the end of their first term of residence, and provided further that a Candidate who has proceeded to the Degree of B.A. under a Certificate of Research shall not be entitled to submit an Essay which is substantially the same as the Dissertation for which such Certificate of Research was granted.

4. The Medal shall be adjudged by the Special Board for Biology and Geology, who shall have power to adjudge a bronze replica of the Medal as a second Medal in any year in which two Essays of nearly equal or of exceptional merit are received.

5. The Special Board for Biology and Geology shall cause a notice of the conditions of the award to be inserted in the *University Reporter* in the course of the Michaelmas Term of each year; and the Essays, which may be written, lithographed, or printed, whether previously published or not, shall be sent to the Chairman of the Special Board not later than the tenth day of October in the year next following.

6. If the Special Board shall be of opinion that any of the Essays sent in constitute *primâ facie* a qualification for the Medal, they shall obtain Reports upon each such Essay from at least two persons who may be Members of the Special Board or not.

7. If the Special Board be of opinion that one of the Essays is worthy of the Medal, their resolution to that effect shall be communicated to the Vice-Chancellor, who shall thereupon announce the award of the Medal; but if, in the opinion of the Board, no Monograph or Essay be found to attain a sufficient standard of excellence, they shall be at liberty to reserve the Medal of that year for award as an additional Medal in some subsequent year.

8. A copy of the successful Essay shall be sent to Lord Walsingham, the Donor of the Medal.

9. The Regulations shall be subject to revision from time to time by the Special Board for Biology and Geology with the consent of the Donor of the Medal.

YORKE PRIZE.

Edmund Yorke, M.A., late Fellow of St Catharine's Hall, bequeathed a sum of £3989. 10*s.* 3*d.* 3 per cent. consolidated annuities for the purpose of founding a Prize for an Essay on the Law of Primogeniture. A scheme for carrying out the bequest received the sanction of the Court of Chancery, June 1, 1875: a capital sum of £3689. 1*s.* 7*d.* being transferred to the University.

The following are the Regulations:

1. That the Prize be called the "Yorke Prize," to be awarded annually.

2. That each Prize be awarded to the Author, being a Graduate of the University of Cambridge, of the best Essay upon some subject relating to "The Law of Property, its Principles and History in various Ages and Countries." Such Graduate shall not be of more than seven years standing from admission to his first degree at the time when the Exercises are directed to be sent in.

3. That the subject for each Essay be selected and the Prize adjudged by two or more Judges or Adjudicators selected and appointed by the Vice-Chancellor, the Master of Trinity College, and the Master of Magdalene College, and approved by Grace of the Senate.

4. That the subject for each Essay be announced and published before the end of November in each year, and that the Exercises be sent in before the first of December of the year next but one succeeding. That they be sent to the Vice-Chancellor in the same manner and form as are prescribed by the Regulations for the Chancellor's English Medal, and that the Prize be awarded before the first of February following.

5. That each Adjudicator shall receive five pounds out of the income of the Fund.

6. That the Public Orator or one of the Professors or Public Functionaries of the University, who shall be able and willing to act, shall be invited by the Vice-Chancellor, the Master of Trinity College, and the Master of Magdalene College, to act as Adjudicator in the event of such difference of opinion between the paid Adjudicators as shall prevent them from adjudging the Prize, and that his decision in the case of any reference to him shall be conclusive.

7. That the successful competitor for a Prize shall print and publish his Essay at his own expense in such manner and within such period as the Vice-Chancellor and the Masters of Trinity and Magdalene Colleges shall from time to time direct, and that a copy thereof shall be sent to the University Library and to each of the Adjudicators.

8. That out of the income of the trust funds accrued due since the last previous adjudication of the Prize, the Adjudicators shall receive the amount payable to them, and that the residue of such income shall be paid to the successful competitor.

9. That if on any occasion the Adjudicators shall be of opinion that no Essay sent in is deserving of a Prize, the amount of the Prize for that occasion shall be invested in the purchase of £3 per cent. Consolidated Annuities to be added to the capital trust fund.

The following Regulations were adopted by Grace of the Senate, June 9, 1898.

The following Regulations were adopted for the Chancellor's Medal for an English Poem by Grace of the Senate, June 9, 1898.

1. The Chancellor's Medal for an English Poem shall be open for competition among all resident undergraduates.

2. The Examiners shall be the Vice-Chancellor, the Public Orator, the Regius Professor of Greek, and two additional Examiners appointed by the Senate in the Easter Term of each year on the nomination of the Council of the Senate.

3. On or before June 15 in each year the Vice-Chancellor shall give public notice of a subject for the English Poem, and all Exercises must be sent to the Vice-Chancellor on or before the first day of February next following, and must not exceed 200 lines.

4. Each Candidate shall send his Exercise privately to the Vice-Chancellor. The Exercises shall bear a motto but not the Candidate's name, and shall be accompanied by a sealed envelope bearing the same motto outside and containing the Candidate's name and College.

5. The Examiners shall not be bound to award the Medal if no Exercise, which in their judgment is worthy of a Medal, shall be sent in.

6. The successful Candidate shall recite his poem in the Senate House on the day fixed for the recitation of Prize Exercises.

JOHN CRANE, Apothecary in Cambridge, and M.A., died in 1654, and left by his Will money to buy an estate of £62 per annum[1], to be settled on the five corporations following, *viz.* the University of Cambridge, the towns of Wisbech, Cambridge, Lynn, and Ipswich[2]. The rents to be received by these in order, and to be applied by the University in their turn towards the relief of Sick Scholars. The distribution to be made by the Vice-Chancellor, the Professors of Divinity, the Civil Law, and Physic, and the Chief Apothecary of the town. The Master of Caius College is requested to assist the Distributors. Meetings of the distributors, to consider and determine the claims of applicants for the benefit of this charity, take place on the third Tuesday of *May*, and the third Tuesday of *November*, in every year, and all applications of Scholars must be made by the Tutors of their respective colleges.

The Trustees wish it to be understood that they are willing to apply to "Institutions for Nursing Sisters," for nurses to attend poor sick scholars and to pay their wages in case of necessity; they make grants on account of medicine, medical attendance, nursing, diet, and other necessaries in sickness; applications to be made to the Vice-Chancellor for the time being, or, if nurses from the institutions be required, to the Regius Professor of Physic.

ADDENBROOKE'S HOSPITAL

Was opened in the year 1766, having been founded by John Addenbrooke, M.D., formerly fellow of Catharine Hall. It was further endowed in 1813 by a bequest of £7000 from Mr John Bowtell, late bookseller and stationer in Cambridge, and is supported chiefly by voluntary contributions. A few years ago it was greatly enlarged and altered, and almost rebuilt, and now contains above one hundred and twenty beds for patients, a children's ward and isolation wards and large out-patient departments.

Certificates of attendance on the practice in it are recognized by the University, by the Royal Colleges of Physicians and Surgeons, and by the other licensing medical bodies.

The Physicians and Surgeons attend daily in the wards, and Clinical Lectures are delivered weekly during Term time and also in the long Vacation. The composition fee for attendance on the Medical and Surgical Practice and the Lectures is eight guineas.

THE UNIVERSITY LIBRARY.

This great Library, containing at present more than 500,000 volumes, has been enriched at different times by royal and private benefactors, amongst whom, as donors of Books, the names of Dr Richard Holme (1424), Archbishop Rotherham (1480), Archbishop Parker (1574), Dr Andrew Perne (1589), Dr Richard Holdsworth (1648), Mr Henry Lucas (1663), Bishop Hacket (1670), King George I. (1715), Henry Bradshaw (1886), and Samuel Sandars (1894), may be mentioned as pre-eminently distinguished.

The permanent sources of its increase are as follows:

1. The Copyright Acts, under which this Library, in common with four others, is entitled to a copy of every book published in the United Kingdom.

2. The Rustat Fund, arising from an estate at Ovington in Norfolk. This estate was bought with £1000 given to the University in 1666, by Tobias Rustat, Esq. M.A., Yeoman of the Robes to King Charles II., to be laid out in land, the rents to be applied in the purchase of *choice* books for the Library. The available annual income is now about £150.

3. William Worts, Esq. M.A., of St Catharine's College, ordered by his Will, in 1709, that the annual surplus of the rents and profits of his estate at Landbeach, in the county of Cambridge, after the discharge of the other outgoings, should be applied to the use of the Library. This surplus now amounts to about £700 a year.

4 In 1826, the Rev. John Manistre, M.A. Fellow of King's College, bequeathed £5000, to purchase books. This sum has been invested, and produces the annual income of £140.

5. By Grace of the Senate (May 31, 1866) a portion of the quarterly payment made by all Members of the University to the Chest is allowed for the support of the Library. This amounts now to £4,500 a year (Grace, March 2, 1899).

6. By the Statutes of 1882, the Common University Fund is applicable to the Library; an annual grant of £1000 is made to the Library from this source.

THE UNIVERSITY PRESS.

The management of the University Press is committed to a Syndicate consisting of the Vice-Chancellor, and fifteen other members of the Senate elected by Grace, three of whom retire by rotation every year.

The business of the Press is conducted under the direction of Mr J. Clay, M.A., and Mr C. F. Clay, M.A., the University Printers, as Managing Partners. Mr R. T. Wright, M.A., is Secretary to the Syndicate.

On the death of the Right Honourable William Pitt, many distinguished personal friends of that statesman and admirers of his public conduct entered into a subscription for the purpose of erecting some memorial worthy of his name.

By means of the funds thus raised a marble statue of Mr Pitt, executed by Westmacott, was erected in Westminster Abbey; and a bronze statue of him, executed after a model by Chantry, was placed in Hanover Square, London. A large sum still remained unexpended; and the Committee at whose disposal the Funds were placed, desiring to employ the surplus in some mode that might contribute to the honour and usefulness of the University in which Mr Pitt had received his education, offered to erect a building which should form the front of the University Printing Offices, and be designated by the name of the Pitt Press.

This offer was accepted; and a large sum of money was expended by the University in purchasing the necessary site. The first stone of the New Building was laid in 1831 by the Marquis Camden, the chairman of the before-mentioned Committee, attended by the Earl of Clarendon, the Earl of Harrowby, Lord Farnborough, and Henry Bankes, Esq. M.P., also Members of that Committee.

The edifice was completed in 1833.

The publishing business of the Press is carried on, under the management of the Messrs. Clay, at the Cambridge University Press Warehouse, Ave Maria Lane, London, E.C.

THE FITZWILLIAM MUSEUM.

Richard, Viscount Fitzwilliam, formerly of Trinity Hall, (M.A. 1764,) who died 5th February, 1816, bequeathed to the University his splendid collection of books, paintings, illuminated MSS., engravings, &c., together with the dividends or annual proceeds of £100,000 South Sea Annuities, for the erection of a Museum for their reception.

The dividends on the above-mentioned Stock having accumulated to a sum exceeding £40,000, the existing building was commenced on the 2nd of November, 1837, from the designs of George Basevi, Esq., and carried on under his superintendence until his death in 1845, when C. R. Cockerell, Esq., R.A., the architect of the University Library, was appointed to succeed him. In the course of the year 1847 it became evident that the available funds would not suffice for the entire finishing of the Hall: the further works were therefore suspended for a period of years sufficient to allow of the accumulation of the requisite sum, and the Pictures, Books, and other articles which comprise the Fitzwilliam Collection, together with the Mesman Collection described below, and other donations, were removed into the new building. The entrance hall was completed and decorated in 1875 at a cost of more than £20,000 from the designs of Mr E. M. Barry, R.A. The total cost of the building has been about £116,000. Among the most valuable pictures in the collection are three of the Venetian School, all formerly in the Orleans Gallery, viz. *Venus and Cupid* by Palma Vecchio, *Mercury and the Daughters of Cecrops*, by Paul Veronese; and a Gentleman and his Mistress by Titian; and one by Rembrandt, engraved as the *Portrait of an Officer*. The collection of early prints is one of the richest in Europe. The bulk of this collection is contained in a large number of bound albums in the library of the Museum. The works of the early engravers of Germany and the Low Countries, and those of Rembrandt, are arranged on separate mounts and placed in solander cases.

A selection of the engravings so mounted is exhibited under glass in the picture gallery.

Daniel Mesman, Esq., bequeathed a collection of Pictures to the University. His brother the Rev. Charles Mesman, to whom they were bequeathed for his life, having given up his life-interest in the bequest, the collection came in 1834 into the immediate possession of the University. The collection amounts in number to 248 Paintings and 33 Drawings and Prints. The majority of the Pictures are small examples of the Flemish and Dutch schools.

On the 16th of April, 1850, John Disney, Esq., F.R.S., F.S.A., of the Hyde, near Ingatestone, Essex, presented a collection of Ancient Marbles, eighty-three in number. On the 29th of July, John Kirkpatrick, M.A. of Trinity College, of Monk's Horton Park, Hythe, Kent, presented a collection of thirty-four casts of antique statues. These were transferred to the Museum of Classical Archaeology in 1884. The collection of ancient marbles formed by Dr Clarke have also been transferred from the University Library to the Sculpture Gallery of this Museum.

In 1861 John Ruskin presented to the Museum twenty-five water-colour drawings of great interest and beauty by the late J. M. W. Turner, R.A.; and in 1862 Mrs Elizabeth Ellison, of Sudbrooke Holme, Lincolnshire, presented thirty pictures by modern English Masters. Seven pictures, by Adrian Vandervelde, Ruysdael, Paul Potter, Old Francks, Patel and Nikkelen, were presented in 1864 by A. A. VanSittart, Esq., late Fellow of Trinity College. In 1872, by an arrangement with the executors of the Rev. R. E. Kerrich, the Museum acquired a portion of certain collections bequeathed to it by that gentleman; viz. seven paintings, two hundred volumes of books, and many valuable portfolios of ancient prints. A small collection of oil-paintings, including three important works by Hogarth, was bequeathed by the Rev. J. W. Arnold, D.D., in 1859, and placed in the Museum in 1873. In 1876, a further gift of seventeen pictures was made by A. A. VanSittart, M.A., including fine examples of Hobbema, Ruysdael, and Wynants, and works by Guercino, Bellotti, and Marieschi. In 1878 the Museum acquired, by the bequest of the Rev. C. Leasingham Smith, eleven pictures of various schools, including works of Salvator Rosa, Peter Molyn, Marieschi, Wilson, and a miniature portrait by Cooper.

Fifteen paintings on panel illustrative of early Italian Art were purchased in 1893. These include a Pisan or Sienese Crucifixion of about 1200 A.D., and fine altar retables by Simone Memmi and Cosimo Rosselli, together with other interesting examples of the schools of Siena and Florence during the fourteenth and fifteenth centuries.

The University purchased (Grace, Feb. 25, 1864) a collection of coins from the Executors of the late Colonel Leake. This has been placed in the Library of the Museum. In 1876 (Grace 4,

Nov. 23) a considerable purchase of rare prints, towards the completion of the collection of German and Flemish masters, was made at the Liphart sale; also a collection of ancient Phœnician, Greek, and Roman glass from tombs in the island of Cyprus was purchased (Grace 5, Nov. 23) from General L. P. di Cesnola, and has been arranged in two cases in the Vase-room. A number of other objects from Cypriote tombs has been added to the collection. In the same year (Grace, Nov. 30) nineteen albums of ancient engravings, four of them containing exclusively the etchings of Rembrandt and his scholars, were transferred to the Fitzwilliam Museum from the University Library; and the most important portions of their contents have been incorporated with the collections of Lord Fitzwilliam and Mr Kerrich. In 1890 and 1891 a considerable number of early printed books illustrated with woodcuts were purchased for the Library. In 1886, the Committee of the Antiquarian Society recommended that the Director of the Fitzwilliam Museum should receive under his charge the Collection of Coins belonging to the Society and consisting of, 1st, an old Collection of English, Roman and foreign Coins; 2nd, Dr Bacon's Collection, mostly English and foreign; 3rd, 17th century tokens. This offer was accepted by Grace of the Senate, March 25, 1886. In 1899 a collection of coins, ancient, medieval, and modern, numbering about 12,000, was presented by the Rev. W. G. Searle, M.A., Queens' College.

The three galleries in the basement have been re-arranged, so that the South Gallery contains the collection of Greek vases and glass and Cypriote Antiquities; the East Gallery Greek and Roman Marbles, Bronzes and Inscriptions, together with Egyptian Antiquities, and the North Gallery principally Egyptian Antiquities.

The following catalogues of the collections in the Museum are now on sale: *A Short Catalogue of the Pictures*, by Mr Sidney Colvin; *Catalogue of the Engraved Gems*, by Dr J. H. Middleton; *Catalogue of the Engraved Works of Albert Dürer*, by Mr C. H. Middleton-Wake; *Catalogue of the Fitzwilliam Collection of Music*, by Mr J. A. Fuller-Maitland and Dr A. H. Mann; *Catalogue of the Egyptian Antiquities*, by Dr E. A. Wallis Budge; *Catalogue of the Manuscripts*, by Dr M. R. James; *Catalogue of the Greek Vases* by Professor E. A. Gardner; *Handbook to the Museum* by H. A. Chapman.

Photographs of some of the principal pictures are on sale at the Museum.

The care and arrangement of the collections in the Museum is entrusted to a Director, and its general management to a Syndicate composed of the Vice-Chancellor, and eight other members of the Senate elected by Grace, two of whom in rotation retire every year, their places being supplied by two other members elected by the Senate. They meet in the Museum at least twice in every

Term, four members (the Vice-Chancellor or his deputy being one) being requisite to constitute a quorum; but in cases of emergency arising at times when the members of the University are for the most part absent from Cambridge, a smaller number are authorized to act, provided they are unanimous.

THE MUSEUM OF ARCHAEOLOGY.

This building, which was formally opened by the Vice-Chancellor, May 6, 1884, consists of two parts, a Museum of Classical Archaeology and the Museum of General and Local

Archaeology and of Ethnology. The Fitzwilliam Museum Syndicate and the Director are responsible to the University for the care of the entire building, but for administrative and financial purposes the Museum of Classical Archaeology and the Museum of General and Local Archaeology are separate.

MUSEUM OF CLASSICAL ARCHAEOLOGY.

This Museum, which is looked upon in every respect as a portion of the Fitzwilliam Museum, consists of four Galleries of Casts (A, B, C, D), a Library with a room for the Director, and a Lecture-Room, together with large accommodation in the basement. A house adjoining has been secured as a residence for the Assistant.

The four Galleries of Casts are arranged in a chronological series, each Gallery representing, as far as practicable, a marked period in the history of Art, as follows:

A. The Archaic period (down to the early part of the 5th century B.C.).
B. The age of Pericles (Paionios, Alkamenes, Pheidias, Polykleitos, 5th century B.C.).
C. The age of Philip and Alexander (Skopas, Praxiteles, Lysippos, 4th century B.C.).
D. The Hellenistic schools of Pergamon and Rhodes, and the Graeco-Roman period, together with portrait-statues and busts.

Of these casts a certain number were already in the Fitzwilliam Museum, and have been transferred to this building; but the great mass of them have been purchased out of the Fitzwilliam income.

The Library consists, in the first place, of the chief part of Colonel Leake's books, which have been transferred from the Fitzwilliam Museum, forming a good working basis for further additions. A subscription raised by Professor Colvin in 1883-4 for this particular object was laid out by him in the purchase of upwards of 850 volumes, and a large number of works on Archaeology have been added since.

The Lecture-Room is not only used for University Lectures, but is available, by permission of the Syndics, for other archaeological lectures. It is also used for the meetings of the Cambridge Antiquarian Society.

REGULATIONS FOR THE FITZWILLIAM MUSEUM OF CLASSICAL ARCHAEOLOGY.

I. As to the Sculpture Galleries:

The Rules for admission to the Galleries of the Fitzwilliam Museum of Classical Archaeology are the same as those for admission to the Picture Galleries of the Fitzwilliam Museum.

II. As to the Library:

1. The Library is open to Graduate members of the University on the same days and hours as the Sculpture Galleries.

2. The Director is authorized to grant permission to use the Library for purposes of Archaeological study to Undergraduates on the recommendation of their College Tutor, and to other persons at his discretion.

3. No books shall be taken out of the building without a written order from the Director. The Director may at his discretion allow books to be taken out

(1) For a period not exceeding twenty-four hours when they are required in Cambridge for the illustration of lectures or for comparison with objects which cannot be conveniently brought to the Museum.

(2) From not earlier than half an hour before the Library is closed on any day to not later than half an hour after the Library is opened on the next occasion.

4. The titles of all books removed from the building, and the names of the persons borrowing them shall be entered in a book kept for the purpose.

Director.

M. R. James, Litt.D., King's.

MUSEUM OF GENERAL AND LOCAL ARCHAEOLOGY AND OF ETHNOLOGY.

This Museum, which occupies the Eastern and Southern portions of the building, consists of four Galleries (E, F, G, H), and a room for the Curator, together with a portion of the basement.

The nucleus of this Museum is the 'Cambridge Antiquarian Museum and Library,' which consists of the collections formed by the Cambridge Antiquarian Society since its foundation in 1840. During this period a large number of specimens of local antiquities were brought together, including more than one collection of intrinsic value and importance relating to the district of which Cambridge may be looked upon as the centre. The Society never possessed any local habitation of its own, and its collections were long housed in one or other of the University buildings; but when the proposal for a University Museum of Archaeology took definite form, the Society offered to present the whole of its collections and library to the University, if only they could be adequately housed and cared for. This arrangement was carried into effect when the present building was completed; and the collections of the Society now occupy the Eastern Gallery next to the entrance. Two important ethnological collections formed in Fiji, the one by the Hon. Sir Arthur H. Gordon, G.C.M.G., M.A. of Trinity College, the other by A. P. Maudslay, Esq., M.A. of Trinity Hall, were presented by them to the University in 1884, and the entire series of South Sea Island native manufactures collected by Baron A. von Hügel was then placed on deposit in the Museum. Among the numerous additions since made to these collections is a set of casts of some very remarkable

sculptures from Central America, the result of the Maudslay explorations in that country, which were aided by a grant from the University. A valuable collection of pottery and shell and stone implements from the West Indies has been presented by Col. H. W. Feilden, and Lady Scratchley has placed on deposit in the Museum the Ethnological Collection formed by her husband, the late Sir Peter Scratchley, K.C.B., when Commissioner for New Guinea. A collection of about six hundred objects illustrating the folk-lore of Mexico, made by Professor Starr of Chicago, was received by the University on permanent deposit in 1899 from the Folk-lore Society, to whom Professor Starr had presented it: and a collection of Irish antiquities, formed by T. R. Murray, Esq., Blundell House, Edenderry, King's County, Ireland, has been added to the Museum.

The management of this Museum is entrusted by Grace to the Antiquarian Committee. This body consists of the Vice-Chancellor, the Director of the Fitzwilliam Museum, two members of the Fitzwilliam Museum Syndicate appointed by the Syndicate, the President of the Cambridge Antiquarian Society, and two members of the Council of the Cambridge Antiquarian Society appointed by the Council of that body, every member of the Committee keeping his place on the Committee so long only as he holds the qualification in virtue of which he has been appointed, and of three other persons to be elected by Grace of the Senate. They are bound to meet at least once a term and to present an annual Report to the Senate; they may also report to the Senate at any other time when they deem it desirable. A maintenance fund of £60 a year was assigned in 1888 for the support of this Museum; it has since been increased to £100.

The Curator, to whom the care of the Museum is entrusted, is appointed by the Antiquarian Committee, with the consent of the Vice-Chancellor, and acts as Secretary to the Committee.

The Museum is open daily, from 10 to 6 in summer, and from 10 to 4 in winter.

Curator.

Baron Anatole von Hügel, M.A., Trinity.

THE CAMBRIDGE OBSERVATORY

Was erected in 1822-4, after the designs of Mr J. C. Mead, of London, at an expense of upwards of £18,000. About £6000 of this sum was contributed by subscriptions, and the remainder was granted from the public chest of the University.

There is a very fine Transit Circle by Simms. The object glass of the telescope is an excellent one, by Cooke, of 8 inches aperture. There are two divided circles of 3 feet in diameter, each of them being read off by means of four micrometer microscopes.

This instrument was procured by means of a grant from the Special Sheepshanks Fund mentioned below.

The Transit Clock is by Hardy. There are also two other clocks, one by Molyneux and Cope, and one by Graham, with several smaller instruments, of which some have been purchased by the Plumian Professors according to the regulations of their

foundation, and others have been bought by the University, or have been presented to the Observatory by generous benefactors.

In 1835, a telescope, of nearly twelve inches aperture and twenty feet focal length, made by M. Cauchoix of Paris, was presented to the Observatory by his Grace the Duke of Northumberland, Chancellor of the University, who at the same time intimated his wish to be allowed to present it in a complete working state. A building was accordingly erected near the Observatory, with a revolving dome, twenty-seven feet in diameter, and the equatoreal mounting of the telescope was completed under the superintendence of G. B. Airy, Esq., then Plumian Professor.

In December 1858, the Representatives of the late Rev. Richard Sheepshanks, M.A. fellow of Trinity College, gave £10,000 stock, 3 per cent. Consols, for the promotion of the science of Astronomy in the University.

The annual proceeds of one-sixth part of this stock are to be applied every year to the maintenance of "The Sheepshanks Astronomical Exhibition," and the annual proceeds of the remaining five-sixths are to be applied to the following purposes, viz.:

To the causing to be made the best possible observations and calculations for advancing the science of Astronomy (whether Physical or Gravitational or Mensurative), or the sciences of Terrestrial Magnetism and Meteorology, or other sciences usually pursued continuously in an Observatory; or to the erection of Buildings or procuring of Instruments proper for, and appropriated to, those Observations; or to the payment of actual observers and actual computers personally employed on the Observations and Calculations.

The entire endowment is invested in the names of Trustees, who are the Master, Fellows and Scholars of Trinity College; but the immediate expenditure of the sums annually available for the purposes above mentioned is intrusted to the Observatory Syndicate.

In March, 1863, a further sum of £2000 was transferred to the University by Miss Sheepshanks to be employed for the benefit of the Observatory, with special preference for its employment in the purchase of one or more large instruments or classes of instruments, if such should be required.

In 1889 Mr R. S. Newall, F.R.S., offered to the University his refracting telescope with a view to its being used for the development of stellar physics. This offer was accepted by the University and the instrument was erected at Cambridge in 1891 on a site to the S.W. of the Northumberland Dome, in a field purchased as an addition to the Observatory grounds. The instrument was the first of the large refractors of modern days; it has an aperture of 25 inches, and a focal length of 29½ feet. The discs for the object-glass were cast by Messrs Chance of Birmingham, in 1862, and they were worked by Messrs T. Cooke and Sons of York. The

mounting, which is remarkably solid and steady, was made by the last-named firm, and was completed about the year 1871. The building is of iron, and has a hemispherical dome, with an internal diameter of 40 feet. The expense of removal of the Telescope and iron building from Gateshead-on-Tyne and the re-erection at Cambridge was met by a contribution from the Trustees of the Sheepshanks Fund, and a gift from Prof. Adams with the special view of purchasing additional land to improve the site.

In 1899 a Telescope was erected for Photographic purposes. The object-glass is a triple of 12½ inches aperture and 19¼ feet focal length by Messrs Cooke and Sons. The novel form of mounting is by Sir Howard Grubb, Dublin. The cost of this instrument and of the building which contains it was defrayed from the accumulations of the Sheepshanks bequest, and the instrument is accordingly known as the Sheepshanks Telescope.

By Grace of Nov. 27, 1862, it was ordered:—

That the Observatory Syndicate consist of the Vice-Chancellor, the Lucasian, the Plumian and the Lowndean Professors, and six other Members of the Senate to be elected by Grace.

That of these six Members two retire by rotation on the 12th[1] Nov. in every year, and that their places be supplied by two other persons elected at the next ensuing Congregation.

That the Syndicate be empowered to order new Instruments for the Observatory, to direct the requisite repairs of the buildings, and audit the accounts.

That the Syndicate meet at the Observatory once at least in every Term, and annually, in the month of May, inspect all the Instruments, &c. belonging to the Observatory, and afterwards make a Report to the Senate as well of the state of the Observatory as of the proceedings of the previous year.

By Grace of the Senate, June 9, 1892, the present Lowndean Professor, Sir R. S. Ball, was appointed Director of the Observatory, and H. F. Newall, M.A., Trinity College, was entrusted with the charge of the Newall Telescope. There are Assistant Observers appointed by the Director with the consent of the Vice-Chancellor; they or either of them to be removable in like manner at six months notice.

The volumes of Observations have been published from time to time (the expense being defrayed by the Press Syndicate). Copies have been distributed to the principal Observatories and Academies in Europe, as well as to several private Observers.

The Observatory is open to members of the University and their friends every day (except Sunday), between half-past Twelve and half-past One. No stranger is admitted except in company with a Member of the University.

Assistants—A. Graham, M.A.
A. R. Hinks, M.A.

Assistant paid for by the Sheepshanks Fund—Miss A. Walker.

1 By Grace of May 24, 1888, the day was changed to Dec. 31.

THE GEOLOGICAL MUSEUM.

The original collection in the Geological Museum consisted exclusively of those specimens, English and Foreign, which are described in Dr Woodward's Catalogues, printed in 1728-9. The English Fossils were bequeathed by him to the University; and by a Grace of the Senate, dated Feb. 26, 1729, the Vice-Chancellor was empowered to purchase of his heirs, for a sum not exceeding £1000, the Foreign Fossils described in the above-mentioned catalogues.

The University undertook to provide for the safe-keeping of the specimens and for the proper accommodation of future additions. The immense collection which has grown round the original Woodwardian Museum is at present housed in a building which was erected in 1835, at a cost of about £40,000, for the accommodation of the University Library and the Geological Museum, &c. Of this sum £23,000 was raised by public subscription and £4,000 was provided out of the Woodwardian Trust Fund. A sum now amounting with the interest to about £27,000 has been raised in order to erect a museum which shall be a fitting memorial to Professor Sedgwick. As soon, therefore, as it is found possible to realise the value of the existing building, there will be a sum available amply sufficient to erect a new museum in which students will be properly provided for, and the splendid collections made available for research.

The original collection has not been incorporated among the more recent additions to the Museum. It possesses a great historical value, as representing the condition of a progressive science during the latter half of the 17th century. It contains amongst other things the fossils collected by Agostino Scilla, a distinguished Sicilian painter who published in 1670 a work entitled "La Vana speculazione disingannata dal senso," in which he shows by comparison with recent forms that Fossils are really the remains of Organisms. Pencil drawings made by Scilla to illustrate that work are also preserved in the Woodwardian Museum.

Professor Green added a few valuable organic remains to the Woodwardian cabinets: and Professor Hailstone formed a collection of simple minerals, and other specimens illustrative of the physical structure of the British Isles and of some portions of the Continent.

During fifty-two years continual additions were made to the collection by the personal labours and munificence of Professor Sedgwick, by contributions from Cambridge Graduates and Undergraduates, by the purchase of specimens from time to time out of the old Woodwardian surplus fund, and, since the promulgation of the new Statutes, by special grants from the Senate. Later additions have been recorded in the annual reports.

All the palæozoic collections added to the Museum during forty-four years previous to 1855 were arranged and classified by

Professor M^cCoy, and his catalogue of them was published, with an introductory Essay by Professor Sedgwick.

A Catalogue of the Fossils of the older Palæozoic strata was prepared by the late J. W. Salter, with a Preface by the late Professor Sedgwick, the last work which proceeded from his pen.

Catalogues of the Reptiles and Birds by Professor H. G. Seeley, and of the Type specimens in the Museum by Mr Henry Woods, M.A., of St John's College, have been printed by the University.

Curator—Mr H. Keeping.

THE MUSEUMS AND LECTURE-ROOMS.

These buildings were commenced in 1863, from the designs of Anthony Salvin, architect. Under his direction accommodation was provided for all the Professors of the Natural Sciences, except Anatomy, Chemistry, and Geology. The style and plan selected were fortunately such as readily to admit of extension and addition. The range of building in three floors, extending from the Lecture-Room of Comparative Anatomy to Corn Exchange Street was erected in 1877, from the design of W. M. Fawcett, M.A., architect. It provided private rooms and work rooms for Comparative Anatomy, and Physiology. In 1880 two large rooms called "Museums of Philosophical Apparatus" were thrown into one, so as to provide suitable space for the Library of the Philosophical Society. In 1882 a Laboratory for Animal Morphology was constructed above the upper floor on the south side of Mr Salvin's quadrangle; and in 1884 a second Laboratory for the same science on the west side. In 1890 a range of buildings was erected, from the design of W. M. Fawcett, M.A., architect, on the ground next Corn Exchange Street, to provide additional Class-Rooms for Physiology, a new building for Human Anatomy, and a large Lecture Room common to the two departments.

The Laboratory for Engineering and the Mechanical Sciences designed by W. Marshall, Esq. has more recently been erected between the Chemical and the Cavendish Laboratories on the site of the old Perse School House, part of which is incorporated in the new building. An extension of the Laboratory, built as a Memorial to the late John Hopkinson, F.R.S., and his son J. G. Hopkinson with funds given by Mrs Hopkinson and her son and daughter, is at present in process of erection.

Porter—Mr H. Lunn.

I. The Museum of Zoology.

The Collections belonging to this department are partly in the building on the east side of Mr Salvin's court, partly in the room called the Bird Room over the adjoining lecture-room.

The collection of skeletons of Vertebrates, which includes a few stuffed specimens, was commenced by Sir Busick Harwood, Professor of Anatomy from 1785—1814; but it owes its present

development to the exertions of the Reverend William Clark, Professor of Anatomy from 1817—1866. During his tenure of office no opportunity was lost of acquiring specimens. Of these some were purchased by the University or by subscription, others were presented by himself. Since the removal of the collection into the existing Museum in 1865 it has been largely increased by the exertions of Professor Newton, J. W. Clark, M.A. Trinity, Superintendent from 1866—1891, and others; and has become one of the most complete in this country for educational purposes.

The collection of organs in spirit originated in a small number of choice preparations presented to the University by Mr Lawrence. Subsequently, the Museum of Sir Busick Harwood was purchased in 1815, after his death, for £367. 10*s.*; a considerable number of specimens were acquired at the sale of Mr Brookes' Museum in 1830; and in 1836, the valuable collection of Dr Macartney, Professor of Anatomy in Trinity College, Dublin, was purchased by the University. It has since been increased by the collection of Professor Schröder van der Kolk of Utrecht, presented by Professor Humphry. The series is under constant revision, and additions are made to it every year as opportunities occur.

These collections (with the exception of the Birds) were at first displayed together in the above-mentioned Museum and its galleries; but it has now been found necessary to separate them. The Mammals occupy the ground-floor of the Museum; the Fishes, Amphibia, and Reptiles are in the galleries; and the Invertebrata in the annexe on the east side, formerly used by the Professor of Physiology as a class-room.

The fishes in spirit, among which are the very interesting collections formed by Charles Darwin, Esq., M.A., F.R.S., of Christ's College, during the voyage round the world of H.M.S. 'Beagle,' and by the Rev. R. T. Lowe, M.A. of Christ's College, in Madeira, have been placed in presses in the Gallery constructed in 1877 round the room in which the Ornithological collections are placed for the present.

The Ornithological Collections contain the collection of British Birds presented by the Cambridge Philosophical Society to the University in 1865; the Swainson collection of birds purchased by subscription in 1840; the collection presented by F. B. Goodacre, M.D. St John's, in 1863; the Strickland collection presented by the widow of the late H. E. Strickland, Esq., M.A., F.R.S., in 1867; the Selby collection deposited in 1869 by the trustees of the late P. J. Selby, Esq.; and the Hepburn collection, presented in 1870 by the devisees of the late James Hepburn, Esq., of St John's College, long resident at San Francisco.

On the 26th February, 1874, the Senate accepted the offer of Miss Frances Strickland, of Apperley Court, to found a Curatorship endowed with a permanent stipend of £150 per annum. The chief duties of the 'STRICKLAND CURATOR' are the proper custody

and accurate cataloguing of the Strickland and other Ornithological collections belonging to the University.

1874 Osbert Salvin, M.A., F.R.S., Trinity Hall.
1883 Hans Gadow, M.A., F.R.S., King's.

A collection of Invertebrata has been gradually formed. It consisted, in the first instance, of a series, partly in spirit, partly dry, hastily put together for the instruction of students. The cabinet of shells formed by the late S. P. Woodward, author of the *Manual of the Mollusca*, was added in 1867. Since then the collection has been increased by several important acquisitions: (1) an extensive collection of Shells, with a valuable conchological library, bequeathed by Robert M'Andrew, Esq., F.R.S., in 1873; (2) a valuable collection of Shells, bequeathed by Miss Jane Saul in 1895; (3) a series of Invertebrata in spirit, formed by Dr Dohrn of Naples, and purchased in 1883; (4) the collection of Foraminifera formed by H. B. Brady, Esq., F.R.S., and presented by him in 1883 and following years. From this extensive collection Mr Brady selected a representative series, which he further illustrated by coloured drawings from his monograph of the group in the Reports of the Challenger Expedition.

The collection of British Insects is extremely good. It has been formed by the union of the old collections belonging to the Philosophical Society, the Selby collection, the Brown collection—(made by Messrs J. and T. Brown of King's Parade)—and the collection of Coleoptera and Diptera made by the late G. R. Crotch, M.A. of St John's College. The whole has recently been arranged and determined. The Museum also possesses Mr Crotch's collections of Coccinellidæ and Erotilidæ. This part of the Museum is being gradually developed by the exertions of the present Curator in Zoology.

A Catalogue of the entire Museum has been prepared, of which the Osteological portion was printed in the course of the summer of 1862. That of the other portions remain for the present in manuscript.

This Museum, in common with the other Museums of Natural Science, is under the control of the 'Museums and Lecture-Rooms' Syndicate, and is managed by a Superintendent, now elected by the Special Board for Biology and Geology with the consent of the Vice-Chancellor.

1866 John Willis Clark, M.A., Trinity.
1892 Sidney Frederic Harmer, M.A. King's.

A Demonstrator of Comparative Anatomy was appointed in 1873, by whom instruction is given to students. The appointment is made by the Professor of Zoology and Comparative Anatomy, with the consent of the Vice-Chancellor.

1873 Thomas William Bridge.
1880 Joseph Jackson Lister, B.A., St John's.
1883 Sidney Frederic Harmer, King's.
1886 Arthur Everett Shipley, B.A. Christ's.
1894 Joseph Jackson Lister, M.A., St John's.

A Curator in Zoology was appointed in 1877. His duties are assigned to him by the Superintendent. The appointment is made in the same way as that of the Demonstrator.

1877 John Follett Bullar, B.A., Trinity.
1878 Francis John Henry Jenkinson, B.A., Trinity.
1879 Alfred Cort Haddon, B.A., Christ's.
1880 Alfred Hands Cooke, B.A. King's.
1890 David Sharp, M.A. (M.B. Edin.), F.R.S.

Mr Cooke made a special study of Mr MacAndrew's shells, revising and correcting his nomenclature, and preparing a new catalogue. In recognition of these services the title of Honorary Curator of the MacAndrew Collection was conferred upon him by Grace of the Senate, 8 May, 1890.

II. Department of Human Anatomy.

This building is the northern portion of the large block erected in 1890, and consists of three floors.

On the ground floor are large work-rooms and preparation-rooms with storage room, and the private room of the Professor of Anatomy.

The first floor is occupied chiefly by the Museum of Human Anatomy, which consists of an extensive series of specimens illustrative of human osteology and a very fine series of the skulls of men of different races. There are also many dissections, spirit preparations, and models for teaching purposes.

On the first landing is the Anthropological Laboratory in which the practical classes in that subject are conducted.

Adjoining the gallery of the Museum is the bone-room, wherein are mounted specimens of bones for the use of students; and the Laboratory of Anthropology.

The second floor is occupied by the dissecting room, which is capable of accommodating 250 students.

Between the Departments of Anatomy and Physiology is a large lecture-room, common to the two Departments, capable of seating 280 students.

III. The Medical School in Downing Street.

This is assigned to the departments of Medicine, Surgery, Midwifery, and Medical Jurisprudence.

The Museum contains specimens chiefly in Morbid Anatomy, required for the teaching of the departments above mentioned as well as of Pathology, and a large and increasing Pathological collection.

IV. The Botanical Museum and Herbarium.

The Herbarium was commenced by Professor John Martyn more than a hundred and fifty years since; but when Professor Henslow was appointed to the chair of Botany in 1825, he found nearly the whole of Martyn's collection gone hopelessly to decay. Professor

J. Martyn also made a valuable donation of books to this Museum. These and many other books which have been recently acquired are carefully preserved and made available for use.

The Herbarium is exceedingly valuable and extensive. Very large additions are constantly being made to it. It includes selected sets of the plants gathered by nearly all of the recent botanical travellers; the whole herbarium of the late C. M. Lemann, M.D.; and nearly the whole of the valuable herbarium of the late Dr Lindley. The fine collections of Algæ formed by the late Dr and Mrs J. E. Gray (of the British Museum) have been given to the Herbarium by them. The Herbarium of the late celebrated Rubologist, Mons. Gaston Genevier of Nantes, was obtained in 1880. The late Professor Babington's valuable Herbarium and Library, left by him to the University, are in this Museum. The Herbarium of the late Rev. Dr Churchill Babington was presented in 1889. The whole, as far as their state of arrangement will allow, are open to the use of botanists under the inspection of the Professor or his Assistant.

In 1887, Lady Bunbury presented the whole of the Herbarium and Botanical Collections of the late Sir Charles James Fox Bunbury to the Botanical Museum. They consist of Lichens, Fruits and Seeds, a considerable general Herbarium British and Foreign, and a collection of Fossil Plants.

There is also a collection of cones, specimens of woods, and preparations illustrative of subjects treated of in lectures. These are arranged in two rooms adjoining the Herbarium, which also contain a beautiful series of plants in spirit.

Class-Rooms for the teaching of Botany are provided in a long building on the east side of the Herbarium, and in rooms at the south end of the range, adjoining the Lecture-Room. The house lately occupied by the head-master of the Perse School has been adapted to provide further room for teaching and research in connection with this department.

Assistant Curator of Herbarium—R. H. Yapp, B.A., Caius.

V. The Mineralogical Museum.

The formation of the Collection commenced with the minerals collected by Dr Edward Daniel Clarke during his travels, which were purchased by the University after his death for the sum of £1500. An extensive and complete collection of minerals suited for the purposes of instruction was afterwards presented by Dr Whewell. Many fine specimens of common and rare minerals have at different times been given by the late Marquis of Northampton, the Rev. C. Francis, G. W. Hallam, Esq., J. Hibbert, Esq., Mrs Calverley, Mrs Peacock, Miss Whitehurst, W. Hopkins, Esq., J. W. Clark, Esq. and others. In 1858, H. W. Elphinstone, Esq., M.A. of Trinity College, presented the collection of the late Henry Warburton, Esq., M.A., F.R.S., which includes the minerals for-

merly in the possession of Dr W. H. Wollaston. In 1860, the collection of Dr James Forbes Young was presented by his brothers, Sir Charles George Young and H. Young, Esq. In 1866, a collection containing many choice minerals was presented by Lord Lilford. A valuable series of specimens of gold, collected by the late J. Hepburn, Esq., was presented to the Museum in 1870.

In 1841, Viscount Alford gave the University the rich collection of minerals formed by Sir Abraham Hume, Bart. This collection includes one of diamonds, of which a catalogue was published by the Comte de Bournon.

In 1857, Charles Brooke, Esq. M.A., F.R.S., of St John's College, presented the collection of minerals, in many respects unrivalled, made by his father Henry James Brooke, Esq. F.R.S., on condition that it be maintained entire as the Brooke collection.

In 1897 the Rev. Thos. Wiltshire, M.A., Hon. Sc.D., of Trinity College, presented his fine collection. It contains many remarkably good specimens found during the last forty years in Swiss, American, and English localities.

In 1899 the Carne collection, consisting mainly of Cornish minerals together with the cabinets in which it was contained, was bought for the University, a sum of over £500 being raised by subscription to defray the cost.

The greater part of the mineralogical collection is contained in two rooms on the first floor of the west wing of the building. The entrance is at the south-west corner of the Court. The minerals are arranged in several cases covered with glass. The table cases resemble those in use in the École des Mines of Paris and the Polytechnic School of Turin, the reception of duplicates and of minerals required for the illustration of lectures being provided for in tiers of drawers placed underneath. The collection was arranged by the late Prof. Miller according to the classification proposed by Gustav Rose in his Krystallochemische Mineral system, which has the merit of bringing into juxtaposition those mineral species which most nearly resemble one another.

The lecture-room, demonstration-room, and chemical laboratory are at the north end of the wing and are entered by the staircase opening on the passage used for thoroughfare. The west windows of these rooms and some of those in the gallery are provided with platforms for supporting the heliostat or other instrument used to give the bright signal needed in the determination of the geometrical characters of minerals.

The Museum is open daily between the hours of 10 A.M. and 4 P.M.

Assistant Curator—A. Hutchinson, M.A., Pembroke.

VI. The Engineering Laboratory and Mechanical Workshops.

The Engineering Laboratory in Free School Lane, which is in the charge of the Professor of Mechanism and Applied Mechanics,

was opened in 1894. Towards its cost the sum of £5000 was raised by public subscription. A further sum of £5000 was given by the widow and family of the late Dr John Hopkinson in 1898, to erect a wing of the Laboratory in his memory. This wing, which has provided a large extension of the original accommodation, was opened in February, 1900. The Laboratory includes rooms and apparatus for the experimental study of mechanics and elasticity, the strength of materials, heat and heat engines, electricity and its practical applications. Amongst the apparatus is a 50-ton testing machine and two smaller testing machines, a large horizontal compound steam engine specially arranged for experimental work, a compound high-speed steam engine and coupled dynamo (the gift of Messrs Mather and Platt), and examples of other types of steam engines, gas engines, oil engines and air engines, together with many appliances for the practical study of electricity, among which there are important gifts from the British Westinghouse Company, Messrs Siemens and Lord Kelvin. The Laboratory is also furnished with apparatus for the practical study of hydraulics. The Museum contains the original kinematic models of the late Professor Willis. Adjoining the Laboratory are the Mechanical Workshops, in which practical instruction is given in wood work and iron work, including pattern making, fitting, turning, and forging. These are fitted with numerous lathes and vices, machines for shaping, planing, slotting, and drilling, and all the appliances necessary for teaching pupils and for making instruments and machinery. There is also a drawing office furnished with the necessary appliances for Mechanical drawing and designing.

Courses of Lectures and practical demonstrations are given in the Engineering Laboratory qualifying for the Mechanical Sciences Tripos.

VII. The Optical and Astronomical Lecture-Room.

This is placed at the south-west corner of the upper floor of the Museums. It has a western and a southern outward wall, in each of which is a window especially formed for the reception and management of a Heliostat. The one in the west wall corresponds to an opening through the tiers of seats, by which a solar ray may be directed upon a screen facing the audience.

There is also a flat area on the top of the lecture-room tower, on which Astronomical instruments deposited in an adjoining room can be temporarily mounted for the practice of students in observation.

VIII. The Chemical Laboratory.

The new Chemical Laboratory is a large building in Pembroke Street, facing part of Pembroke College, erected in 1887 from the design of Mr J. J. Stevenson upon a plan proposed by Professor Liveing. The principal entrance is from Pembroke Street, but

the students' laboratories are also accessible at the back from the court of the Museums. The ground floor contains the laboratories for elementary work, namely, a large room for qualitative analysis fitted for 84 students, a laboratory for elementary quantitative work fitted for 38 students, with a room between them for large operations, a balance room directly accessible from the quantitative room, and in the S.W. corner an octagonal projection with windows on all sides where operations with chlorine or bromine can be conducted in a thorough draft. There are draft chambers in all the windows, and a separate small well-ventilated room for work with sulphuretted hydrogen. On the same floor are three lecture rooms. The large one, seating 240, is reached by separate entrances from the street and from the rear; the smaller, each seating 60, are accessible from the principal staircase. Between the lecture rooms are the preparation room and the specimen room, and, on the mezzanine, the private laboratory of the professor. On the mezzanine on the principal staircase are the private room of the Professor of Chemistry and a room for organic analysis. On the first floor are the advanced students laboratories, and the laboratory for organic chemistry, balance room, lecture room and private room for the Jacksonian Professor. Higher up are the library, and one or two rooms for special researches. In the attic are rooms for the housekeeper and assistants, and for a spectroscope with a concave grating. Over the large laboratory is a subsidiary laboratory for special classes, with benches for 32 workers, and above this is a flat roof, where work can be carried on out of doors. In the basement, under the large laboratory, is a class-room for demonstrations, and two rooms entirely fitted with uninflammable materials where operations with easily inflammable substances can be safely conducted. Under the quantitative laboratory is the machinery room containing two small steam engines, dynamo-electric machine, large air pumps, and other machinery, also the storage battery. Under the lecture rooms are unpacking and store rooms, rooms for gas analysis and for pharmaceutical and sanitary chemistry, and a room fitted with metallurgical furnaces. The whole building is warmed by steam, and steam is laid on to all the rooms for use in chemical operations. Tubes from the air pumps are led into the different rooms, some giving low exhaustion for filtering are distributed to the working benches, while those giving the highest exhaustion are carried to the balance rooms, lecture rooms, and a few other points. The large lecture room, and the low rooms on the mezzanine floors are lighted by electricity, and there are leads from the dynamo and storage battery to all the lecture rooms for experimental purposes. A separate small storage battery can be placed in connection with any of the laboratories where an electric current is needed. The whole of the working rooms are ventilated by a shaft 100 feet high heated by the boiler furnaces. The Laboratories are

open for the use of members of the University who comply with the rules, daily during term time, and during July and August from 10 a.m. till 6 p.m. The fee for the use of the laboratory is £3. 3*s.* a term: ordinary apparatus is supplied, but all chemicals used and all damage done to the apparatus of the laboratory must be paid for. No one is admitted to work in the advanced students laboratories until he has proved his competence to the satisfaction of the Professor of Chemistry or the Jacksonian Professor; nor are any experiments or researches allowed which are not approved by one or the other of those Professors.

Assistant to the Professor of Chemistry—J. E. Purvis, M.A., St John's.

IX. The Cavendish Laboratory.

This Laboratory, in which every facility is furnished for the prosecution of physical research, was the munificent gift of William Cavendish, Seventh Duke of Devonshire, K.G. late Chancellor of the University.

The building was erected from the designs of W. M. Fawcett, M.A., of Jesus College, at an expense of about £10,000.

The ground floor contains a set of rooms for operations requiring great steadiness, such as exact measurements. A store-room, a workshop, and a battery-room are also provided on the ground-floor.

The first floor contains a spacious lecture-room with a preparation-room, a large apparatus-room, a private room for the professor, and a large working laboratory, fitted with tables standing on beams of their own, so as to be independent of the vibrations of the floor. All the tables in the building are supported in the same way, and there are in every floor small trap-doors by means of which bodies may be suspended over the tables in the room beneath and through which electric and other communications may be made.

The Laboratory is open daily from 10 A.M. till 5 P.M., under the superintendence of the Professor of Experimental Physics, for the use of any members of the University who may desire to acquire a knowledge of experimental methods, and to take part in physical researches.

Experimental lectures upon Mechanics, Heat, Sound, Electricity and Magnetism, are given daily during Term, under the direction of the Professor of Experimental Physics, and are open to all members of the University.

X. Philosophical Library.

The use of the Library of the Cambridge Philosophical Society was offered to the University in 1881; and the conditions suggested by the Society having been accepted by the Senate (2 June, 1881), the books were transferred to the large room on the ground floor of the central building, with the view of com-

mencing a general Scientific Library. The number of books has already been largely increased by donations; and the Library thus formed is found to be of great service to the Professors and others who work in the New Museums. It is open daily from nine to one, and from two to six.

THE SELWYN DIVINITY SCHOOL.

The original Divinity School, probably the oldest University building, was on the north side of the 'Schools Quadrangle,' under the present Catalogue-Room of the University Library. This School was incorporated in the Library in accordance with a report of the Library Syndicate in the year 1856. In the same year William Selwyn, D.D., of St John's College, Lady Margaret's Professor of Divinity, set apart £700 a year from the income of his chair as an augmentation of the stipend of the Norrisian Professor, proposing at the same time, if the Norrisian Professorship should meanwhile become vacant, to continue the same contribution during his tenure of his office for the furtherance of theological studies in such way as might seem best.

In accordance with this provision a Trust was formed in the year 1864 to receive and administer the sums so set apart with a view to building a Divinity School; and shortly before Prof. Selwyn's death, on April 24, 1875, when the accumulated Fund amounted to nearly £10,000, a Syndicate was appointed (Dec. 3, 1874) to consider the best site for such a building. In accordance with their report, a site opposite St John's College was purchased by the University for £3750 (Grace of May 27, 1875). On Nov. 2, 1876, designs prepared by Mr Basil Champneys, M.A. of Trinity College, for the Divinity School and Literary Lecture Rooms adjoining it, in "English Gothic of the early part of the sixteenth century," were approved by the Senate, and the Divinity School was occupied on Oct. 24, 1879. The entire cost of the Divinity School, including fittings and furniture, amounted to a little more than £11,000, of which about £10,700 was provided by Dr Selwyn's gift. The niches on the exterior have since been filled (1892—1898) with a series of statues, through the liberality of the late Mr Samuel Sandars, M.A., of Trinity College, and Mrs Sandars. The statues, executed by Mr Edmund Kett of Cambridge, represent nine eminent Cambridge theologians (Archbishops Cranmer and Parker, Bishops Fisher, Pearson, Andrewes and Lightfoot, Erasmus, John Lightfoot and Whichcote).

The Divinity School contains a large Lecture Room, capable of holding about 300 students, a small Lecture Room, a Library, and four rooms for the Professors.

PETERHOUSE,

OR

St PETER'S COLLEGE.

(Founded A.D. 1284.)

Copies of the Statutes in the British Museum; Old Statutes Mss. Harley, *No.* 7032, *p.* 187. *New,—No.* 7046, *p.* 132 (Printed in "Documents relating to the University and Colleges of Cambridge," Vol. II. pp. 6—116). *The Statutes as approved by the Queen in Council 29th June*, 1882, *are printed in the London Gazette.*

This most ancient College or House was founded by Hugh de Balsham, Bishop of Ely, for a Master and fourteen Fellows.

According to the Statutes of 1882, the foundation consists of a Master, eleven Fellows at the least, and twenty-three Scholars at the least.

The Master, who is elected by the Fellows, must be a Master of Arts, or of some equal or superior degree, in the University of Cambridge or Oxford.

The Fellows are to be elected from among the Graduates of the College, or, if the Society think fit, from among the other Graduates of Cambridge or Oxford. One of the Fellowships is entitled a Professorial Fellowship, and can be held only by a Professor of the University. Fellowships are tenable for six years, unless in the following cases: any Fellow who becomes either the Head or a Fellow of another College immediately vacates his Fellowship in this College: any Fellow who has been presented by the College to any Benefice of the clear annual value of £400 or upwards shall vacate his Fellowship one year after presentation: any Fellow who serves the College in one of the privileged offices of Tutor, Assistant Tutor, Senior Bursar or Dean, and has been a privileged Officer for at least two years, retains his Fellowship for six years independently of the time he has been a privileged officer, and, if he holds such an office for twenty years, retains the Fellowship for life: any Fellow who holds a Professorship in the University or who holds the office of Public Orator, or Registrary, or University Librarian retains his Fellowship notwithstanding the expiration of six years, while he holds such University office. A Fellow may, with consent of the College, resign the pecuniary emoluments of his Fellowship, and, retaining all its other privileges, become a Supernumerary Fellow: in this case the College proceeds to the

election of a new Fellow. The College has power to elect to one Fellowship a person eminent for Science or Learning, whether a Graduate of Cambridge or Oxford, or not. The Master and Fellows may also elect any member of the College, whom they think it desirable so to distinguish, to be an Honorary Fellow.

It is directed in the Statutes of 1882 that the Scholarships and Bye-fellowships of the College shall be consolidated and form a common fund to be called the Open Scholarship Fund, out of which there shall be founded:—

	£		
Twelve open Scholarships of	60	per annum each,	at least.
Six ditto	40	ditto	ditto
Five ditto	20	ditto	ditto

At present there have been founded

	£	
Two Hale Scholarships of	80	per annum,
Two Parke	80	.....
Six Hale	60	.....
Two Parke	60	.....
One Gisborne	60	.....
One Carter	60	.....
One Whitgift and Perne	50	.....
Two Gisborne	40	.....
One Cosin	40	.....
One North and Woodward	40	.....
Two Gisborne	20	.....
One Ramsey	20	.....

Scholars are elected from among Residents and non-Residents. Foundation Scholarships are adjudged to Residents (irrespective of age) according to the results of the various Annual College and University Examinations, for proficiency in Mathematics, Classics, Natural Science, Moral Science, Theology, Law, History &c., and are tenable until the holder is of standing to take the degree of B.A. Entrance Scholarships are adjudged after competition among candidates who have not commenced residence in the University, and are not more than 19 years of age at the time of the Examination, of which due notice is given. Exhibitions may also be adjudged to candidates at the same Examination, without limit of age.

In case of special merit the Master and Fellows have power to prolong the tenure of scholarships; also to promote from one to another, or to confer upon a Scholar a second scholarship in consideration of distinguished merit.

The Master and Fellows have also power to apply a certain part of the Open Scholarship Fund in donations to deserving Students, whether Scholars or not.

There is an Exhibition from the Company of Clothworkers, and one from the Company of Ironmongers. To the Miller Exhibition the Master and Fellows elect some person educated

at Huntingdon Free Grammar School, if any such duly qualified person presents himself: if not, some otherwise duly qualified person.

Prizes are awarded to those who are most successful in the various subjects of the Annual Examinations. A Prize, open to Undergraduates, is given annually for an Examination in Butler's Analogy and Sermons.

CLARE COLLEGE.

(FOUNDED 1326.)

THIS very ancient College, founded by Lady ELIZABETH, sister and co-heir of GILBERT, Earl of CLARE, at present consists of a Master, eight Senior, and seven Junior Fellows, besides Scholars, and Students. The Fellowships are perfectly open to Bachelors of Arts, or persons of a higher degree, without restriction as to marriage. A Fellowship becomes vacant in five years and eleven months from the time of election, unless the Fellow hold the office of Professor, Public Orator, Registrary, or Librarian in the University, or the office of Tutor, Dean, Bursar, or Lecturer in the College. One of the Fellowships must be a Professorial Fellowship: and one may be held by a person not a member of the University of Cambridge or the University of Oxford at the time of his election. For the remaining Fellowships, none but Graduates of the University of Cambridge or the University of Oxford are eligible. The electors to the vacant Fellowships are the Master, Senior and Junior Fellows: and in case there be an equal division, the Master has the casting vote. The Master, who must at the time of his election be a Master of Arts or of some equal or superior degree in the University of Cambridge or the University of Oxford, is elected by the above mentioned Fellows within thirty days after a vacancy is declared. If the vacancy occur out of Term time, the thirty days are reckoned from the first day of the Term next ensuing.

The Junior Fellowships were originally nine in number founded by different benefactors (*viz.* three by Lord Exeter in 1612, two by John Freeman, Esq. in 1622, and four from the estates bequeathed to the college by Joseph Diggons, Esq. in 1658). The Junior Fellows now enjoy an equal share of the general revenues of the College with the Seniors, and have in general the same privileges.

There is also an annual examination about the division of the Easter Term, when prizes in books, bearing the college arms, are given to all such as may be thought deserving.

A prize is also given to the best reader in chapel. Awarded this year to E. L. Morcom.

PEMBROKE COLLEGE.

(FOUNDED 1347.)

THIS College was founded under the name of VALENCE-MARY, by Mary de St Paul, the widow of Aymer de Valence, Earl of Pembroke; and King Henry VI. was so liberal a benefactor to it, as to obtain the name of a second Founder.

There are *thirteen* Foundation Fellowships open to persons of every *nation*, and unrestricted as to counties.

Although there may be no Fellowship vacant, yet a candidate is never considered as superannuated.

There are at present *twenty-nine* Foundation Scholarships.

Three, of £80 a year, named after Mr Beatson.

Six, of £60 a year, on the original Foundation.

Two, of £60 a year, founded by Dr Watts.

One, of £60 a year, and *two*, of £40 a year, founded by Archbishop Grindal.

Three, of £40 a year, founded by Sergeant Moses.

Three, of £40 a year, founded by Mr Parkin.

Six, of £20 a year, founded respectively by Mr Smart, Mr Scrivener, Mr James, Bishop Lany, Dr Mapletoft, and Dr Stuart.

Three of £20 a year, founded out of accumulations of the Scholarship Fund.

Exhibitions for one year are also provided out of the Scholarship Fund.

There is also *one* Exhibition, of the yearly value of £70, founded by Mr John Holmes, for a Scholar educated at Blackrode School in Lancashire. This Exhibition is given by the Governors of the School, and the Scholar who holds it also receives from the College an additional Exhibition, the gift of Mr Warren, formerly a Blackrode Scholar, of the yearly value of £5.

There is an annual Examination after the division of the Easter Term in Mathematics, Classics, Theology, and the subjects of the other Tripos Examinations, when prizes in books are awarded in each year for proficiency in the various subjects. The Founda-

tion Scholarships and Exhibitions are in general adjudged on the results of this Examination.

Prizes of books are also given annually to the authors of the best Composition in Latin Verse and of the best English Essay.

A prize is also given to the best reader in Chapel, whose general good conduct has gained the approbation of the College.

The sum of £30 is also given annually in one or more gratuities for proficiency in the Hebrew and Greek Scriptures. Undergraduates or Bachelors of not more than three years' standing may compete for these gratuities at the annual College Examination.

GONVILLE AND CAIUS COLLEGE.

(FOUNDED 1348.)

THIS College, originally styled Gonville Hall, was founded in 1348, by EDMUND GONVILLE, rector of Terrington, in Norfolk, son of William Gonville, and endowed for a Master and three Fellows. The original site was between Free-School Lane and the churchyard of St Botolph's.

The name of the College and its situation were both changed by WILLIAM BATEMAN, Bishop of Norwich, whom Gonville had appointed to be his executor. In 1353, Bateman established the College where the Gonville Court at present stands; and previously to this removal he had changed Gonville's statutes for statutes of his own, and altered the name to the "Hall of the Annunciation of Blessed Mary the Virgin." Thus, and by certain endowments, he made himself a SECOND FOUNDER.

The revenues were afterwards increased by various Benefactors.

In 1558, JOHN CAIUS, M.D., the THIRD FOUNDER, obtained the Royal Charter by which the former foundations were all confirmed, and his own foundation was established. By this charter the College was thenceforward to be called GONVILLE and CAIUS College.

By the revised statutes made under the provisions of the Oxford and Cambridge Universities Act, 1877, and amended in 1885, 1890, 1892 and 1893, the College is to consist of a Master, at least twenty-two Fellows exclusive of the Drosier Fellows, and such number of Scholars as the Governing Body may from time to time determine. Two of the Fellowships are Professorial Fellowships.

By the will of the late WILLIAM HENRY DROSIER, M.D., Senior Fellow of the College, who died on May 13, 1889, the endowments of the College will be increased by six or seven new Fellowships, called the Drosier Fellowships, of which four have have already been created.

FELLOWSHIPS.

The government of the College is in the hands of the Master and twelve of the Fellows.

The Fellows of the College are to be chosen from those persons (being otherwise qualified according to the Statutes) whom the Governing Body shall think to be of the greatest merit and most fit to be Fellows of the College as a place of education religion learning and research.

The Fellowships are not vacated by marriage, but terminate in general at the end of six years from the time of election. They may however be retained if the Fellow at the end of that time be holding certain University or College Offices; or shall

have held some one or more of such College Offices during the space of fifteen years; or shall have been permitted by a special vote of the Governing Body to retain his Fellowship on account of his literary or scientific reputation or labours or on the ground of his holding a University Readership or Lectureship. The Governing Body have power on electing a Fellow to attach any special condition to the tenure of his Fellowship which may seem to them desirable in the interests of the College.

SCHOLARSHIPS AND EXHIBITIONS.

The Scholarships are of two kinds. (1) *Entrance Scholarships* (of values varying from £40 to £80). These are competed for before admission to the College; the superior limit of age for candidates is 20 years on the last day of the academical year in which the examination is held. The College by a recent statute has the power to offer not more than two Entrance Scholarships in any one year without restriction of age. The subjects of examination are generally Mathematics, Classics, Natural Science, Modern Languages, Oriental Languages and History. An Entrance Scholarship and an Entrance Exhibition may be given to Candidates in Classics whose intention is to read Law. (2) *Foundation Scholarships*. These are awarded, on the results of the Annual College examinations, to persons already in residence and without restriction of age. They are given for proficiency in any of the branches of study mentioned above, as also for Theology, Law, Moral Sciences and Mechanical Sciences, and in some cases to candidates or selected students for the Indian Civil Service. The annual value ranges from £40 to £100. These Scholarships are as a rule tenable until the Scholars are of standing to take the degree of B.A., but in cases of special merit the tenure is prolonged for a year or more.

A candidate who obtains a first class in certain of the Triposes may, with the permission of the Governing Body, hold a Foundation Scholarship or have his Scholarship prolonged for one or two years, if he becomes a Candidate for the Theological, Law and Moral Sciences Triposes, for the subjects of which Entrance Scholarships are not as a rule given.

The Salomons Scholarship of about £70 a year for three years, for Civil and Electrical Engineering (founded by Sir David L. Salomons, Bart.) will ordinarily be vacant every three years. It is awarded as an Entrance Scholarship, the subjects of Examination being Mathematics and Physics. The successful candidate is required to read for the Mechanical Sciences ("Engineering") Tripos.

Exhibitions are given under the same conditions as Scholarships, but for a somewhat lower standard of merit. Donations of smaller sums are made to students who have acquitted themselves creditably in the examinations.

In addition to the foregoing, two Scholarships at present of the value of about £55 each, and tenable for three years, were founded

by the late Dr Shuttleworth, of Berne. These Scholarships are awarded under certain conditions for proficiency in Botany and Comparative Anatomy (including "Zootomy and Comparative Physiology"). The successful Candidates for these Scholarships must remove to this College, if they are not already members of it.

A Studentship in Botany worth £100 a year, tenable for two or three years (the "Frank Smart Studentship") was in 1887 founded by Francis Gray Smart, M.A., M.B., and Mrs Smart, of Tunbridge Wells. The Studentship is open to all members of the University of a certain standing, but the person elected, if not already a member of the College, must forthwith become a member.

Two Chapel-clerkships of about £38 tenable for one year are given at the end of the second year of residence. Candidates in sending in their application must show that they have need of pecuniary help and must be recommended by the Tutors to the Governing Body.

Two Exhibitions at least of £30 are given to resident Bachelors of Arts who are candidates for Holy Orders.

There is a Musical Scholarship of £60 tenable for three years. The duties of the Scholar are to sing in the Chapel Choir or to act as deputy for the Organist as may be required and to read for the Mus.Bac. degree.

There are besides three Choral Exhibitions, of £40 each, tenable for three years. The duties of the Exhibitioners are to assist in the daily choral services of the College Chapel, and they are required to read for a degree.

A Scholarship of £50 and an Exhibition of £30 are offered to members of the College who attain a certain position in the official list of Selected Candidates for the Home and Indian Civil Service.

A Scholarship of at least £40 a year tenable for two years is open to members of the College in their second, third, or fourth year of residence for proficiency in the Russian language. Candidates must be British subjects of British descent who (1) have been educated at a Public School in the United Kingdom, or (2) are sons of persons holding appointments about to be in the British Public Service. They must be or have been candidates for a Tripos and must have attained a creditable position in the Annual College Honours Examinations.

TANCRED STUDENTSHIPS.

There are also connected with the College:

FOUR (or more if the funds of the Trust permit) STUDENTSHIPS in Physic, founded by Christopher Tancred, Esq. each of the annual value of about £70.

The Candidate who is elected to one of these Studentships is obliged to enter at this College within a month from the time of election; or to remove hither, if he be a member of any other College.

These Students are required to take the degree of Bachelor of Medicine as soon as they are of sufficient standing for the same; and they may hold the Studentship for three years after their degree. Students therefore who are elected previous to admission at any College, can hold them eight years. The electors to these Studentships are the Master of Gonville and Caius College, the Master of Christ's College, the President of the College of Physicians, the Treasurer of Lincoln's Inn, the Master of the Charterhouse, and the Governors of Greenwich and Chelsea Hospitals. The Trustees hold their meetings at Lincoln's Inn, on the last Wednesday in May, and on the Wednesday after St Martin's day[1].

HARROW SCHOLARSHIPS.

Two Scholarships, founded at Harrow School, A.D. 1830, by John Sayer, M.A., Barrister-at-Law, and formerly a Senior Fellow of the College, of the annual stipend of £52. 10*s*. The Scholars are elected by the Governors of the School and proceed to this College.

LECTURES.

Besides the regular lectures, instruction is given by the lecturers to small classes and to individuals. The Educational Council further provides additional instruction and personal supervision in all branches of study recognised by the University; the object being, so far as possible, to do away with the necessity of private tuition in preparation for the various Triposes.

Special provision is made in the case of candidates for the Indian Civil Service.

EXAMINATIONS, ANNUAL PRIZES, &c.

Candidates for Honours are examined annually in the subjects of the several Triposes. Scholarships are awarded, in case of sufficient merit, in connexion with each of these subjects; and prizes of £3 (or in special cases of £5) in books are given to every Student who is placed in the First Class.

There are two Greek Testament Prizes independently of those which are given on the results of the annual Theological Examination.

Prizes of the value of £3 each are given annually for the best discussions of two questions, one of Pure, the other of Applied Mathematics; the competitors to be members of the College of not more than twelve terms standing.

Three Composition Prizes of £3 each are annually offered, one for Latin Prose Composition, one for Latin Verse Composition, and one for Greek Verse Composition; the candidates to be of not more than eight complete terms standing.

A prize of £5 is given annually for an Essay on some subject connected with English History or English Literature.

---

1 Forms of petition and all information respecting the Tancred Studentships may be obtained from Edgar Frere, Esq., 28, Lincoln's Inn Fields, London.

Two prizes of £3 each are given annually for Essays in French and German respectively.

A prize of £3 is given annually for Musical Composition.

A prize of £6 in books (the "Frank Smart Prize") is awarded annually to the undergraduate who is most distinguished in the subject of Botany at the annual College Examination.

A prize of £10 is given under certain conditions to a student who attains a high place in the Indian Civil Service Open Competitions. Prizes also of £10 each connected with the same competition are given under certain conditions for proficiency in (i) Arabic, (ii) Sanskrit, or (iii) Persian.

In place of the regulations which formerly provided for the delivery annually of a "Thruston Speech" (on the progress of Medicine from the time of Dr Caius), the following order is now in force:—"The money, about £54 (as money, or in any other form that may be thought best), shall be given triennially to that member of the College (being of not more than fifteen years' standing from the first day of the Michaelmas term of the Academical year in which he matriculated), who has published in the course of the preceding three years the best original investigation in Physiology (including Physiological Chemistry), Pathology, or Practical Medicine; the person to whom the Prize is awarded being required to give an account of the investigation in the form of a lecture (or otherwise as the Governing Body may think best) in the College." The prize will be awarded next in 1899.

Plate to the value of £10, the gift in 1774 of Dr Schuldham, is awarded each year to one judged worthy amongst the commencing Bachelors of Arts.

ADMISSION.

All Candidates for admission are required to pass an entrance examination in Classics and Mathematics. There are two ordinary times of Examination, viz. in March and June. Candidates must satisfy the Tutors that they can profit by the College Lectures, and also that they have a reasonable chance of passing the several University Examinations in due course. Scholars elected prior to entrance, and candidates who have acquitted themselves with merit in the Entrance Scholarship Examination, as well as Holders of Certificates from the Oxford and Cambridge Schools Examination Board or the Syndicate for the Local Examinations excusing from the Previous Examination, are exempt. Certificates of other Examinations or exceptional evidence of competence may at the discretion of the Tutors be accepted. TRINITY HALL.

(Founded 1350.)

The College Statutes are published among the Parliamentary Papers of 1881.

This College was founded by William Bateman, Bishop of Norwich, in the year 1350. The Founder's words are:

"Volumus quod Collegium Scholarium supradictum vocetur Collegium Scholarium Sanctæ Trinitatis de Norvico, et quod Domus quam inhabitabit dictum Collegium nominetur Aula Sanctæ Trinitatis de Norvico.

The College was further incorporated by an Act of Parliament of the reign of Elizabeth under the name of "The College or Hall of the Holy Trinity in the University of Cambridge."

The foundation was subsequently augmented by Simon Dalling, Bishop Nykke, Robert Goodknape, Dr Hewke, Dr Hervey, Dr Mowse, Horatio Goodbehere, and other benefactors.

The College continued to be governed by the Statutes of the Founder until the year 1860, when new Statutes were enacted.

These Statutes were repealed in 1882, and the College is now governed by Statutes framed under the authority of the Universities of Oxford and Cambridge Act, 1877.

FELLOWSHIPS.

There are thirteen Foundation Fellowships. All the Fellows have the same stipends and privileges, and they and the Master constitute the Governing Body of the College. Fellowships are tenable for six years from the date of election. The holding of certain College offices or Professorship in the University prolongs the tenure of the Fellowships.

There is one Professorial Fellowship at this College.

A Fellow who has held the office of Tutor or Assistant Tutor for twenty years, or who has held the office of Professor in the University for fifteen years, may be retained in his Fellowship for life by a vote of the majority of the Governing Body.

LAW STUDENTSHIPS.

The study of the Law, for which this College was especially designed by the founder, has been provided for under the Statutes by the establishment of a Law Lectureship and at least three Law Studentships; the latter are tenable for three years, and are of the annual value of £50. They are to be given to graduates of the College in Arts or Law, who intend to prepare themselves for practice in some branch of the Legal profession. The holders of these Studentships are not required to reside in the University.

SCHOLARSHIPS AND EXHIBITIONS.

A fixed proportion of the divisible revenues of the College is annually to be paid over to the Scholarship Fund. The governing body is empowered to distribute this among the Scholars and Exhibitioners in the way it may think best, but any residue which remains at the end of one year must be applied subsequently to the purposes of the fund, or in rewards and assistance to meritorious students.

The College Scholarships are tenable up to the time of taking the B.A. or LL.B. Degree; they are at present twelve in number. Two of the Scholarships vacant in 1901 will be of the value of £80 a year, and the rest will vary between £80 and £21 a year. The Scholarships are awarded according to the results of the various College Examinations in Classics, Mathematics, Law, History, and the subjects of other Tripos Examinations. Scholarships obtained at one Examination may be augmented on a subsequent occasion.

Two Exhibitions of the value of £80 and others of smaller value have usually been awarded; they are tenable during the first year of residence. An Examination for these Exhibitions will be held in November, 1899; it is open to all persons under 19 years of age, who have not commenced residence in the University. One of them is reserved for Natural Science and one for History [1].

ANNUAL PRIZES.

A prize of £15 was left in 1874 by Mr Jonas Cressingham, who was long a Member of the College, to be offered annually for an English Essay. The subject is given out in the Lent Term.

Prizes have recently been founded by the present and former pupils of the Rev. H. Latham, for many years a tutor and now Master of the College. A prize of £4 is offered in each term for proficiency in English Language and Literature.

A Prize of £3. 3*s*. for a Latin Essay is offered annually.

Prizes of £5. 5*s*. and £3. 3*s*. are given in Books to those who have distinguished themselves in the College Examinations.

CORPUS CHRISTI COLLEGE.

(Founded 1352.)

This College owes its foundation to two Societies which existed in Cambridge in the early part of the fourteenth century, called the Guilds of Corpus Christi and of the Blessed Virgin Mary. These Guilds having, about the year 1350, been united into one under the name of "Gilda preciosi Corporis Jesu Christi et gloriosæ Virginis Mariæ Matris suæ," obtained, through the intercession of Henry, Duke of Lancaster, the Alderman of the consolidated Guild, a license from King Edward III, dated Nov. 7, 1352, for founding a College to be called "Domus Scholarium Corporis Christi et Beatæ Mariæ Virginis."

The College, at the present time, consists of a Master and twelve Fellows, besides Scholars and other Students.

The Fellowships are open to all the Queen's subjects wherever born.

SCHOLARSHIPS.

The Foundation Scholarships at this College are:

a. Of the Old Foundation.

b. Of the Foundation (1770) of Dr Matthias Mawson, Bishop of Ely, and formerly Master of the College.

c. Of the Foundation (1594) of Roger Manners, third son of Thomas, first Earl of Rutland, and Esquire of the body to Queen Elizabeth.

d. Of the Foundation (1693) of Dr John Spencer, Master of the College, and Dean of Ely.

e. Of the Foundation (1577) of Sir Nicholas Bacon, Lord Keeper of the Great Seal.

The present scheme for the award of these Scholarships is as follows:

a. Three Scholarships of the Old Foundation, of £30 a year each, are awarded in June of each year, to Students then completing their third Term of residence, if the Candidates are deemed of sufficient merit. They are tenable for two years from election.

b. Of Bp. Mawson's Foundation, two of £60 and one of £40 a year (or their equivalents in total amount) are awarded in June to Students of the same standing as above, and under the same conditions.

Also, four or five Entrance Scholarships varying from £30 to £80, tenable for one or two years, are offered annually for competition for Students who have not commenced residence.

c. Of the Manners Scholarships, *one* is awarded in June, under the same conditions in all respects as the Old Foundation Scholarships, and *two*, tenable for one year, to Students then

completing their sixth Term of residence. The annual value of each of the three is £25.

d. The two Spencer Scholarships are bestowed on deserving Students needing assistance, in their second or third year of residence. These Scholarships are in the gift of the Master. Their value is £20 a year, with rooms.

e. The Bacon Scholarship (£20 a year with rooms) is awarded, by examination, to a Student in his third or sixth Term, if any is deemed of sufficient merit.

KING's COLLEGE.

(Founded, 1441.)

This College was founded and munificently endowed by King Henry VI. for a Provost and seventy Scholars. Under the Founder's Statutes every vacancy had to be at once filled up by the admission of a Scholar from the sister foundation of King Henry VI. at Eton.

By the Statutes of 1861 Open Scholarships were founded, and provision was made for the admission to the College of Undergraduates not on the foundation.

Under the present Statutes (of 1882), the foundation consists of a Provost, forty-six Fellows (exclusive of Honorary, Additional, and Supernumerary Fellows), and forty-eight Scholars. Four of the Fellowships are appropriated to Professors in the University; the remainder are open to all Graduate members of the College whose standing does not exceed seven years from the 25th of March next preceding the date at which they commenced residence in the University, and in any year one person who does not satisfy these conditions may be elected a Fellow.

Twenty-four of the Scholarships are appropriated to Eton College, and twenty-four are open. Of the former, at least four are offered every year for competition as Entrance Scholarships, and two as Undergraduate Scholarships*. At least six Open Scholarships are offered every year, but the number to be offered as Entrance and Undergraduate Scholarships respectively may vary from time to time*. Entrance Scholarships are tenable for two years, and may be prolonged for a further period of two years. The holders of Entrance Scholarships as well as other members of the College are eligible to Undergraduate Scholarships. An Undergraduate Scholarship is tenable till the holder is of five years' standing from the 25th of March next preceding the date of his commencing residence in the University, and may be prolonged for a further period of two years. The emoluments of a Scholarship are £80 a year, subject to a possible reduction in the case of a prolonged Undergraduate Scholarship. An Eton Scholar may have in addition, under certain conditions, Tuition free and Rooms rent free, and the Council have power to allow Tuition free to the holder of an Open Undergraduate Scholarship. A candidate for an Eton Scholarship may be elected to an Open Scholarship, and he is then entitled to tuition free and to rooms rent free until he takes his first degree. When this happens an Eton Scholarship is, for that turn, treated as an open one.

An Entrance Scholarship Examination is held annually in the Michaelmas term, upon the results of which, besides the Entrance

* In the Academical year 1900–1901 nine Eton Scholarships (six Entrance) and seven Open Scholarships (two Entrance) will be offered.

Scholarships already mentioned, Minor Scholarships and Exhibitions* are awarded. Exhibitions are also awarded upon the results of the Annual College Examinations. Some of the Exhibitions are reserved for candidates who stand in need of pecuniary assistance to enable them to obtain a University education.

An Entrance Scholarship of the value of at least £70 a year has been founded in memory of Laurence Saunders, M.A., formerly Scholar, who suffered in the Marian persecution; the present annual value is £80.

From the legacy of Dr Vintner, formerly Fellow, an Exhibition of £70 a year to be awarded for proficiency in Natural Science has been founded. Two Exhibitions have been established from the benefactions of Dr Price and other former members of the College. These Exhibitions are open to all Undergraduates of the College in their first or second year of residence.

Examinations for Choral Scholarships are held from time to time, as vacancies occur. The examination is chiefly musical, but candidates are required to pass in elementary Classics and Mathematics. Choral Scholars are required to take part in the Choral Services in the Chapel. They must be candidates for a degree, but not necessarily for honours.

Applications for admission to the College should be made to the Provost.

Undergraduates of the College are (with a few special exceptions) required to be candidates for honours.

Persons who enter the University as Advanced Students may be admitted with the same status as graduate members of the College.

Some peculiar privileges appertain to this College. The Provost has absolute authority within the precincts, and, by special composition between this Society and the University, its Undergraduates are exempt from the power of the Proctors and other University Officers within the limits of the College.

ANNUAL PRIZES.

Dr Cooke (formerly Provost) founded a prize of £6 which is given annually to an Undergraduate in his first year who has deserved well by application to his studies and general orderly behaviour. This year awarded to G. W. Brewster.

Dr Glynn, in the year 1800, founded two prizes of £10 each, which are awarded annually to such two Undergraduates in their second year as have been most distinguished for learning and regularity of conduct. This year awarded to Malden and H. W. V. Temperley.

There are two £5 prizes for Declamations, founded in 1786, by T. James, D.D., formerly Fellow. This year prizes were awarded to Forster, Narayanan, and H. W. V. Temperley.

Books to the value of £15 are given annually by the College for the best exercises in Greek and Latin Composition. This

* At the Entrance Examination in December, 1900, besides Entrance Scholarships, there will be offered for competition three Minor Scholarships value 60*l.* for two years, and three Exhibitions value from 40*l.* to 70*l.* for two years for candidates standing in need of pecuniary assistance.

year prizes were awarded to Monteath, Scott, Goodden and Forster.

Two prizes of £5 each, founded by the late Mr John Heath, are given annually to the best readers of the Lessons in Chapel. This year a prize was awarded to Hubback.

A prize, value £5, called the Pawley Divinity prize, is given for proficiency in the annual Divinity Examination.

There are two prizes, founded by GEORGE RICHARDS, M.A., formerly Fellow, for Scholars in their third year, one of £30 for Divinity and Classics, and one of £20 for Mathematics, respect being had in both cases to good conduct. This year the prize for Divinity and Classics was awarded to Cracc, and the prize for Mathematics to Hubback.

MARTIN THACKERAY, M.A., formerly Fellow and Vice-Provost, bequeathed to the College, in 1862, the sum of £1000 to form a fund of which the income in each year is to be paid to the Scholar of the College educated on the foundation of Eton College who shall in the Examination of the year for the Degree of B.A. have taken the highest degree amongst the Wranglers in the Mathematical Tripos.

SIR G. W. G. CRAUFURD, M.A., formerly Fellow, gave £500, from the interest of which prizes are awarded on the results of the annual examination in Divinity.

Books bearing the College arms are given annually to such Undergraduates as have most distinguished themselves in the College Examinations.

QUEENS' COLLEGE.

(FOUNDED 1448—RE-FOUNDED 1465.)

THIS College was founded in 1448 by Queen MARGARET of Anjou, consort of Henry VI., and refounded in 1465 by ELIZABETH WIDVILLE, consort of Edward IV.

The Society consists of a President and eleven Foundation Fellows.

The Fellowships are tenable for six years from the day of election; but no Fellow can retain his Fellowship for more than one year after his institution to a College living, the net annual value of which exceeds £400.

A Fellow who holds a Professorship or the office of Public Orator in the University may hold his Fellowship so long as he continues to be Professor or Public Orator.

A Fellow who holds the office of Senior or second Tutor, Senior Mathematical Lecturer, Senior Classical Lecturer, or Additional Lecturer (if any such be appointed), holds his Fellowship so long as he holds such office.

A Fellow who holds the office of Senior or second Tutor, Senior Mathematical Lecturer, or Senior Classical Lecturer, for more than twenty-five years, continues to hold his Fellowship for life, or if he hold one such office for more than seven but less than twenty-five years, he holds his Fellowship, after vacating office, for a period of time equal to that by which his tenure of office exceeded seven years. Additional retiring pensions may be assigned to College Officers who have served thirty years.

SCHOLARSHIPS, EXHIBITIONS, &c.

A fixed proportion of the revenues of the College is paid over to the Scholarship fund. The governing body distributes this among the Scholars.

One-third of the Scholarship-stipend is paid at the end of each term of residence, up to and inclusive of the ninth term of residence.

An Examination will be held on January 3, 4, 1901, for five Scholarships and five Exhibitions. The Candidates must not have commenced residence in the University, and those for Scholarships must be under 19 years of age on the first day of the Examination, but there is no restriction respecting the age of Exhibitioners. For one of the Exhibitions the sons of clergy have a preference. They will be awarded for proficiency in Classics, Mathematics, or Hebrew.

The Foundation Scholarships are awarded by the results of the various College Examinations held in the Easter Term.

In addition to the foregoing there are the following Exhibitions.

[1] Two *Sedgwick's Exhibitions*, value about £20 per annum (sons of poor Clergymen to be preferred).

[1] One *Clark's Scholarship*, £10 per annum.

[2] One *Sandys' Exhibition*, £10 per annum.

The President has at his disposal funds to the amount of £130 per annum with which he assists deserving Students of limited means.

EXAMINATIONS AND ANNUAL PRIZES, &c.

At the close of the Easter Term there is an Examination of the Junior Sophs and Freshmen, in Mathematics, Classics, and Theology. Prizes varying in value from three to five guineas are given to those students of the different years who pass the best examination in Mathematics and Classics, provided they are thought deserving of such distinction.

The Rev. Thomas Penny White, M.A. late Fellow of this College, founded in 1842 a prize of the value of £30 to be given to the commencing Bachelor who takes the highest degree, provided that he be classed among the first four Wranglers or in the first division of the first class of the Classical Tripos, Part I. Accumulations, amounting on the next occasion to £300, are given to a senior Wrangler, who obtains also a place in the first division of the first class of the Mathematical Tripos, Part II., or to a senior Chancellor's Classical Medallist, who obtains also a place in the first division of the first class of the Classical Tripos, Part I., and in the first class of the Classical Tripos. Part II. The prizes in this paragraph are confined to Students who have kept at least seven terms at the College.

The Rev. D. Hughes, D.D. formerly Fellow and Vice-President of the College, founded an annual prize of ten guineas for the best composition in divinity by a Bachelor of Arts.

He also founded two prizes of five guineas each, one for the best Latin, and the other for the best English Dissertation, by an Undergraduate who is not a Questionist.

In 1880 Mrs Mary King, widow of the late Joshua King, LL.D., President of this College, gave to the College £1000 Great Eastern Railway Debenture Stock bearing Interest at £4 per cent. per annum, in order that a prize, to be called the Joshua King Prize, should be given annually in memory of her husband. This prize is given in the form of a Bachelor Scholarship to a commencing Bachelor of Arts, and is tenable for one year on condition of residence.

1 The Exhibitions and Scholarships thus marked are in the sole appointment of the Master; the rest are in the appointment of the Master and Fellows present.

2 This Exhibition was founded in 1840, by the Rev. J. Sandys, late Fellow of Queens' College.

In 1887, the Rev. George Phillips, D.D., President of this College, gave to the College £1000 Great Eastern Railway Debenture Stock bearing Interest at 4 per cent. per annum, to found a Scholarship of £40 a year to be called the Phillips' Scholarship. This is held by the Choral Scholar.

Prize-books also to the amount of £10. 10*s.* are offered in four Prizes for proficiency in the Greek Testament.

St CATHARINE's COLLEGE.

(Founded 1473.)

This College or Hall was founded by Robert Wodelarke, D.D. Chancellor of the University, and Provost of King's College, for a Master and three or more Fellows. The foundation was afterwards enlarged by the benefactions of Mr William Basset, Mr Richard Nelson, Mr Robert Sympson, Mr John Chester, and others, but principally by the endowments of Mrs Mary Ramsden of Norton and Fockerby in the county of York. The late Rev. C. W. Burrell, M.A., also left a considerable sum for the enlargement of the ecclesiastical patronage of the College. In 1874, Mr Yorke, formerly Skerne Fellow, bequeathed a sum of money to the College.

The Statutes, confirmed by order of the Queen in Council May 3, 1882, provide that there should be a Master and six Fellows.

The proceeds of Mr Frankland's foundation are now added to the general Scholarship fund.

The College at present consists of a Master, six Fellows, and twenty-six Scholars.

The income of a fund of about £3000 in Consols is also available for the purpose of Scholarships and Exhibitions. From these funds Scholarships and Exhibitions, varying in value from £50 per annum to £20, are annually given after open Competition or at the College Examination in June.

The Rev. T. Jarrett, M.A., Regius Professor of Hebrew, left by will the sum of £1000 to found a scholarship to be called by his name.

Besides these Scholarships, if there be a surplus, grants are made to deserving Students of the College, if candidates for Honours in any Tripos.

All the Scholarships are perfectly open to candidates from any school or place of birth.

Bishop Sherlock founded the Librarianship, worth £20 per

annum, with an allowance for rooms. He also considerably augmented the stipend of the Master's Sizar. The Bible Clerk receives his Commons, with Chambers rent free.

ANNUAL PRIZES.

A prize, called the Corrie Prize, for the encouragement of the study of Theology, being the interest accruing from a sum of money subscribed by certain Graduates of the College formerly pupils of the Rev. Professor Corrie, late President and Tutor.

There is annually a Classical and Mathematical examination of the Junior Sophs and Freshmen towards the end of the Easter Term, when prizes in books are usually adjudged to the most proficient in each year.

JESUS COLLEGE.

(Founded 1496.)

This College was founded in 1496 by John Alcock, Bishop of Ely. According to the Statutes of 1882 the College consists of a Master, sixteen Fellows and twenty Scholars at the least. Of the Fellowships one is a Professorial Fellowship; to one any person may be elected who is eminent for science or learning whether a member of the University or not; the remainder are open to graduates of Cambridge or Oxford. Fellowships are vacated after six years tenure; but the years during which a Fellow has held any of the offices of Bursar, Dean, Tutor, Assistant Tutor or Lecturer, provided he shall have served for five years, are not reckoned in his six years of tenure. A Fellow who is appointed to a Professorship or Readership in the University holds his Fellowship as long as he holds a Professorship or Readership.

FOUNDATION AND OTHER SCHOLARSHIPS.

Under the present Statutes, in addition to the emoluments derived from various merged foundations, ten per centum of the annual income of the College is devoted to the maintenance of Foundation Scholarships. The Master and Fellows determine the proportions in which the Scholarship Fund is distributed among the Scholars. Scholarships may, by permission of the Master and Fellows, be retained until the end of the 12th term from commencing residence, or, provided the Scholar continue to reside, until he is of standing to take the degree of M.A.

There are also the following Scholarships:

Scholarships of varying number and value, usually £60 or £40, founded by Tobias Rustat, Esq., appropriated to the sons of clergymen of the Church of England, preference being given *ceteris paribus* to those who are orphans. The Scholars on this foundation are elected by the Master and Fellows in the same manner as Foundation Scholars.

One Scholarship of £13, founded by Dr Edmund Tew, appropriated in a similar manner to the Rustat Scholarships.

One Scholarship of £82, founded by the Rev. Robert Marsden, tenable by the son of a living clergyman of the Church of England.

Two Scholarships of £16. 5*s.* each, founded by Dr Gatford, open to clergymen's orphans and tenable from the degree of B.A. to that of M.A.

One Scholarship of £60 or two of £30, founded by the Rev. John Somervile, open to students educated at Loughborough School.

Two or more Scholarships, founded in memory of Lady Kay. These Scholarships vary in value from £40 to £60, and are tenable for three years or any shorter period at the discretion of the Master and Fellows. The election is made at the beginning of

the Michaelmas term in every year. These Scholarships are open to any student of the University who has obtained a first or second class in any Tripos and who declares his intention of seeking Holy Orders in the Church of England. Scholars, if not already members of Jesus College, must place their names on the Boards and become resident members of the College. They are required to study for the first or second part of the Theological Tripos or to apply themselves to such other Theological study as the electors approve.

Two or more Choral Exhibitions of £30, tenable for three years, are usually given by examination each year in June. Exhibitioners are required to assist in the choral services of the College Chapel and to read for a degree.

The Foundation Scholarships may be held with any other.

ENTRANCE SCHOLARSHIPS AND EXHIBITIONS.

Scholarships and Exhibitions for proficiency in Classics, Mathematics and Natural Science are given by examination in December to Candidates who intend commencing residence in the following October. These may not exceed £80 in value, and Candidates must be under nineteen years of age at the time of examination. Rustat Scholarships are also given by examination at the same time.

ANNUAL PRIZES AND REWARDS.

There is an annual examination in the Easter Term, when prizes of books are given to the best proficient in the several subjects of the Tripos Examinations.

Prizes of books, each of the value of £3. 3*s*., for the best Latin and English Declamations.

A prize of about £3 for the study of Theology, founded in 1887 by friends of the late Dr Corrie, formerly Master of the College.

The Rev. Frederick Keller, formerly Fellow, left £15 or thereabouts, to be given each year to one or more deserving scholars who take their B.A. degree in that year.

The Rev. Edward Otter, formerly Fellow, gave the dividend of one year's Fellowship, which, increased by the College, forms a Divinity and Hebrew prize of about £18, open every two years to Bachelors.

CHRIST'S COLLEGE.

(FOUNDED 1505.)

THIS College (into which was merged an earlier College founded in 1439 by KING HENRY VI., under the name of GOD'S HOUSE, for a Master and three Fellows) was founded A.D. 1505, by THE LADY MARGARET, COUNTESS OF RICHMOND AND DERBY, MOTHER OF KING HENRY VII., for a Master, twelve Fellows, and forty-seven Scholars.

The Foundress thus dedicated her Foundation :

'Ad Honorem Christi Jesu, et Fidei ejus incrementum.'

King Edward VI. added one Fellowship and three Scholarships; and Sir John Finch and Sir Thomas Baines two Fellowships and two Scholarships. Various other Benefactors also added Scholarships.

The College now consists of a Master, fifteen Fellows, and thirty or more Scholars.

The *Fellowships* and *Scholarships* are open to all the Queen's subjects without restriction.

The *Fellowships* under the new Statutes are divided into Senior and Junior Fellowships. The number of Senior Fellows must not exceed two-thirds nor be less than one-third of the whole number.

All Fellows must be Graduate members of the College or of the University of Cambridge or of Oxford.

A Junior Fellow may be of any standing at the time of election. He can hold his Fellowship for six years from election, or until he has been elected to a Senior Fellowship.

In order to be elected to a Senior Fellowship it is necessary either (*a*) to hold one of certain specified offices in the College or University; or (*b*) to be engaged in other specified work under University sanction either at Cambridge or elsewhere; or (*c*) to be a person of known ability and learning engaged in research in any art or science.

A Senior Fellow who for twenty years has held one or other of the qualifying offices or employments may retain his Fellowship for life without further obligation to service.

The *Scholarships* are maintained either from the Scholars Fund or from the separate Trust Funds.

I. *The Scholars Fund* receives annually one-fifth of the divisible income of the College.

Out of it are supported:

(1) a varying number of Scholars (not less than twelve) named after the Foundress the Lady Margaret's Scholars; whose stipends may vary (generally between £30 and £100 a-year) at the discretion of the Master and Fellows:

(2) three Scholars named after King Edward VI., receiving £50 a year each:

(3) two Scholars named after Sir John Finch and Sir Thomas Baines, receiving £30 a-year each.

Out of this Fund the Master and Fellows may establish Exhibitions for poor Students, and grant gratuities to deserving Scholars and Exhibitioners. They may also establish Bachelor Scholarships free from the ordinary conditions of residence.

II. The *Trust Funds* provide generally:

(1)	one Scholarship of £50, called after	Mr Bunting.
(2)	... ...	Dr Widdrington.
(3)	... ...	Bp. Seth Ward.
(4)	two Scholarships of £30, ...	Lady Drury.
(5)	one Scholarship	Mr Broadbanke.
(6)	four Scholarships	Mr Tancred.
(7)	one Scholarship	Archdeacon Clarke.
(8)	... ...	Mr Rysley.

There may however be more or fewer Scholarships on any of the above foundations, according to the available funds.

Besides these Scholarships, there are the following *Exhibitions*.

Two, named after Mr Carr, *with preference to Giggleswick School*,	in value £50 a year each.
Two, named after Mr Wilson, *with preference to Kirkby Lonsdale School*,	in value £30 a year each.
One, named after Mr W. Petyt, and Mr Sylvester Petyt, *with preference to Skipton School*,	in value £30 a year.
One, named after Bp. Otway, *with preference* (1) *to Kirkby Lonsdale School*, (2) *to Sedbergh School*,	in value £30 a year.

In the case of each of these Exhibitions, a Candidate from a preferred School must have been educated there for two years at the least in the two years and a half immediately preceding the election.

Also, at any Examination, in the event of there being no properly qualified Candidate from a preferred School for an Exhibition, it will for that turn be considered open; and a Student gaining by open competition any of the foregoing Exhibitions except the last will be regarded as a Scholar of the College.

Students of the College are elected to the *Scholarships* and *Exhibitions* after the annual College Examinations at which Scholarships are adjudged for proficiency in Mathematics, Classics, Natural Science, Moral Science, Law, History, Theology, Oriental Languages, Medieval and Modern Languages, Mechanical Sciences.

A Student may be a Candidate for a Scholarship in each year of his undergraduate residence. He may also (if the holder of a Scholarship or Entrance-Scholarship) be promoted to another of larger value, or in case of special merit may receive two Scholarships.

There is in each year an election to Entrance Scholarships of Students under nineteen years of age who intend to commence residence in the following October. Entrance Scholars are elected for proficiency in Mathematics, Classics, or Natural Science, or any two of these branches of study. These Scholarships, the maximum value of which is £80 a year, are tenable for not more than two years certain, but the holder may be elected to a Foundation Scholarship.

A Student may hold a Scholarship or Exhibition until he is of standing to take the Degree of Bachelor of Arts: and, in case of special merit, the Master and Fellows may allow him, provided he continue to reside, to retain the same until he is of standing to take the Degree of Master of Arts, but no longer. A Bachelor of Arts may also be elected to a Bachelor Scholarship; in which case he may be exempted from the ordinary condition of residence.

Besides the above, there are other Exhibitions founded by Mr Jenens, Dr Hawford, formerly Master of the College, Sir Walter Mildmay, Mr Rawlins, Mr Harvey, Mr Laughton, formerly Fellow, Dr Plume, and Mrs Beridge, respectively. These, amounting in the aggregate to between £50 and £70 a year, are perfectly open, and are annually distributed amongst the most deserving Students of the College.

Christopher Tancred, of Whixley Hall in the County of York, Esq., founded *four (increased to five or more when the*

annual income will permit) *Divinity Studentships*, for Students to be educated at this College, to which the Governors and Trustees of his Charities, viz., The Masters of Christ's College and Gonville and Caius College, The President of the Royal College of Physicians, The Treasurer of Lincoln's Inn, The Master of the Charter-House, The Governors of the Royal Hospital of Chelsea and of the Royal Hospital of Greenwich are the Electors.

A Student, when elected to the Charity, must have attained the age of 16 years, and be under that of 22 years.

He is required to be admitted of this College within one month after his election; to reside three-fourths of each Academical Term, so long as he holds his Studentship; to pass the University Previous Examination at the proper time; and to proceed to the Degree of Bachelor of Arts, so soon as he is of proper standing.

He may hold his Studentship for three years after the Degree of Bachelor of Arts, but no longer *.

The annual income of each Student is not less than £50 and not more than £100. The present Students are Ds P. H. L. Brereton, Ds C. E. Curzon, H. G. Crabtree, and A. Hood.

Firmstone, P. J.

The Hon. Syed Mahmood, a Judge of the Supreme Court of Allahabad, formerly of this College, gave in 1891 the sum of £200, the interest to be expended on two Prizes for the encouragement of the study (1) of Arabic, (2) of Persian in the College, to be awarded to members of the College of not more than three years standing from the completion of their first degree, either in connection with the Semitic and Indian Languages Triposes, or with such other Examination as the College may in any year substitute. The Candidate who in any year is worthy of either Prize will receive the accumulated interest of the endowment since the Prize was last awarded or such part as the College may determine.

THE COLLEGE OF ST JOHN THE EVANGELIST.

(Founded 1511.)

This College was founded by Lady Margaret, Countess of Richmond and Derby, mother of King Henry VII. and Foundress of Christ's College. It succeeded the hospital of St John, founded about 1210, from which Hugh Balsham, Bishop of Ely, removed his scholars to Peterhouse in 1284. In consequence of the death of the Foundress before the completion of her designs, much difficulty was experienced in establishing the College on as large a scale as was originally intended. It was mainly owing to the exertions and beneficence of John Fisher, Bishop of Rochester, executor of the Foundress, and Chancellor of the University, that sufficient funds were obtained to endow thirty-two Fellowships, of which he founded four, and twenty-four Scholarships, of which he founded two. There were numerous subsequent endowments for Scholarships. Nineteen additional Fellowships were founded in the reign of Henry VIII. Of these two were founded by Rev. James Beresford, one by Sir Marmaduke Constable, one by Mr Halitreholme, one by Lady Jane Rokeby, one by Mr John Bayley, two by Rev. Edward Gregson, one by Rev. Robert Symson, two by Rev. Dr John Keyton, one by Rev. Dr William Fell, one by Dr Thomas Thimbleby, two by Rev. Dr Roger Lupton, four by Archdeacon Hugh Ashton. In 1589 one was founded by a bequest from Mr Henry Hebblethwaite: in 1673 one by a bequest from Dr Francis Dee, Bishop of Peterborough. Endowments to found Fellowships were bequeathed in 1632 by Mr William Platt, and an endowment for one Fellowship in 1833 by Rev. James Webster.

Dr Thomas Linacre founded in 1526 a Lectureship in Physic.

New Statutes were approved by the Queen in Council, May 3, 1882.

The Foundation of the College consists of a Master and fifty-six Fellows, sixty Scholars, and nine Sizars called Proper Sizars.

The Governing body is a Council consisting of the Master, and twelve Fellows, of at least three years' standing from their first degree, elected by the Master and Fellows.

The Master must be a Master of Arts or of some equal or superior degree of Cambridge or of Oxford, and not less than thirty years of age. He is elected by the Fellows who are of at least three years' standing from their first degree.

The FELLOWS are elected from graduates of the College or graduates of Cambridge or of Oxford. The annual election takes place on the Monday after All Saints' Day, and vacancies must be filled up not later than the second annual election after they occur. Fellows must proceed to the degree of Master of Arts, Master of Law, Master of Surgery, or Doctor of Medicine, as soon as they are of sufficient standing. Fellowships are tenable until ten days before the expiration of six years from election, provided that no Fellow may be of more than ten years standing from his first degree: but a Fellow, so long as he holds one or another of certain offices in the University or in the College, does not vacate by lapse of time; and a Fellow, who has served for twenty years in one or another of certain offices in the College, may under provisions specified hold his Fellowship for life. The Council may extend the tenure of a Fellow for periods of five years. They may also elect persons eminent for science or learning, such Fellows not to vacate by lapse of time; and may elect Professors or Readers of the University, their tenure to terminate with that of their office of Professor or Reader. Five Fellowships are Professorial Fellowships, to be held by Professors of the University under the conditions prescribed by the Statutes of the University. Any Fellow not a Professorial Fellow may with the consent of the Council become a Supernumerary Fellow. The Council may also elect Honorary Fellows.

The FOUNDATION SCHOLARS are elected from students of the College, or from such other persons and of such standing as the Council may think fit. The annual election takes place in June, and all vacancies must be filled up not later than the second annual election after they occur. Scholars, if not graduates, must proceed to some degree at the regular time. The Scholarships are of the annual value of not less than £40, and not more than £100 each. Their tenure is contingent upon residence, good conduct, and application to study. It may be prolonged by the Council, if they think fit, until the Scholar is of standing to Incept in Arts, or for any shorter period.

The nine PROPER SIZARS, on Dr Dowman's Foundation 1525, have five-sixths of their Commons free, and usually hold Exhibitions. They are chosen from the other Sizars after a residence of, at least, three terms, preference being usually given to those who have distinguished themselves in the examinations, and by their conduct have obtained the approbation of the College.

In future the elections to Dowman Sizarships will be held about the end of September. The value of each Sizarship will be £30 a year for three years, or until the holder is elected to a Foundation Scholarship.

By gift from Dr James Wood, Master of the College 1815—1839, the sum of £360 is assigned annually in Exhibitions to the most deserving Students, to be called Wood's Exhibitioners,

account being taken of their pecuniary circumstances as well as of their moral and intellectual qualifications.

Under the like conditions the yearly produce of the Rectory of Cherry Marham in the county of Norfolk (about £420), the gift in 1623 of Sir Ralph Hare, is assigned to the most deserving Students, to be called Hare's Exhibitioners.

A Hughes Exhibition of the value of £35 (founded 1886 in memory of the Rev. Henry Hunter Hughes, B.D., formerly Fellow and Tutor) is awarded annually for proficiency in Biblical and Ecclesiastical History. Any undergraduate member of the College who has not already held the Exhibition may be a candidate. The Examination takes place at the time of the Annual College Examination in Theology.

The Rev. Thomas Naden, by will of 1712, left a foundation for two Divinity Studentships. By the Statutes of 1882 the number is now three. These are of the annual value of about £70 each, are open to B.A.s not of standing for the degree of M.A., and are tenable for three years from election, but not with a Fellowship. The Students are required to reside.

Mrs Ann Fry's Hebrew Scholarship, founded in 1860, of the annual value of about £32, tenable for three years from election, is open to B.A.s not Inceptors in Arts, nor of standing for the degree of M.A. In default of qualified B.A.s of the College, it is open to other B.A.s of the University. It is not held with a Fellowship. This Scholarship is, at present, in abeyance.

Four Law Studentships, founded by James M'Mahon, Esq., and dating from an Indenture of 1864, each of the annual value of £150, and tenable for four years from election, but not with a Scholarship or with a Fellowship, are open to B.A.s or LL.B.s of the College not of standing for the degree of M.A. or LL.M., who shall *bonâ fide* intend to prepare themselves for practice in the profession of the Law.

The Rev. John Robinson Hutchinson, by will of 1873, left £4000, to be applied in the encouragement of Physical or Natural Science, or in promoting the study of the Semitic or Indian languages. Two Studentships, now of the annual value of £50 for two years, were accordingly founded in 1884. They are tenable with Scholarships and are open to students of the College, engaged in any of the above studies, who are of not less than nine and not more than eighteen terms standing.

ENTRANCE SCHOLARSHIPS, EXHIBITIONS, &c.

Seven FOUNDATION SCHOLARSHIPS and four MINOR SCHOLARSHIPS are annually awarded in December by competition among persons who have not commenced residence. They range in value from £80 to £40 per annum and are tenable for two years at least. Certain Exhibitions of varying values are competed for at the same Examination. Candidates for the Scholarships must be under 19 years of age; in the case of some of the Exhibitions there is no limit of age. Candidates may offer themselves for examination

in any one or two of the following subjects: Classics, Mathematics, Natural Sciences, History, or Hebrew.

Sizars are chosen by an Examination early in Michaelmas Term in each year. Candidates may be elected for proficiency in (1) Classics (Greek and Latin Translation, with Latin Prose Composition) together with elementary Mathematics (Algebra, Geometry, Trigonometry, and Mechanics), *or* (2) Classics, *or* (3) more advanced Mathematics (including Analytical Conics and the elements of Differential Calculus), provided that, in cases (2) and (3), they shew a sufficient knowledge of the pass subjects of the Previous Examination in Mathematics and Classics respectively. In and after 1900 Exhibitions of the value of £30 per annum will also be awarded by the above Examination.

Exhibitions of the value of £30 per annum for two years are offered to the highest candidates in Classics and Mathematics respectively in the Senior Local Examinations.

Four Choral Studentships each of the value of £40 were founded in 1888. The Students take part in the Musical Services in the Chapel. Vacancies are filled up annually in May or June.

Exhibitions attached by preference to certain Schools are:

Four, £40 per annum each, tenable for three years, on Dr Dowman's Foundation 1525, for scholars from Pocklington School.

Three, £66. 13*s*. 4*d*. per annum each, tenable for three years, on Dr Lupton's Foundation 1528 and 1536, and Mr Hebblethwaite's 1589, for scholars from Sedbergh School.

One, £17. 10*s*. per annum, tenable for four years, on Mr Aston's Foundation 1577, for a scholar from Shrewsbury School elected at Shrewsbury.

One, £20 per annum, tenable till B.A. standing, by gift 1581 from Lord Burghley, for a scholar from Stamford School nominated by the Marquess of Exeter[1].

One, £10 per annum, tenable till B.A. standing, by gift 1581 from Lord Burghley, for a scholar from Westminster School, or from Hoddesden School, nominated by the Marquess of Salisbury[1].

One, £18 per annum, tenable for three years, on the Spalding and Symonds Foundations, for a scholar from Bury St Edmund's School.

Four, about £20 per annum each, tenable for four years, founded 1625 by Archdeacon Johnson, for scholars from Oakham School, or from Uppingham School.

Two, £30 per annum each, tenable for four years, on Mr Munsteven's Foundation 1640, for scholars from Peterborough School, or, in default of suitable candidates from Peterborough, from Oundle School.

Three, £40 per annum each, tenable for four years, on the Duchess of Somerset's Foundation 1682, for scholars from Hereford School.

1 A Sermon, in which the gift of Lord Burghley is to be declared, is preached annually by a member of the College at Hatfield on the second Sunday after Michaelmas Day, and at St Martin's, Stamford, on the Sunday after St Luke's Day. The Preacher presents copies of Latin or Greek Verses written by Scholars.

Two, £50 per annum each, tenable for three years, on the Duchess of Somerset's Foundation 1697, for scholars from Hereford School.

Two £50 per annum each, tenable for three years, on the same Foundation, for scholars from Manchester School.

Two, £50 per annum each, tenable for three years, on the same Foundation, for scholars from Marlborough School.

Three, £30 per annum each, tenable for four years, on Mr Baker's Foundation 1710, for scholars from Durham School.

One, £20 per annum, tenable for four years, on Mr Robins' Foundation 1721, for a scholar from Sutton Valence School.

One, £40 per annum, tenable for three years, on Dr Newcome's Foundation 1765, for a scholar from Grantham School.

Two, about £25 per annum each, tenable for four years, founded 1841 by Mr Vidal, for scholars from Exeter School elected by *ex officio* Electors.

By Stat. 32, in the case of a vacancy of an Exhibition, which is limited by way of preference to Candidates from any School, and to which the College elects, it is competent for the Council, if no Candidate of sufficient merit from such School shall offer himself, to throw the same open to competition as they may think advisable.

ANNUAL PRIZES.

A Prize of books to the value of seven pounds, founded by bequest of Dr John Newcome, Master of the College 1735—1765, is awarded in June on the recommendation of the College Lecturer in Moral Sciences, to the member of the College who has most distinguished himself in the immediately preceding Moral Sciences Tripos.

A Prize of books to the value of about five pounds was founded in 1883 by the representatives of Charles Hockin, M.A., formerly Fellow, to be called the Hockin Prize, and to be awarded annually or periodically for some branch of Physics, with preference to Electricity. This is awarded in June to the member of the College who has most distinguished himself in the above subject.

A Prize of books of the value of £3. 3*s.* in each of the three years is awarded to the writer of the best English Essay on a prescribed subject.

Examinations of students of each year are held in Mathematics, in Classics, in the Moral Sciences, in the Natural and Mechanical Sciences, in Theology, in Law, in History, and in Modern, Oriental, and Semitic Languages; and prizes of books of the value of £1. 11*s.* 6*d.* are awarded to those who distinguish themselves in these Examinations.

Prizes of books of the value of £1. 11*s.* 6*d.* are also given to students who pass the best examination in the Greek Testament; to students who in the judgment of the Hebrew Lecturer shew proficiency in the Hebrew language; and to Advanced Students who obtain a Certificate of Research.

From a bequest by Mr William Wright in 1815, a Prize of books of the value of £3. 3*s.* is awarded in each of the three years to the student who is first in the first class in any branch of study recognised in the annual College Examinations, provided he is recommended for such Prize by the Examiners.

Prizes of books were founded in 1876 by the Rev. Henry Hunter Hughes, B.D., formerly Fellow and Tutor, to be awarded one to each of the two students of the third year who have acquitted themselves best in the Examinations, all branches of study being taken into account.

The Rev. William Wilson, B.D., formerly Fellow, founded in 1817 prizes of books of the value of £4. 10*s.* for the best readers of the Lessons in Chapel, whose general good conduct entitles them to the approbation of the College.

The value of Scholarships, Exhibitions, and other emoluments, tenable by persons *in statu pupillari*, is about £6700 per annum.

The annual commemoration of Benefactors is held on the sixth day of May.

ADMISSION.

For every student desiring admission there must be sent to the Tutor under whom it is proposed to place him:—(i) A certificate of *Birth* (and a certificate of *Baptism*, if this can be obtained). (ii) A certificate of *Character*, extending down to the time of the application. (iii) The *Caution Money*, which is a deposit of £15. (iv) Evidence of *Attainments*. This may be provided by passing a College Entrance Examination in Classics and Mathematics (in January, April, August, or October), or by producing a certificate from some public Examining Body recognized by the College authorities. A Special Exemption Certificate may be obtained by students who have been at a school or college within the preceding two years, from their Head Master or House Master. The form may be obtained by application to one of the Tutors.

MAGDALENE COLLEGE.

(FOUNDED 1519.)

A Copy of the Statutes in the British Museum

MSS. SLOANE, *No.* 3644—10.

THE Mastership of this College is in the gift of the possessor of the estate at Audley End.

In this College, founded by THOMAS, Baron AUDLEY of Walden, it is declared by the new Statutes, that after the expiration of interests regulated by the previously existing Statutes, there shall be seven Fellowships on the Foundation of the College, the conditions of tenure being specified in the new Statutes.

Four of these Fellowships are denominated Founder's Fellowships, and the remaining three are denominated respectively the Spendluffe and Wray, Drury, and Millington Fellowships, in commemoration of the benefactions made to the College by Mr Spendluffe, Sir Christopher Wray, the Rev. Drue Drury, and Dr Millington.

It is also declared by the new Statutes that (excepting those Scholarships and Exhibitions, the right of preference to which is preserved by Act 19 & 20 Vict. c. 88, to particular Schools) all restrictions shall be entirely removed, and the total amount of such Scholarships and Exhibitions shall form a General Fund for open Scholarships. This fund is derived from benefactions made to the College by Dr Peckard, Mr Smith, the Countess of Warwick, Lady Anne Wray, Mr Dennis, Mr Hughes, Mr Roberts, Dr Duport, Mr Groom, and Mrs Margaret Dongworth; and is augmented from the revenue accruing to the College by the abolition of certain Bye Fellowships. The value of such Scholarships and Exhibitions varies from £30 to £60 a year, and the number offered for competition each year depends on the condition of the fund at the time.

Where the right of preference to a Scholarship or Exhibition is preserved to a particular School or to particular Schools by Act 19 & 20 Vict., such right of preference shall be limited to persons who have been educated at least two years at such School or Schools; and in case of a vacancy in such Scholarship or Exhibition, for which no candidate of sufficient merit coming from such School or Schools shall offer himself, it shall be competent for the Master and Fellows to throw the same open to general or extended competition as they think advisable.

There are four Milner Scholarships of £55 a year each, with a preference to Scholars from Leeds, Halifax, and Heversham Schools.

There are four Holmes Exhibitions of £70 a year each, for Scholars from Wisbech School, three of them tenable at Magdalene College only.

The Latimer Neville Scholarship of £40 a year, founded by the Master for the encouragement of classical study, is open to candidates from Fettes, Marlborough, Shrewsbury and Uppingham Schools.

A College Exhibition of about £35 a year, open to candidates who have not commenced residence, is in the gift of the Tutors.

The Pepysian Benefaction is in the Master's gift, and is annually bestowed by him upon poor and deserving students.

The Mynors Bright Benefaction is given annually by the Governing Body to some deserving student or students.

The Francis Pattrick Benefaction is given annually by the Governing Body to some deserving student or students.

ANNUAL PRIZES.

Books to the amount of £2. 12*s.* 6*d.* are given to students who acquit themselves well in the annual examination in Classics and Mathematics at the end of the Easter Term.

Prizes of £5. 5*s.* and £3. 3*s.* are given in Books by the Master to the Students who are the highest in the first class of the Theological Tripos and the first class of each part of the Special Theological Examination, and whose general conduct has been satisfactory.

KING'S HALL.

MICHAEL-HOUSE.

TRINITY COLLEGE.

(FOUNDED 1546.)

THIS noble and magnificent College, the Mastership of which is in the appointment of the Crown, was formed by the consolidation and extension of several earlier foundations. (1) That of Michael-house, founded in 1324 by Hervey of Stanton, Chancellor of the Exchequer in the reign of EDWARD II. (2) King's Hall, founded in 1337 by EDWARD III., in pursuance of an uncompleted plan of his father. (3) Phiswick's Hostel and Oving's Inn.

HENRY VIII. took these into his own hands, and from the revenues of the above Societies, very largely increased by himself, he founded in 1546 one spacious College, for the maintenance of a Master and sixty Fellows and Scholars, dedicating it to the Holy and Undivided Trinity. Queen MARY afterwards added twenty Scholarships, and through subsequent benefactions the foundation now consists of a Master, sixty Fellows (at the least), seventy-four Major Scholars (at the least), the Minor Scholars, sixteen Sizars (at the least), the Chaplains, the Librarian, and the three Regius Professors of Divinity, Hebrew, and Greek respectively.

The GOVERNMENT of the College is vested in a Council, consisting ordinarily of the Master, four other *ex-officio* Members, and eight elective Members in virtue of the Statutes made in accordance with the provisions of the "Universities of Oxford and Cambridge Act, 1877," and approved by Her Majesty in Council, May 3, 1882.

FELLOWSHIPS.

The FELLOWS of this Society are elected from members of the College or other Members of the University if the Council think fit. Candidates must have been admitted to the title of Bachelor Designate in Arts or to some equal title and are eligible at each of the three annual elections next after the end of three years and six months* after the beginning of the term in which they commenced residence; there is no appropriation whatsoever. Fellows so elected vacate their Fellowships after six years from election, except in the case of those who hold the more

* Or in the case of Students from Affiliated Colleges two years and six months, and in the case of Advanced Students one year and six months.

important University or College offices, or have held any such office for at least fifteen years. The College has also the power of electing to a Fellowship any Professor or Reader of the University or holder of certain College offices or any person eminent for science or learning, and can elect to an Honorary Fellowship any person distinguished by literary or scientific merits.

SCHOLARSHIPS, EXHIBITIONS, &c.

MAJOR SCHOLARSHIPS* are open to all Undergraduates of the College (except Advanced Students admitted after October, 1899) who are not of standing to take the B.A. Degree, and to persons who are not yet resident members of the University, provided that these last are under nineteen years of age. Ordinary Major Scholarships are generally tenable until the expiration of five years and six months after commencing residence. Their annual value is for a resident Undergraduate £100, and for a resident B.A. £80. Major Scholarships awarded before commencing residence are of the value of £80 a-year during residence, and are tenable for two years only, unless the tenure be prolonged by the Council, or the Scholar be elected to an ordinary Major Scholarship after commencing residence. The Examination for Scholarships is held in each year in March, and an Examination for Entrance Scholarships early in November.

MINOR SCHOLARSHIPS AND EXHIBITIONS*. Besides the Major Scholars, not less than six MINOR SCHOLARS AND EXHIBITIONERS are chosen every year at the Examination in November from among persons who have not commenced residence in the University. It has been usual to award three Minor Scholarships of the value of £75 a year and three of £50 a year, besides Exhibitions of £40 a year. The Scholarships are open to all persons under nineteen years of age. These emoluments are tenable for two years from the commencement of residence, but come to an end on the holder being elected to one of the Major Scholarships. No emoluments are paid until residence in the University has been commenced.

Exhibitions usually of the value of £40 a year are also awarded on the results of the Scholarship Examination in March and of the Annual College Examination**.

There are 16 Sizars upon the foundation. The value of a sizarship including all allowances is about £100 a year.

About 12 Sub-Sizars are admitted every year. The value of a sub-sizarship is about £35 a year †.

* Major Scholarships, Minor Scholarships and Open Exhibitions are obtainable by proficiency in Classics, Mathematics, Natural Sciences, Moral Sciences, History, or other subjects of which notice is given from time to time. Exhibitions are obtainable by Undergraduates of the College for proficiency in Theology, Law, Mechanical Sciences (Engineering), Oriental Languages, or Modern Languages.

** Advanced Students are not eligible for Sizarships or Subsizarships, or if admitted after October, 1899, for Exhibitions except under special conditions.

† Full information as to the Sub-Sizarships and the conditions on which they are granted may be obtained on application to any of the Tutors.

Candidates for sizarships may be either Sub-Sizars of the College or persons not yet members of the University who produce satisfactory evidence that they are in need of pecuniary assistance. Sizarships are awarded on the results of either of the Scholarship Examinations or of the Annual College Examination.

Three Exhibitions at present of the value of £50 a year are paid out of the trust created by Roger Jeston in 1623. They are tenable by poor students of the College with a preference for those students who are lineal descendants of members of the Haberdashers' Company or Staffordshire men who are studying or are proposing to study divinity. Subject to this preference, they are tenable by students of the College who have been admitted to the title of Bachelor designate or are qualified to be so admitted (provided that nine complete terms have elapsed since they commenced residence) and who intend to reside for another year with a view to pursue some approved line of study. The Exhibitions are tenable for one year only, but in exceptional cases an Exhibitioner may be recommended for re-election for a second year. The Exhibitions are awarded in June.

The following Exhibitions are appropriated to special schools or persons:

(i) Not more than three annually, tenable for three years from the commencement of residence, value £40 a year, to students from Westminster School.

(ii) Two Samwaies Exhibitions, value £23. 4*s.* a year: the Senior, tenable for two years, to the first Westminster Exhibitioner in each year: the Junior, tenable for one year, to the second Westminster Exhibitioner in each year.

(iii) Two, value at present about £15 a year, tenable for two years, founded by Mr Perry for scholars from St Paul's School, London. These are awarded on the results of the Annual College Examination.

(iv) One, tenable for three years, value the dividends on £1621. 3*s.* 5*d.* Consols, founded by the Rev. R. B. Podmore, for the name and kindred of the founder, or in default of such for a native of the county of Salop, educated for four years at the least at the Grammar School of Shrewsbury.

(v) One Bishop Lee Scholarship, tenable for three years, awarded by an examination held under the direction of the Bishop of Manchester. Candidates must be sons of such clergymen of the Church of England as shall, on or before the day of examination, whether as Stipendiary Curates or Incumbents, have been licensed to officiate and shall have officiated in the diocese of Manchester for a period or different periods not less in the whole than five years, and who at the time of such examination shall declare themselves to be members of the Church of England. The fund

from which this scholarship is payable is not administered by the College.

(vi) Two, one of the value of £50 and one of the value of £30, are offered by the College on certain conditions which can be obtained from the Senior Tutor (Mr W. W. Rouse Ball), to candidates selected for admission to the Civil Service of India at the Open Competitive Examination held in August. Prizes, each of the value of £10, are also given to those among the candidates who during each term of their year of probation have resided at the College and who in the "Final Examination" pass highest in (i) Arabic, or (ii) Sanscrit, or (iii) Persian, provided that they obtain at least three-fifths of the total marks given for those languages respectively.

The following emoluments are awarded for proficiency in special subjects:

(*a*) An Exhibition of £35 a year, tenable for one year during residence, is awarded to the Junior Soph who in the Annual College Examination passes the best examination in THEOLOGY provided the Examiners deem him of sufficient merit. The Examiners may recommend the Council to increase the value of this Exhibition to £50 a year in any year in which the Exhibitioner seems to them to be of sufficient merit.

(*b*) A prize for the encouragement of the study of MODERN HISTORY, consisting of the income derived from £225 Cape of Good Hope Stock given to the College by Mr E. E. Bowen, formerly Fellow. The examination for the Prize is held in the Lent Term and is in the subject of Modern History generally, no special period book or subjects being set or recommended beforehand. The Prize is open to all Undergraduates of the College in their first year of residence.

(*c*) An exhibition, value at present about £45 a year, founded in 1858 by the representatives of the Rev. Richard Sheepshanks, late Fellow of the College, for the promotion of the study of ASTRONOMY. It is tenable for three years, and open to the public competition of all Undergraduates of the University; but the person elected, if not a student of Trinity College, shall thereupon become a student of that College. The next examination will be held in the Michaelmas Term 1900.

(*d*) In the year 1871 the sum of £600 was given by Alfred John Vidil, Esq. to found a Prize for proficiency in the FRENCH LANGUAGE AND LITERATURE, to be called the VIDIL PRIZE. Also in 1877 the sum of £500 to found a second Prize was given by a French gentleman of high rank, who desires that his name may not be made known. The Prizes are adjudged triennially after an Examination held in the Lent Term, which is open to Undergraduates of the College in their first, second, or third year of residence. The next examination will be held in the Lent Term 1901.

(*e*) The late Rev. Coutts Trotter, Vice-Master of the College, founded by bequest a Studentship (called the COUTTS TROTTER STUDENTSHIP) for the promotion of original research in NATURAL SCIENCE, more especially Physiology and Experimental Physics. The studentship, which is awarded at intervals of not more than two years, is open to graduates of the college, not being Fellows, who are of not more than seven years standing from the time of commencing residence. The studentship is not awarded by Examination, and in the election regard is had more to the promise of power to carry on original work than to the amount of work already done. The student during his tenure of the studentship is to devote his time to the promotion of research and is not systematically to engage in any Educational or other work which in the opinion of the Council would hinder such research. The student receives (if the income of the endowment suffices) £250 a year, or, if a scholar, such sum as together with his scholarship amounts to £250. Provision is also made for a Reserve Fund, from which grants may be made for special purposes.

(*f*) The late Edward Henry, 15th Earl of Derby, in the year 1893 left the sum of £2000, to found a Prize or Scholarship or Exhibition. The Council have established a Studentship to be called the EARL OF DERBY STUDENTSHIP, for the promotion of HISTORICAL STUDY AND RESEARCH. The Studentship is awarded annually in the Easter Term, and is open to members of the College of not less than seven nor more than fourteen terms standing. The Studentship is tenable for one year, but a Student may be re-elected once. He receives the net income derived from the above sum of £2000.

Under the Will of Mrs. A. M. Mednyanszky, wife of Col. A. Mednyanszky, a sum of £1000 was invested in the year 1877 for the purpose of founding a Lectureship in Ecclesiastical History, to be called the BIRKBECK LECTURESHIP, in memory of T. B. Birkbeck and F. G. Birkbeck, the brother and sister of the donor. The Lectureship is tenable for two years, and is in the gift of the Council, whose choice is restricted to Graduates of Oxford or Cambridge.—Present Lecturer, the Rev. J. N. Figgis, M.A.

The late Mr W. G. Clark, Senior Fellow and Vice-Master of the College, having left his estates at Dowsgill and Bowes, in the county of York, to the Master, Fellows, and Scholars absolutely, the Council have established a Lectureship in the Literature of England from Chaucer to the present time, to be called the CLARK LECTURESHIP; the Lecturer is appointed annually with a stipend of £200 a-year. He is required during his year of office to deliver a course of not less than twelve lectures in full term, according to a scheme to be approved by the Council. Present Lecturer, Canon Alfred Ainger, M.A., LL.D.

ANNUAL PRIZES.

The Examinations in Mathematics, Classics, Moral Sciences, Natural Sciences, Theology, Law, History, and Mechanical Sciences for students in their first or second year take place soon after the division of the Easter Term. Prizes of books are awarded on the results of these examinations and of the Triposes.

The friends of the late Archdeacon Dealtry in the year 1850 founded two prizes of about fifteen guineas each to be called the Dealtry Prizes. These are given to the Freshman and Junior Soph who pass the best examination in the Greek Testament and are also awarded prizes in the College Examination or (in the case of a Junior Soph) placed in the First Class in one of the Tripos Examinations.

Twenty-five pounds are given annually in Greek Testament Prizes to not fewer than five Freshmen or Junior Sophs not being Dealtry Prizemen.

Dr Paris left a prize of £4 for the best *Latin Declamation*. The College sometimes adds a second prize if the Examiners so advise.

Dr Hooper left three silver goblets as prizes, one of £20, the other two of £10 value each, for the three best *English Declamations*.

A prize of £10 left by Mr Greaves of Fulbourn is awarded for an Essay on some subject connected with the History of the British Empire.

Three Prizes are given by the College, for the best compositions in *Latin Verse*, in *Lyrical*, *Heroic*, and *Elegiac metres*: a subject is proposed at the beginning of each term, and a prize is awarded to the author of the best Exercise in each subject. An additional prize is awarded if there be a second Exercise of especial merit on any of the subjects. The Prize in two of the three terms may be offered, at the discretion of the Head Examiner, for the best Translation of a passage from English into Greek or Latin Prose or Verse.

The best Reader in Chapel receives a prize of £4, the second a prize of £2, at the discretion of the Senior Dean.

A prize has been instituted by the College for the best *English Essay* on some Literary, Moral, or Antiquarian subject.

Dr Walker left a rent-charge of £10 for one or more poor Scholars, who shall appear to the Master, Vice-Master, and Senior Dean, most deserving at the time of taking the Bachelor's degree.

One or more similar Prizes, of £10 each, are given annually from a Fund contributed by the Rev. W. C. Mathison, late Vice-Master of the College.

The Rev. E. Yeats founded two Prizes of ten pounds each, to be given in Books; one to the Scholar on the Foundation who

shall stand highest in the Mathematical Tripos; the other to the Scholar who in the opinion of the Master, Vice-Master, Deans, and Head Examiner, shall have most distinguished himself for general regularity of conduct.

A Prize founded by Archdeacon Wrangham in the year 1842 and augmented by the Rev. Peter Leigh in 1849 is given every year to a Bachelor of Arts who shall have obtained a First Class in one of the Annual College Examinations and also a First Class in either part of two different Triposes.

EMMANUEL COLLEGE.

(Founded 1584.)

The original Statutes and the Founder's Copy are in possession of the College.

This College was founded by Sir Walter Mildmay, Chancellor of the Exchequer and Privy Councillor in the reign of Queen Elizabeth, and is now governed by Statutes confirmed by Order of the Queen in Council, 3 May, 1882, and amended in 1893 and 1898. The Foundation consists at present of the Master, fourteen Fellows (who shall be either Senior or Junior Fellows), and twenty-six Scholars. The Junior Fellowships are tenable for six years from the date of election, and are open to all Graduates of the University of Cambridge or of Oxford. The Senior Fellowships are tenable generally so long as the persons elected hold any one of the following qualifying offices of the University, viz.: Professor, Reader, Orator, Librarian, Registrary, or any one of the following qualifying offices of the College, viz.: Dean, Tutor, Bursar, Assistant-Tutor, Lecturer. Besides persons holding any one of these offices any person eminent in Theology, Literature, or Science is eligible to a Senior Fellowship. One of the Senior Fellowships is appropriated by Statute to the Dixie Professor of Ecclesiastical History. After a certain length of tenure, depending in each instance on the qualifying office, a Senior Fellow becomes entitled to hold his fellowship for life.

The portion of the Corporate Income assigned to the Scholarship Fund is defined by Statute. The Foundation Scholarships at present constituted are

Two Scholarships of £80 per annum.
Two ..... £70 .....
Eight ..... £60 .....
Fourteen..... £40 .....

In cases of special merit the values of any of these Scholarships may be increased by grants from funds arising from vacancies of Scholarships or otherwise. The Governing Body may from time to time suspend the election to any Scholarship for such time not exceeding two years as they shall deem expedient.

There are also [three] Scholarships on the foundation of Dr Thorpe. These Scholarships are awarded to students of not less than three terms standing, with preference in favour of Students who shew proficiency in Theology. They are tenable with any one of the above-named Scholarships on the College Foundation.

In addition there are the following Scholarships and Exhibitions with preference in favour of Candidates from certain Schools, viz.:

No.	By whom founded.	Value.	Preference.
4.	Archdeacon Johnson	£20 per annum	Oakham and

No.	By whom founded.	Value.	Preference.
2.	Mr Ash	£50	Derby and Ashby de la Zouch.
1.	Dr Smith	£16	Durham and Newcastle.
3.	Sir Wolstan Dixie	£30	Market Bosworth.

Besides these there are other Exhibitions arising from accumulations from vacancies which are applied to the encouragement and assistance of deserving students.

Scholarships are usually awarded to resident members of the College after the College Examinations in the Lent and Easter Terms, and are tenable till B.A. or with special permission of the Governing Body for a further period, but in no case beyond M.A.

Scholarships (tenable in the first instance for not more than two years) are also annually offered for competition to Candidates (under nineteen years of age) who have not commenced residence. One Scholarship of £80, two of £60, and three of £40 will be offered for competition at an examination to be held in the month of December, 1900.

There is a Studentship of the maximum value of £120 for the encouragement of advanced study and research. It is tenable with a Scholarship, but if the Student is also a Scholar, the value of Studentship and Scholarship together will not exceed £120. The Student may have permission to reside at a foreign University or other approved place of study.

In the disposition of the Fellowships, Scholarships, &c. of the College, distinction in any branch of study encouraged by the University will be fully recognized.

There are two Subsizarships of the value of about £30 open to Candidates who have not commenced residence and tenable for one year, and four Sizarships of about £45 tenable for two years. Application for a Subsizarship must be made to the Master.

There are also three Exhibitions of the value of £40 a year tenable by students at the Cambridge University Day Training College.

For particulars as to the conditions of Admission to the College, application should be made to the Master.

DOWNING COLLEGE.

(Founded Sept. 22, 1800.)

The Charter and Statutes are printed.

The sole founder of this College was Sir George Downing, Bart.,[1] of Gamlingay Park, in this county; who, by a Will, dated 20th December, 1717, devised his estates in the counties of Cambridge, Bedford, and Suffolk, first to Sir Jacob Garrard Downing, and afterwards to other relations in succession, and in failure thereof, to build and found a College in this University, upon a plan to be approved by the two Archbishops and the Masters of St John's and Clare College. This direction was the reason for giving them the power which they possessed in elections and other matters, by the original Charter and Statutes.

Sir George died in 1749, and Sir Jacob in 1764, and (the other devisees having previously died without issue) upon this event the foundation ought immediately to have been carried into execution. But the estates were in the possession of Lady Downing, and afterwards of her devisees, without any real title; and when the University sued in Chancery for the establishment of the College, the party in possession resisted the suit in that court. In 1769, a decree was obtained in favour of the foundation.

The persons named as trustees in the Founder's Will having died in his lifetime, the execution of the trusts devolved upon the heirs at law: who after combating a long series of opposition and litigation, and overcoming obstacles of various descriptions, preferred a petition to the Crown for a Charter; and at length, in 1800, the Privy Council decided to recommend the foundation to his Majesty.

On the 22nd of September, 1800, the Great Seal was affixed to the Charter by Lord Loughborough. By this Charter the College was incorporated with the University; was endowed with all the privileges of the same, and with all the estates devised by its Founder; and also with the power of holding landed property in addition to the value of £1500 per annum.

1 He was installed a Knight of the most Honourable Order of the Bath, June 30, 1732.

The members appointed in the Charter, for the purpose of taking possession of the estates, administering the revenues, superintending the building of the College, and for the other necessary purposes were

Francis Annesley, LL.D. *Master*,
Edward Christian, M.A. and Barrister, *Law Professor*,
Busick Harwood, M.D. *Professor of Medicine*,
John Lens, Sergeant at Law, and M.A.,
William Meeke, Barrister, and M.A., } *Fellows.*
William Frere, B.A.,

The first Statutes were framed in 1805. In 1860 new Statutes were given by the University Commissioners under the provisions of 19 and 20 Victoria c. 88, and in 1882, revised Statutes under the provisions of the Oxford and Cambridge Universities Act, 1877. According to these Statutes the College shall consist of a Master, two Professors (one of the Laws of England, and one of Medicine), of at least six Fellows, and of at least six Scholars.

The Master, who is elected by the Professors and Fellows, must be a Master of Arts, Master of Laws, Doctor of Medicine, or of some superior degree in the University, and of not less than thirty years of age.

The Professors are elected in accordance with the provisions of the Statutes of the University for Elections to certain Professorships, the Electors being the Board of Electors defined by that Statute, together with the Master if he be not a Candidate. The Law Professor must be, at the time of his election, a Graduate in Law or Arts of one of the English Universities of ten years' standing from his matriculation, and also a Barrister-at-Law. The Medical Professor must be, at the time of his election, a Graduate in Medicine of one of the Universities of the United Kingdom, and of not less than twenty-five years of age. The Professors have by the Charter the same privileges, franchises, and liberties as any Professor in the University, and are bound to read a course of lectures in their respective faculties, on the usual terms upon which public lectures are given. They are capable of holding any of the lay offices in the College.

Candidates for Fellowships must have taken a degree in Arts, Law, or Physic in one of the Universities of Cambridge or Oxford. The electors are the Members of the Governing Body. The Fellowships are tenable for seven years from election, provided that no year in which a Fellow shall have been engaged during two terms in College work shall be reckoned in his term of seven years, and provided also that any Fellow who has held the office of Tutor during twenty-five years shall be entitled to retain his Fellowship for the rest of his life.

A Fellow vacates his Fellowship by election to a Professorship of the College, by becoming a Foundation Member of any other College in any University in the United Kingdom, or by institu-

tion to an Ecclesiastical benefice in the gift of the College, the net annual value of which is not less than four hundred pounds.

Provision is made for one or two Chaplains according to the circumstances of the College, the right of appointment being vested in the Governing Body.

SCHOLARSHIPS.

The foundation Scholarships are worth not less than £50 per annum, with the addition, in some cases, of rooms rent free and an allowance for commons. Foundation Scholarships are tenable *at least* until the holder be of standing to take the degree of Bachelor of Arts.

The Minor Scholarships are worth £50 per annum, and tenable until their holders are of standing to compete for a Foundation Scholarship.

Prizes of books are given to those Students who most distinguish themselves at the annual Examination in the Easter Term.

The late Mr John Bowtell, of Cambridge, who gave by his Will a considerable property to charitable uses, bequeathed to Downing

College a collection of books, manuscripts, fossils and antiquities, with a request that the book-cases containing them might be placed in the college library. Among the manuscripts is a History of the Topography and Antiquities of this town, prepared for publication by Mr Bowtell.

MEMBERS OF THE SENATE NOT ON THE BOARDS OF ANY COLLEGE OR HOSTEL

THE privilege of being a member of the Senate without being on the boards of any College was formerly granted only to residents in Cambridge, *Commorantes in villa;* but it has been extended by the new University Statutes to all persons qualified to be Members of the Senate, that is, to all Masters of Arts and Law, and Doctors in Divinity, Law, and Medicine, who have had their names consecutively on the boards of their College, or who have paid up all the back fees, which have been unpaid while their names were not on the boards.

Every such person has a vote in the Senate and the use of the University Libraries, Museums, &c. The University dues are four shillings and threepence a quarter, which sum is paid by all members of the University from the date of admission.

These payments are made through the College, as long as a person's name is retained on his College boards: but those persons who form the present list pay direct to the Registrary, usually in one annual sum of seventeen shillings every Michaelmas.

In case any person wishes to have his name placed on the University Register, whose name has for any period since his first degree been removed from the boards of his College, he must furnish to the Registrary a certificate, signed by the Master of his College, that his name has been removed from the boards, with the date of the removal, and that up to the time of such removal all the University dues have been paid. As soon as he has paid all arrears (but not until then), his name can be placed on the Register: and as soon as this is done after the completion of his Master's degree, he acquires the right of voting; if he restores his name after having removed it, 180 days must elapse after his admission to the Register before he acquires the right of voting.

In the following list, the names are arranged according to seniority, under the highest qualifying degree. Where any person has graduated in more than one faculty, it is so stated; and the name of the College is added to which every one formerly belonged

LAWS AND BYE LAWS
OF THE
CAMBRIDGE PHILOSOPHICAL SOCIETY.

The Cambridge Philosophical Society was established November the 15th, 1819, for the purpose of promoting scientific inquiry, and of facilitating the communication of facts connected with the advancement of Philosophy and Natural History; and became a Body Corporate by virtue of a Charter granted by His late Majesty King William the Fourth. This Charter, bearing date the 3d day of August, 1832, was formally accepted by the Society at a general Meeting held after due notice for that express purpose, Nov. 6th, 1832.

The meetings of the Society are held in one of the new Lecture Rooms, and its Library kept in a room in the Museums building.

ABSTRACT OF THE LAWS
PRESCRIBED BY THE CHARTER.

IT is expressly provided by the Charter—

1. That the Society shall consist of such Graduates of the University as were then Fellows thereof, or shall at any time become Fellows thereof, agreeably to the Bye Laws of the Society.

2. That there shall always be a Council to manage the concerns of the Body Corporate, and that the said Council consist of a President, three Vice-Presidents, one Treasurer, not more than three Secretaries, and not more than twelve nor less than seven other Fellows, to be elected out of the Fellows of the said Body Corporate.

3. That General Meetings of the Body Corporate shall be held once in the year, or oftener; for the purpose of electing the Officers and Council of the Society, and determining the period of their continuance in office; and also of enacting such Bye Laws as may seem useful and necessary for the regulation of the said Body Corporate—for fixing the days on which the ordinary Meetings of the Society shall be held—for determining the mode in which Fellows and Honorary Members shall be elected, admitted, or expelled—and for managing the affairs of the said Body Corporate.

4. That the Fellow who has filled the office of President for two successive years shall not be again eligible to the same situation until the expiration of one year from the termination of his office.

5. That it shall be lawful at the General Meetings of the Body Corporate to alter or revoke former Bye Laws, and to make such new Bye Laws as they shall think good and expedient.

6. That no such General Meeting shall (without the consent of the Council) have the power of altering or repealing any Bye Law or making any new one, unless the Fellow or Fellows of the Society desirous of altering or repealing any Bye Law or of making any new one shall have given to the Council one month's previous notice of such his or their intention.

7. That no Bye Law shall on any pretence whatsoever be made in opposition to the true intent of the Charter, the Laws of the Realm, or the Statutes of the University of Cambridge.

8. That the Council shall (in conformity with the Charter and Bye Laws of the Society) have the sole management of the Funds and affairs of the Society, and do all such acts as shall appear to them necessary to carry into effect the objects and views of the Body Corporate.

9. That the whole property of the Body Corporate shall be vested in the Fellows thereof: but that no disposition of any lands, tenements, or hereditaments belonging to the said Body Corporate shall be made except with the approbation and concurrence of a General Meeting.

2. The election of the Officers and new Members of the Council shall be made by means of Balloting Lists. Each List shall consist of the names of those Fellows who are suggested by the Council for election as Officers and as New Members of Council, and shall have a blank column opposite to the names for such alterations in them as any Fellow may wish to make.

3. The Balloting Lists shall be prepared by the Council, and printed and sent under the direction of the Secretaries to the Fellows of the Society resident in Cambridge, at least three days previous to the Annual General Meeting.

THE CAMBRIDGE PHILOSOPHICAL LIBRARY.

In 1881 the use of the Library of the Cambridge Philosophical Society was offered to the University on condition that the books were deposited in the large room on the ground floor of the central block of the New Museums, and that the University made provision for the services of a Librarian for the proper custody of the books and the keeping of a catalogue. The offer was accepted (Grace, June 2, 1881) and the library placed under the management of a Committee, who have issued the following rules:

1. The Library shall be called the Cambridge Philosophical Library.

2. The Library shall be open, during term, from nine to one, and from two to six; and during vacation, according as the Committee may from time to time determine.

3. The Library shall be open to all Fellows and Associates of the Cambridge Philosophical Society; to all Professors, Demonstrators, Curators, and Teachers recognised by the University; and to all Students certified by any of these Officers; all of whom shall be permitted to use the books of the Library within the buildings of the New Museums.

4. No book shall be taken out of the buildings of the New Museums, except *by Fellows of the Philosophical Society* and by Associates who have received special permission from the Council of the Society; and by them only for a time not exceeding fourteen days; provided that any book which has been borrowed for five days may be recalled to the Library upon notice being given to the Librarian that the book is wanted. A fine of 1s. per volume per day will be incurred by the holder of books so recalled which are not returned within forty-eight hours of the time when the notice of recall was sent from the Library.

5. Books marked '*not to be taken out*' shall not be removed from the buildings of the New Museums; provided that books so marked may be taken out, *by Fellows of the Philosophical Society*, during the last hour in any day on which the Library is open; and that they be brought back during the first two hours that the Library is next open.

6. All portions of volumes which are not bound or placed on the shelves shall be included among those '*not to be taken out.*' Of all other books so marked a list shall be kept by the Library Clerk.

7. No book shall be borrowed from the Library under the above Rules, without a written order sent to the Library Clerk, or an entry made in a register to be kept for the purpose.

8. No book shall be allowed to remain out of the Library more than fourteen days, under a penalty of one shilling a volume; the penalty to be repeated every week until the book be returned.

9. Any person from whom a fine is due shall be excluded from the Library.

10. Books presented to this Library shall be deemed the property of the University, unless specially given to the Cambridge Philosophical Society; but they shall all be subject to the above Rules.

LAWS.

I.—THIS Society shall be called "THE CAMBRIDGE ANTIQUARIAN SOCIETY."

II.—The object of the Society shall be to encourage the study of History, Architecture, and Antiquities, especially in connection with the University, Town, and County of Cambridge; to meet for the discussion of these subjects; to print information relating to them; and to collect antiquities or promote their preservation *in situ*.

III.—The subscription of each Member of the Society shall be One Guinea annually, which shall be due on the first day of January in each year; payment of this sum shall entitle a member to all the publications of the Society issued during that year. A member elected before the first day of July in any year shall be liable to pay the subscription for that year.

IV.—A Member shall be allowed to compound for all future annual subscriptions by one payment of Ten Guineas; or, after the payment of fifteen annual subscriptions, by a payment of Five Guineas.

V.—If the annual subscription of any member be twelve months in arrear, the Treasurer shall make application for it; and if it be not paid within one month, a second application shall be made for it; and if it be not then paid within one month of such second application, such member shall cease to receive the publications of the Society until all arrears are paid. If the said subscription be still unpaid at the expiration of two years from the time when it became due, it shall be in the power of the Council to remove the name of such member from the list of the Society, and in that case the Secretary shall inform him of the fact. A member shall not be considered as having ceased to belong to the Society until he shall have received such notice or shall kave given notice of resignation in writing to the Treasurer or Secretary.

VI.—No member whose subscription is in arrear, and has been applied for according to Law V, shall be entitled to vote at any meeting of the Society.

VII.—Any person desirous of joining the Society must be proposed by two members of the Society, and his or her name, with the names of the proposer and seconder, shall be sent in writing to the Secretary. The application shall be considered at a meeting of the Council, and shall be voted upon at the meeting next ensuing.

VIII.—Names for election to Honorary Membership of the Society shall be proposed in the same manner as in the case of ordinary members, and provided the sanction of the Council be given, they shall be voted upon at the Annual General Meeting of the Society. Honorary Members shall have all the privileges of ordinary members.

IX.—No person shall be declared elected who shall not have received the votes of at least three-quarters of the members present and voting.

X.—The management of the affairs of the Society shall be vested in a Council, consisting of a President, three Vice-Presidents, a Treasurer, a Secretary, and not more than twelve nor less than seven other members, to be elected from amongst the members of the Society. Each member of the Council shall have due notice of the meetings of that body, at which five shall constitute a quorum.

XI.—The President, the senior Vice-President, the Treasurer, the Secretary, and the three senior ordinary Members of the Council shall retire annually. The President shall not be eligible for the office of President for more than two successive years. The retiring Vice-President shall not be eligible for re-election to the office of Vice-President. The retiring ordinary Members of the Council shall not be eligible for re-election as ordinary members of the Council.

XII.—The President, one Vice-President, the Treasurer, and the Secretary, and at least three ordinary Members of the Council, shall be elected annually by ballot, at the Annual General Meeting which shall be held in the month of May.

XIII.—Three weeks prior to the Annual General Meeting, the Council shall issue to every member of the Society a list of the members whom they nominate as Officers and new Members of the Council for the ensuing year. Any seven members may nominate any other members as Officers or Members of the Council by delivering such nomination to the Secretary

not less than two weeks prior to the Annual General Meeting. The said list with such added names shall constitute the voting list for the election and shall be issued to every member one week prior to the Annual General Meeting. The names of all candidates for the same post shall be printed in alphabetical order.

XIV.—In case of a vacancy occurring at any other time among the Officers or Members of the Council, such vacancy shall be filled up by the Council, and the member so appointed shall hold office until the next Annual General Meeting.

XV.—At the meetings of the Society or of the Council the Chair shall be taken by the President, or, in his absence, by the senior Vice-President, the Treasurer, or senior ordinary Member of the Council then present. In case of an equality of votes, the Chairman shall have a casting vote in addition to his ordinary vote.

XVI.—The accounts of the receipts and expenditure of the Society shall be audited annually by two Auditors, to be elected at the Annual General Meeting; an abstract of such accounts shall be printed for the use of the members.

XVII.—The Society shall meet once at least during each term; the place of meeting, and all other arrangements not specified in the Laws, shall be left to the discretion of the Council.

XVIII.—No alteration shall be made in these Laws, except at the Annual General Meeting or at a Special General Meeting called for that purpose, of which at least one week's notice shall be sent to all the members at their last known place of abode. Provided that the Council shall have power to alter or suspend any Law by giving two weeks' notice to all the members of the Society at their last known place of abode, and such alteration shall be in force until the next Annual General Meeting; unless a requisition signed by not less than seven members of the Society be sent to the Secretary, in which case the Council shall summon a Special General Meeting to consider the proposed alteration.

It is requested that all Communications intended for the Society and the names of Candidates for admission, be forwarded to the Secretary, S. Mary's Passage.

9.—The general direction of the Society shall be committed to a Council, consisting of a President, three Vice-Presidents, a Treasurer, two Secretaries, and not more than twelve nor less than seven other Members. Each Member of the Council shall have notice of the meetings of that body, at which not less than five shall constitute a quorum.

10.—All questions involving extraordinary expenditure shall be submitted to the Society at one of its general meetings.

20.—Any proposed change in these laws shall first be submitted to the Council, and, if approved of by them, to the Society at one of its general meetings.

21. No law shall be altered or repealed, and no fresh law enacted, without the concurrence of at least two-thirds of the members voting.
